PRINTED BY JOHN MURPHY & CO.

182 BALTIMORE STREET.

1885.

NOTICE.

In again presenting my Spring Catalogue, I do so with much pleasure, having added largely by importation of everything new and valuable among the various classes.

The prices at which some of the new plants are offered, may appear high to persons unacquainted with the importation of these articles. For such I have to pay high prices in Europe, adding freight, risks, &c., to justify which when first offered, the price should be proportionate—though I make it at the lowest possible rates, and as stock increases the price is reduced. Older and standard varieties are offered at my usual very moderate rates.

The description of the new plants are those of the parties who sent them out.

When selections are left to me, the very finest varieties will be sent, and the most vigorous plants.

After over thirty years' experience in packing and forwarding plants to distant countries, I flatter myself I can pack both economically and safely for any distance.

No charge is made for boxes or packing.

Single plants, bulbs, &c., will be mailed free; but when ordered by the dozen or hundred, the single price or a sufficient amount must be remitted to cover postage. On their reception they should be potted and placed in a frame or green-house to recover the effects of the journey. To Florists and Nurserymen who wish new plants, the mail offers the greatest facility for obtaining such, as they know how to care for them on their arrival. Amateurs who have no means of caring for plants after a journey through the mail, as well as all persons requiring a considerable quantity of plants of a larger size, had better have their orders by express. If left to me, I will forward in such a way as I deem best for the purchaser.

In all orders by express, good plants are added in proportion to the value of the order or distance. Persons getting up clubs will be liberally rewarded with choice plants in proportion to the amount remitted.

Orders intended for mailing should be accompanied with a remittance, but in express orders the purchaser may remit, or the article will be forwarded C. O. D. at his option.

In making out orders, keep plants and seeds separate—it saves us much time at our busy season.

Write your name plainly; give post-office, county and State, whenever you write, no matter how frequently.

In all letters of inquiry, it is well to leave a blank space between each question for an answer; this facilitates a reply in the busy season, when my correspondence is very heavy.

Please use the order sheet, or in a list apart from the body of the letter. This much facilitates business and prevents errors. In making out orders please affix prices, that I may know the size of plants required.

Customers who fail to receive a catalogue in due time, will please inform me of the same, that a copy may be sent, as catalogues are frequently lost in the mails.

I charge for plate with catalogue to applicants who have not previously purchased, but when, however, orders are subsequently sent, the price of the catalogue will be allowed.

This catalogue annuls prices in all former issues.

JOHN SAUL.

January, 1885.

Etoile des Roses , very fine trusses of delicate rose, centre white, very distinct.....	50	Khediye , Delicate rosy flesh, shaded with white; good habit and profuse bloomer.....	25

	Each.		Each.
Mme. Ed. Andre, immense trusses, color bright salmon; a grand flower.....	50	Sirene, very large finely formed trusses; color pure white, very fine.....	50
Thibaut et Keteleer, very large trusses, color rich vermillion, bordered with salmon, very distinct.....	50	Sir Garnet Wolseley, magnificent trusses of a rich salmon, edged with rose; a very fine variety.....	30
Orange Perfection, enormous trusses, color orange vermillion, magnificent.....	50	Soleillet, dwarf compact habit, flowers large, of a rich violet lake; very distinct and good.....	25
		The above 21 new and beautiful varieties for \$7.00.	

NEW ZONALE AND NOSEGAY GERANIUMS.

Cameleon, creamy white, blotched with rose and peach color.....	50	M. W. Barker, immense trusses of fine large flowers, crimson, fine.....	50
Commodore, grand trusses, flowers satiny rose, upper petals margined with white.....	25	Madrigal, very large umbels, finely formed, color brilliant rose; very beautiful.....	25
Dante, fine shape and truss, under petals solferino and violet; upper petals bronzy orange.....	50	M. Felix Masure, fine truss, lower petals violet; upper petals vermillion; fine.....	25
Daphne, carmine vermillion, upper petals spotted. A nice flower.....	50	Niphetos, a hybrid Nosegay, the purest white ever offered, and never under any circumstances becomes tinted with pink, enormous trusses, habit robust and dwarf, and free flowering.....	40
Graziella, grand umbels, finely shaped; color a bright rose and apricot.....	50	Princess Stephanie, an exceedingly dwarf variety; color lilac pink, very free flowering.....	25
Godefroy Cavaignac, very large trusses, color purple scarlet, large white centre.....	25	Professor Henneberg, rosy salmon, crimson centre; very distinct and fine.....	25
Kieker, enormous trusses, of a rich violet crimson, tinted with scarlet; a brilliant and very beautiful flower.....	30	Perle Von Bonyhad, very large trusses, color rich crimson, with white eye.....	50
Lilian Smith, immense truss, color bright scarlet, remarkably free flowering.....	30	Robert Bloomfield, very fine salmon, with a white eye. A handsome flower.....	50
La Foudre, fine truss, color rosy crimson, veined with purple.....	50	Shakespeare, fine truss, color rich solferino, with white eye, very fine.....	50
La Purite, finely formed trusses, of the purest white.....	25	Sœur Pauline, enormous umbels, salmon rose, with a white eye, extra.....	50
L'Egypt, enormous trusses, and grand and effective variety.....	25	Tel-el-Kebir, enormous trusses of the finest form; color crimson magenta; very beautiful.....	30
Macbeth, very grand trusses, flowers of the richest carmine, with a white eye, fine bedder.....	50	White Distinction, fine truss, compact habit, flowers purest white.....	25
Mme. Poinsonign, grand umbels, color rich rose, upper petals marbled lilac.....	50	The above 26 new and beautiful varieties for \$9.00.	
M. Joseph Smith, enormous trusses, color violet.....	50		

NEW REGAL PELARGONIUMS.

This name is applied to that magnificent group of Pelargoniums the flowers of which are of large size, very rich and showy; a few are double, and although the others are not really double, yet from their fulness of form and the extra number of petals, they have the appearance of being so.

Beauty of Oxtou, the upper petals are of a very rich maroon, darkly blotched; under petals very dark crimson, shaded with maroon; light centre; all the petals margined with white and beautifully fringed.....	50	Mme. Gustave Henri, see Novelties, p. 3.	
Captain Rakes, the trusses are large, whilst the individual flowers are large and full, upper petals deep fiery crimson, flaked with purplish black and bordered with carmine; lower petals clear, bright, fiery, crimson.....	50	Mrs. John Saul (colored plate in 1878), this beautiful flower, which originated in our establishment, we consider one of the very best in cultivation. The habit is compact and very free flowering, producing large trusses of charming flowers. The color is a rich glowing vermillion, with light centre and light margin to the petals.....	50
Duchess of Bedford, one of the most useful. Its blossoms are of the purest white, prettily fringed, with a feathered spot of delicate rose in the upper petals. Its habit is dwarf and compact.....	50	Madame Evard, a most distinct variety; the flowers are very full, with beautiful crispy petals of an exceedingly bright purplish crimson color, richly spotted with dark maroon.....	50
Dr. Masters, a splendid variety. The trusses are large and in great profusion; it is semi-double, the upper petals having large black blotches in the centre, with a narrow margin of rich crimson, the lower petals having a smaller blotch.....	50	Mme. Bouchardet, a beautiful double flower, white, centre of petals purple; rich, extra.....	50
Elegantissimum, a beautiful variety, with large crispy semi-double flowers, of a rich vermillion color, all the petals broadly margined with white.....	50	Maid of Kent, an attractive variety, of neat dwarf habit and extremely free blooming; the flowers are pure white, with bright rose-colored spots on all the petals, which are beautifully undulated and fringed.....	50
Le zo Fevrier, in the style of Prince of Pelargoniums; color brilliant orange vermillion blotched with maroon on upper petals, lower petals light color, nicely fringed, magnificent.....	50	Rose et Blanch, a grand flower, white, with rose blotches, fine.....	50
Madame Thibaut, white, richly blotched and marbled with rose; the upper petals marked with crimson maroon; large white centre; immense trusses of very large fine flowers, with undulated petals.....	50	Striata Elegans, this is one of the large flowered exhibition group of Pelargoniums. The flowers are a magenta rose, being flaked or barred with elegant blue mauve, the top petals have a black feather-like plume, unique in its combination of colors.....	50
		Theophrasta, a very beautiful Pelargonium, flowers double crimson, freely produced; a very desirable variety.....	50
		Ville de Caen, a very novel variety, of a scarlet maroon color; very large pips.....	50

PELARGONIUMS.—New Varieties with Fringed and Striped Petals.

Anna Pfitzer, upper petals rich carmine; lower petals amaranth, light centre.....	50	Geant des Batailles, bright crimson, very dark blotch.....	50
De Brazza, carmine rose, white centre, deep maroon blotch; very fine.....	50	Goelette, violet salmon, bordered with carmine, dark blotch, extra.....	50

	Each.		Each.
John Bright	50	Miss Mary M. Saul (<i>Saul</i>), this beautiful new flower originated in our establishment. It is compact, good habit, very free flowering, trusses large and finely formed; color deep rich crimson, dark blotch, smooth edge; a lovely flower. This is a strikingly rich and beautiful variety; from its fine habit, profuse blooming qualities, rich, distinct color, places it as one of the finest market plants possible.....	50
Lapis Lazuli , another of those beautiful frilled French Pelargoniums; color bluish white with scarlet belted blotched, elegantly frilled like Dr. André, equally beautiful with the others described, neat habit, early and profuse bloomer.....	50	Miss Rosina M. Saul (<i>Saul</i>), another of our beautiful new Pelargoniums, of excellent compact habit, free growth and profuse bloomer; fine trusses; color upper petals crimson, with dark blotch; lower petals light crimson; centre white, all beautifully reticulated with crimson, slightly frilled.....	50
Lucie Lemoine , a chaste and beautiful new flower, grand umbels of purest white flowers, perfect form and shape, fine, compact, vigorous habit. This magnificent and distinct flower will be extensively grown.....	50	Princess of Wales , very handsome, with elegant frilled petal margins, in the style of Dr. André, flower trusses large size, ground color pure bluish, each petal alike marked with a rich dark velvet crimson scarlet margined blotch.....	50
Mad. Vibert , fine black maroon blotches, bordered fiery red, the flower entirely edged with rose, vigorous grower, fine habit and free bloomer; a grand flower.....	50	Panorama , violet, dark blotch.....	50
Marie Lemoine , a very beautiful variety, large truss and flower, color white, beautifully fringed; in the way of Empereur des Pelargoniums, but of much finer form and greater substance; extra fine	50	Queen of Stripes , the flowers are of good outline and substance, petals overlapping, color elegant bluish white, the petals being finely striped or barred with brilliant carmine-rose, each of the upper ones being marked with crimson lines surmounted with an intense crimson blotch.....	50
Miss Teresa M. Saul (<i>Saul</i>), in habit similar to our two preceding, and of free growth and profuse bloomer; beautiful trusses; color of upper petals orange vermillion, with dark blotch; lower petals lighter shade, centre white. The colors of this fine variety are exceedingly bright and distinct.....	50	Reticulatum	50
Mrs. Potten , this is a charming variety; habit good and compact, trusses large, finely formed; color purest white, with very dark blotches. Received a first class certificate from the Royal Horticultural Society of London.....	50	Zenith , beautiful carmine rose, lower petals white blotched and veined with purple.....	50

DECORATIVE PELARGONIUMS.

The varieties here offered are largely grown for Covent Garden Market, London.

Decorative Pelargonium F. A. Dickson , bright, fine habit, profuse bloomer, a very fine variety, 50	Decorative Pelargonium, Mrs. H. Buck	50
Integrity , very free compact habit, free bloomer, color orange scarlet, white centre, purple blotch.....	Miss Maller , a very beautiful decorative plant....	50
Lady Isabel , a beautiful mauve with puce spots all round.....	Miss Weatherill , a fine habit and free bloomer....	50
Mabel , dark maroon top, narrow edge, a heavily painted flower, fine free habit and bloomer....	Mermeris , free, but compact habit, an early and profuse bloomer, rosy crimson, light centre, purple blotch, fine pot plant.....	50
	Scarlet Gem , very bright crimson scarlet, with light margin, fine free habit, early and profuse bloomer.....	50

NEW PLANTS.

*NEW TUBEROUS ROOTED GRAPE VINE.

A recent introduction, consequently not fruited or tested; as it comes from a warm climate—Cochin China—we may infer it will require heat to succeed. Ready in April.

*ANTHURIUM FERRIERENSE.

A splendid hybrid obtained from *A. Ornatum* and *A. Andreanum*. The slender, erect foot-stalks of the leaves support a fine, bright green heart-shaped expansion, fully twelve inches long and six inches broad. The scape is stout and erect, attaining a length of twenty-four to thirty inches. The spathe, which is remarkably showy and attractive, is of cordate form five to six inches across of a bright, rosy carmine, without any of the reticulated corrugations characteristic of *A. Andreanum*. The spadix is about five inches long, ivory-white to two-thirds of its length, with the upper third fawn color.

It has received a first-class certificate, R. H. Society, London; a certificate of merit, R. B. Society; and medals at various continental exhibitions.

NEW DIEFFENBACHIAS.

***Dieffenbachia Jenmanii**, it is a plant of free growth, the leaves are from 10 to 12 inches long and from 3 to 4 inches wide, with a prominent broad midrib, from which the lateral nerves branch obliquely and symmetrically on each side. The ground color of the leaves, a rich bright glossy green, is relieved by a milk-white band at every lateral nerve and by a few white spots interspersed between the bands. The bands and spots are semi-transparent so that the foliage has the same variegated appearance when viewed from beneath as from above.

The stately aspect of the plant together with its striking variegation, renders it one of the handsomest of Stove variegated plants. "One of the most striking new foliage plants that has come under our notice."—*Gardener's Chronicle*. "A very handsome new species and a real acquisition."—*The Garden*.....

3 00

***Dieffenbachia Magnifica**, a truly magnificent plant, vigorous, distinct and fine habit; with large green leaves spotted and marked with pure white. One of the finest Dieffenbachias... 2 00

*YUCCA FILAMENTOSA AUREO-VARIEGATA.

This is one of the most ornamental of Yuccas with colored foliage yet introduced. It is distinguished from the normal form by the middle portion of the leaves being marked with bright yellow longitudinal bands. It will prove a valuable addition to the list of foliage plants for the decoration of the conservatory and greenhouse. \$2.50.

MEDINILLA CURTISII.

A beautiful Stove plant of bushy habit. The flowers are produced in great numbers in terminal and lateral panicked cymes on flower stalks of a beautiful coral red. Each flower is about half an inch in diameter, and has an ivory white calyx and a creamy white corolla, which show to great advantage the central tuft of purple Stamens.

The neat and compact habit of the plant, the profusion with which its chaste flowers are produced, and which continue in perfection for many weeks in the autumn, render this one of the most valuable plants of recent introduction. \$2.50.

DRACÆNAS.

- | | | | |
|--|--------------|--|--------------|
| <p>*<i>Dracæna Lindenii</i>, one of the most brilliant acquisitions recently made among fine foliaged plants. The stem is erect and simple, the leaves which are deep green are traversed by bands of creamy-white and yellow, handsomely variegated, a most distinct and striking variety. It is a plant which will gain a high reputation.</p> | <p>Each.</p> | <p>*<i>Dracæna Massangea</i>, centre of leaf pale yellow, green margin, a very superb and distinct variety. This superb plant like <i>D. Lindenii</i>, will be extensively grown as they are two of the most distinct and graceful of decorative plants.....</p> | <p>Each.</p> |
|--|--------------|--|--------------|

HELICONIAS.

- | | | | |
|---|-------------|--|-------------|
| <p>*<i>Heliconia Aureo-Striata</i>, a plant of noble aspect, resembling some dwarf Musa, the leaves are striated with green and yellow, and become recurved at the top. The leaf deep green with the course of the parallel-curved veins, which run out from the costa to the margin, traced out by yellow lines producing a very striking variegation.....</p> | <p>2 50</p> | <p>*<i>Heliconia Triumphans</i>, very ornamental plant with bright green leaves, lined with greenish-black. It is a robust species having the habit of a <i>Maranta Zebrina</i> with shining foliage and which succeeds well in apartments. It is a native of Sumatra.....</p> | <p>2 50</p> |
|---|-------------|--|-------------|

*AGLAONEMA PICTUM.

This is a brilliant Aroid, with a fine rounded stem. The leaves vary in form, sometimes elliptical, oblong-lanceolate, are rounded at the base and almost suddenly acuminate at the top, from 4 to 7 inches long, and 2 to 2½ in width: they are of a lovely deep velvety green, beautifully mottled with large spots and irregular markings of a whitish blue. The mid-rib is prominent and slightly channelled on the upper face. When it is in flower it is still more attractive. The spathe is remarkable for its curious pocket-like form and its knotty spadix. \$2.00.

FICUS ELASTICA VARIEGATA.

An attractive variety of this useful plant, the leaves being striped and marked with creamy yellow.

*SCHISMATOGLOTTIS LAVALLEEI.

"In announcing this lovely plant we are convinced that it will become popular among lovers of fine-foliaged plants. It may be distinguished at a glance from all other species in cultivation. The texture of the leaf is flexible, the mid-rib is slightly prominent on the upper surface, and of a beautiful bright green, on which are scattered numerous silvery white spots, producing a most pleasing effect." 3.00.

*CROSSANDRA UNDULÆFOLIA.

This is a dwarf, shrubby plant, rarely exceeding a foot high, with spreading ovate-lanceolate evergreen leaves. It flowers freely in the summer, and continues in bloom for several weeks. The flowers are produced successively along an erect spike 2 to 3 inches long, formed "into a four-sided kind of strobilus by numerous opposite acutely keeled hairy bracts," in which the calyx of the flowers is concealed; the corolla is bright orange-yellow tinted with rose. \$1.50.

NEW BEGONIAS.

- | | | | |
|--|-------------|---|-------------|
| <p>*<i>Begonia Ville de Namur</i>, this beautiful foliaged <i>Begonia</i> is in style of <i>Louise Chretien</i>, but superior. The finest that have been introduced for some years. Ready in April.....</p> | <p>1 00</p> | <p>two inches in diameter. Its great recommendation is its very free blooming character, and its flowering in the depth of winter when other <i>Begonias</i> are at rest, thus prolonging the season of these beautiful plants.....</p> | <p>50</p> |
| <p>*<i>Manicata Aurea Maculata</i>, this very beautiful <i>Begonia</i>, has its fine foliage blotched and spotted with yellow, similar to the well known <i>Parituzium grande</i>, a grand foliage plant.....</p> | <p>1 50</p> | <p>*<i>Begonia Gossensii</i>, a beautiful new foliage <i>Begonia</i>.....</p> | <p>1 50</p> |
| <p>*<i>Socotrana</i>, a species of remarkable interest both in its scientific and in its horticultural aspect discovered in the island of Socotra. <i>B. Socotrana</i> is a plant of very neat habit with erect stems 8 to 12 inches high, furnished with orbicular peltate leaves 4 to 7 inches in diameter, and producing a profusion of bright rose pink flowers of which the males are fully</p> | | <p>*<i>Diadema</i>, a species of incomparable beauty and moreover a distinct type. From the short, fleshy stem branch out numerous leaves, erect, of a delicate green, and marked with white elongated blotches. The leaves are perfectly smooth and shiny. The ground is a clear green, whereon numerous white stains are scattered, without regularity, in bands or longitudinal lines.....</p> | <p>1 00</p> |

*GEISSOIS RACEMOSA.

A beautiful new plant from New Caledonia. As a decorative plant it will be found very distinct and striking. \$2.50 each.

*SELAGINELLA GRANDIS.

A handsome erect-growing species, with large, broad, recurved, grass-green fronds, much branched, the divisions half an inch broad, densely clothed with distichous, imbricating, subfalcate. \$1.00.

*** HYDRANGEA ROSEA.**

This pretty Japanese Hydrangea is of free growth and a profuse bloomer. Flowers bright rose. \$1.00.

*** PHYLLAGATHIS ROTUNDIFOLIA.**

A very beautiful foliage plant; leaves large, round, deep red underside, upper surface bright and deep when young. A fine decorative plant. \$1.00.

*** CIENKOWSKIA KIRKII.**

A rare and beautiful plant; has fleshy roots, flowers during summer.

*** COLOCASIA NEO-GUINENSIS.**

A new aroid, it is remarkable for its tufted habit, the shortness of the leaf stalks, and its short-stalked inflorescence, and the beautiful green tone of its smooth and shiny leaves, spotted with creamy white. It will form an interesting addition to collections of Aroidaceous plants, and probably may prove valuable for the embellishment of the out-door garden in summer, like *C. Esculenta*, now so much cultivated. \$1.00.

HIBISCUS ROSA-SINENSIS.

	Each.		Each.
* <i>Hibiscus Rosa-Sinensis</i> Lucien Linden, this splendid ornamental shrub is without doubt one of the best varieties of the kind. The flowers are large and very double, of a pale yellow color, beautifully streaked with spots and lines of brilliant red.....	1 00	<i>Hibiscus Rosa-Sinensis</i> Zebrinus, a very distinct and handsome variety with double flowers, which are beautifully flaked and striped; the five outer petals scarlet edged with creamy yellow in the lower part; at the apex, of a creamy yellow, irregularly striped and flaked with scarlet	50
* <i>Magnificus</i> , a grand variety of this fine plant. Flowers rich crimson magenta.....	50		

*** PIPER METALLICA.**

A very decorative plant, with round leaves, thick and of a beautiful sparkling metallic green, a native of Borneo. An exceedingly pretty plant. \$1.50.

PELLIONIAS.

* <i>Pellionia Pulchra</i> , an exceedingly pretty trailing plant, with light green foliage marked with dark spots. A charming trailing plant.....	1 00	* <i>Pellionia Rhodocanachiana</i> , another exceedingly neat trailing plant in the way of the preceding; resembles <i>Tradescantia Zebrina</i> in the marking of the foliage; like the last a handsome trailing plant	50
--	------	--	----

*** EXACUM AFFINE.**

A New species from Sokotora, forming small, compact bushes about 6 inches high, with terminal clusters of violet-purple, beautiful Cyclamen-scented flowers. It produces its flowers very freely and incessantly from February till November; being in consequence a desirable addition to free forcing plants. 50 cents.

*** DOUBLE SCARLET BOUVARDIA, THOMAS MEEHAN.**

This novelty unites the brilliant red color and profuse blooming qualities of *B. Leiantha*, with the perfect double flowers of *B. A. Neuner*. 50 cts.

IMPATIENS SULTANA.

A very beautiful plant from the East coast of Africa. The plant is a free grower and continuous bloomer, color of flowers a rich carmine magenta. 30 cents.

STREPTOSOLEN JAMESONII.

An exceedingly fine free flowering plant of compact bushy habit, flowers opening bright orange, passing to cinnabar red, nearly an inch in diameter. A really valuable plant. 25 cents.

STEVIA GLUTINOSA VESTITA.

A very useful winter flowering plant for florists. Flowers white. 25 cents.

SCUTELLARIA MOCCIANA.

A new and pretty free flowering plant. 40 cents.

JASMINUM GRACILLINUM.

Jasminum Gracillimum is one of the most distinct in its graceful habit and in the abundance of its large sweet-scented flowers, which are also more copiously produced. It appears to be a small species, with long, very slender branches springing from low down on the stem, and curving over on all sides, weighed down by terminal globose panicles. A flowering shoot is produced from every joint, which terminates in a dense cluster of pure white fragrant flowers. 40 cents.

ANTHURIUMS.

- | | | | |
|---|-------|---|-------|
| <p>* Anthurium Veitchii, a very handsome Aroid of striking aspect. The leaves are ovate-oblong, greatly elongated, attaining lengths of from 2 to 3 feet, with a breadth of less than one-third of these dimensions; coriaceous in texture and deep green, with a glossy metallic surface when first expanded, becoming paler by age. The principal nerves are arched and deeply sunk, giving the surface a conspicuously waved appearance. As an exhibition or decorative plant it will always take a very high position. First class certificate from the Royal Horticultural Society. Price on application.....</p> | Each. | <p>* Anthurium Warocqueanum, a remarkable Aroid. The leaves are greatly elongated, attaining lengths of from 24 to 30 inches, with a breadth of not more than 7 or 8 inches. The ground color is a deep green of a very rich hue, with a velvety lustre and appearance, with which the light color of the midrib and veins form a pleasing contrast. To the lovers of fine foliage plants this beautiful Anthurium will be a most welcome acquisition.....</p> | Each. |
|---|-------|---|-------|

ALOCASIAS.

- | | | | |
|---|----------------|--|----------------|
| <p>* Alocasia Thibautiana, a splendid foliage plant of stately and robust habit, and without doubt <i>by far the finest</i> of all Alocasias. For exhibition purposes it stands in the first rank among foliage plants, and in the Stove it forms one of the most distinguished ornaments. A first-class certificate was awarded to it by the Royal Horticultural Society.....</p> | \$1 50 to 2 50 | <p>* Alocasia Hybrida, an exceedingly beautiful Hybrid, sent out by Messrs. Veitch & Sons. It is of free growth, with exceedingly beautiful foliage with a metallic hue, in the way of A. Veitchii, but much finer; will make a grand specimen plant for exhibitions, &c.....</p> | \$1 50 to 2 50 |
|---|----------------|--|----------------|

* GLOBBA COCCINEA.

The stems are much crowded, 12 to 18 inches long, and gracefully arching on all sides, giving the plant a very elegant contour. They are furnished with deep green leaves and terminate in a dense raceme of flowers, of which the bracts are scarlet and the perianth yellow. The plant is continuously in bloom during the greater part of the year. The elegant habit of this plant, its richly colored flowers of singular structure, and their long duration, render it a most useful and interesting plant. 75 cents.

* COLUMNEA SP.

An exceedingly pretty epiphyte which we have introduced from Guatemala; grows well on a log with or without moss; it also grows freely in a pot; flowers creamy white covered with minute red spots. \$1.00.

POTHOS.

- | | | | |
|---|----|---|----|
| <p>* Pothos Aurea, the leaves are strikingly variegated, heart-shaped and unequal sided, of a dark green, boldly and irregularly marked by bands or fantastic-shaped blotches of creamy yellow, here and there suffused with pale yellowish-green. Being of free growth and having a boldly marked variegation, it will be an ornamental object in the tropical plant stove, where it will find itself at home in clothing walls and artificial rock work.....</p> | 40 | <p>Pathos Celatocaulis, this plant is a handsome and interesting climber, lying perfectly flat upon the surface it climbs over, being held in position by its numerous adventitious roots; and as it is a rapid grower, it is admirably adapted for covering walls, trunks of Tree Ferns, &c. In general appearance it has much the look of the barren shoots of <i>Marcgravia Paradoxa</i>.....</p> | 40 |
|---|----|---|----|

PAVONIAS

- | | | | |
|---|----|---|----|
| <p>* Pavonia Wioti, a very striking flowering plant. The outer calyx consists of two whorls of narrow slender bright red bracteoles, the outer whorl shorter than the inner, which equals the closed corolla. Both the latter and the calyx are of a red black. It flowers continuously throughout the year, but most freely in the winter months; with its neat habit and pleasing foliage it will be exceedingly valuable for decorative purposes.....</p> | 50 | <p>* Pavonia Makoyana, a handsome free-blooming plant of erect growth. Its corymbs of flowers are peculiarly attractive from the bracteoles being large and of a bright rosy carmine color, forming a striking contrast with the dark purple corolla. The plant is extremely floriferous, and the blossoms remain a long time in perfection.....</p> | 50 |
|---|----|---|----|

MONTBRETIAS.

- | | | | |
|--|----|--|----|
| <p>* Montbretia Crocosmiæflora, an exceedingly beautiful bulbous plant, a hybrid between <i>Montbretia Pottsii</i> and <i>Crocosmia Aurea</i>—flowers in long spikes like a <i>Gladiolus</i>; color brilliant orange and crimson.....</p> | 50 | <p>* Montbretia Pottsii, a bulbous rooted plant from the Cape, requires similar treatment to <i>Gladiolus</i>; stem $1\frac{1}{2}$ to 2 feet high, with a panicle nine inches long, bearing long, deep bright yellow flowers; tinted outside with red.....</p> | 25 |
|--|----|--|----|

* HIGGINSIA RÆZLI.

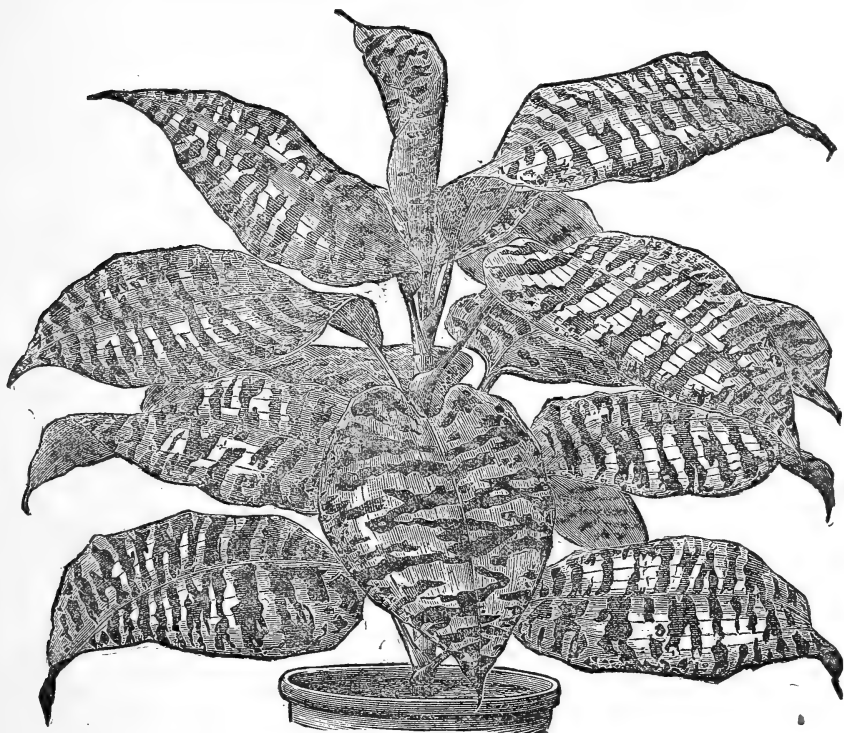

A very beautiful new tropical plant, with dark bronzy leaves, streaked and marbled with white. 50 cents.

ANTHERICUM PICTURATUM.

Without a doubt one of the handsomest foliage plants ever introduced, in growth equal to *A. Vitatum*, the variegation is entirely distinct, having a rich creamy white band $\frac{3}{4}$ of an inch wide running through the centre of each leaf, margined on each side with rich deep green. 40 cents.

NEW TRITOMAS (KNIPHOFIA).—Flame or Torch Flower.

	Each.		Each
* <i>Tritoma Caulescens</i> , this is a very distinct plant, rising on a stem with a Yucca-like head of channelled, arching, leaves; the flower stem is from two to three feet high, surmounted with an enormous head of brilliant blossoms.....	1 00	* <i>Tritoma McOwnei</i> , a very beautiful species with orange scarlet flowers	50
* <i>Corallina</i> , a beautiful new plant, flowers very brilliant, coral red.....	1 50	* <i>Saundersii</i> , a vigorous plant; the flower stem is not quite so tall, and the head is conical instead of cylindrical; the flowers are red throughout; a fine addition to the group to which it belongs, and should be included in the most select collections.....	50
* <i>Leitchlini</i> , flowers rich orange vermillion, a very handsome and distinct Tritoma.....	1 50	* <i>Quartiniana</i> , this also rises on a short stem; the leaves are channelled, arching, rigid, their points touching the ground, and of a glaucous blue color; the flower stem is stout, surmounted by a large head of yellow flowers	1
* <i>Nobilis</i> , truly called "noble"; a plant of very vigorous growth, throwing up a flower stem six feet high, surmounted by a foot-long cylindrical flowerhead of bright scarlet and golden yellow	1 00		

DRACÆNA GOLDIEANA.

* DRACÆNA GOLDIEANA.

One of the most magnificent ornamental foliaged plants ever introduced, and altogether unique in character and aspect. It is a native of Western Tropical Africa. The plant is of erect habit, and the stems are closely set with stalked spreading leaves, the petioles of which are of a grayish color, terete with a narrow furrow along the upper side, the base being dilated and sheathing the stem. The blade of the leaf is cordate-ovate acuminate with a yellowish green costa, and banded with dark green and silver gray in alternate straight or furcate bands the colors being about equally distributed. The back of the unrolled leaves is a pale reddish purple or wine color, and the stem where visible at the upper joints is of similar hue, the lower parts becoming green. It is, without doubt, one of the finest of all stove plants, and indispensable in all first-class collections. \$2.50.

* CURMERIA WALLISII.

The leaves are spreading and marked with very irregular dark green maculations, some running out from the green costa and others situated near the edge. The intermediate spaces are furnished with broadish patches of very pale yellowish green, which in the more matured leaves becomes a greenish gray. The colors are about equally dispersed, though the marking is very irregular, both as to the size and form of the blotches. \$1.50.

PEPEROMA PROSTRATA.

A very ornamental basket plant, with slender creeping stems and alternate round variegated leaves. 40 cents

NEW DIEFFENBACHIAS.

	Each.		Each.
Dieffenbachia Illustis , a stout-habited stove plant of noble character, having erect stems, which bear bold and finely marked leaves. The blade is large, oblong-ovate, distinctly cordate at the base, marked all over with irregular blotches of yellowish green, and with a tendency to become yellow along the course of the principal ribs.....	1 00	with a whitish band, and shows in strong contrast to the color of the leaf surface, producing fine pictorial effect.....	1 00
Leopoldii , a South American plant of resplendent beauty. The leaves are oblong-ovate, of a rich, deep, lustrous, satiny green, traversed by a broad and stout ivory-white rib, which is bordered on each side through its entire length		Dieffenbachia Splendens , a plant of great beauty, remarkable for the lustre of its coloring. The stem is faintly mottled with dark and light green. The leaves have a thick ivory-white midrib and the ground color is of a deep, rich, velvety bottle-green, with a resplendent, lustrous surface, freely marked with whitish striated blotches, which stand out in striking contrast with the dark green ground color.....	1 00

* **SENECIO SPECIOSUS.**

The exceedingly bright and pretty magenta colored flowers of this plant make it very attractive; it is a half hardy perennial introduced from South Africa, and is exceedingly floriferous, so much so that in a cool greenhouse its cheerful blossoms are successionally produced throughout the year; they are each about one and a half inches in diameter, and are produced in large branching corymbose spikes. 75 cents.

HOYA GLOBULOSA.

We can confidently recommend it as a most useful and valuable plant, blooming profusely and thriving well under the same treatment as other Hoyas. The flowers are of a bright straw color, the coronal protuberances white, the interstices of a shining brownish pink, forming a very pleasant contrast; the trusses large and freely produced, and the leaves of a shining green color, with dark green veins.—*Floral Magazine.* 50 cents.

BURBIDGEA NITIDA.

This beautiful plant is the type of an entirely new genus, with the habit of *Hedychium*. It is a native of Borneo. It produces ten to thirty slender flowering stems, each bearing a panicle of 12 to 20 flowers each. The leaves are of a lively glossy green on both surfaces, and serve to set off the rich orange scarlet colors of the flowers. Its flowers, of a rich orange hue, render it a very striking stove plant. 50 cents.

CRASSULA JASMINEA.

A very valuable and handsome plant, flowers white, resembling a *Bouvardia*, very fragrant. 30 cents.

ARDISIA OLIVERI.

Ardisia Oliveri is a stove shrub of remarkable striking appearance, with recurved foliage and large globular heads of flowers like those of an *Ixora*, but of pink color. The plant was introduced from Costa Rica by the late M. Endres. 50 cents.

TOXICOPHLÆAS.

* Toxicophlæa Spectabilis , a beautiful plant with white flowers. It is extremely floriferous, even in the youngest plants; the flowers are produced in very large corymbs, each flower being of a tubular form with expanded limbs.	It is very useful for bouquets, being delightfully fragrant as well as beautifully chaste in color ...	1 00
	* Toxicophlæa Thunbergii , another beautiful species with large corymbs of pure white flowers, exceedingly fragrant.....	1 00

BIGNONIA MAGNIFICA.

A free growing and extremely floriferous stove plant, of scandent habit. The flowers, which are produced in large branching panicles, are of great size (about 3½ inches across), and of exceedingly attractive color, ranging from delicate mauve to rich deep purplish crimson, relieved by a conspicuous throat of light primrose color. 50 cents.

PHILODENDRON CARDERI.

The leaves are cordate, broadish, of a dark shaded bottle green, with a satiny lustre, the principal ribs being marked out by bright green lines of glaucous or metallic hue; at the back the leaves are of a shaded wine purple, the course of the veins being marked by broad green lines. The glossy shaded satiny surface of the leaves imparts to them a wondrous degree of beauty. 50 cents.

ASPARAGUS.—New Species.

Florists will find in these new *Asparagus* with their delicately beautiful feathery growths, plants admirably adapted for floral work.

* Asparagus Plumosus , an elegant evergreen climber with slender stems, smooth and numerous spreading branches; the white flowers are produced from the tips of the branchlets. It is an exceedingly handsome ornamental plant for the greenhouse or conservatory, and its pretty feathery growths are extremely useful for cutting for decoration. This is the finest species for florists, much more valuable than the dwarf variety.....	1 00	* Asparagus Virgatus , of shrubby habit, elegant and feathery. Rootstock emitting several stems, the upper part of which branch in a corymbose manner; branches sub-erect, again twice branched; a feathery graceful plant.....	75
		Tenuissima , another very graceful and beautiful species, of free growth, with filmy foliage; the stems of all these <i>asparagus</i> stand without withering after being cut for a long time.....	1 00

ALPINIA ALBO-LINEATA.

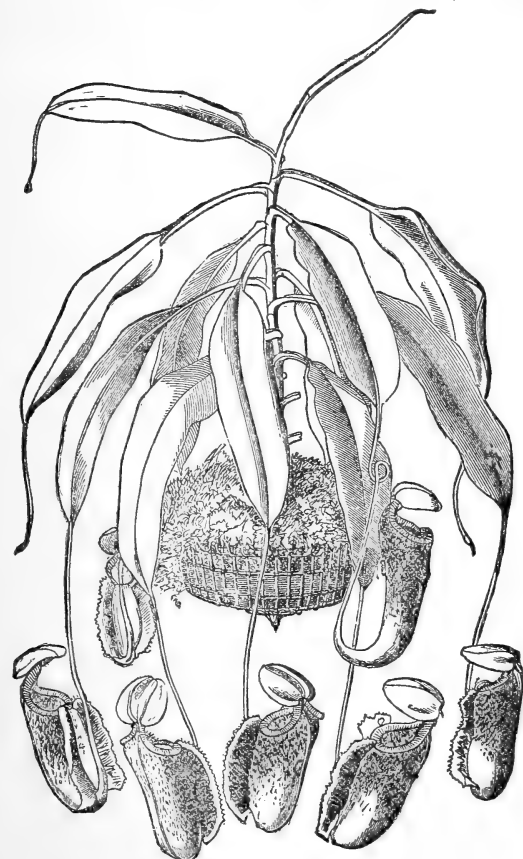

A very striking and beautifully variegated plant, 3 to 4 feet high when fully developed. The leaves are 9 to 12 inches long, elliptic-lanceolate, pale green, marked divergently with broad bands of white and pale green. This is a grand addition to our ornamental plants, and makes a fine contrast intermixed with other foliage plants. 40 cents.

ARTOCARPUS CANNONI.

A tropical plant of exceedingly ornamental foliage of a rich bronzy-crimson tinted with purple above, beneath of a vinous red, about 1 foot long and 7 inches broad; very variable. 50 cents.

NEPENTHES, PITCHER PLANT.

- | Each. | Each. |
|--|--|
| * <i>Nepenthes, Dominii</i> , a very beautiful pitcher plant, producing its large pitchers freely; color green, marbled and spotted reddish brown. 2 50 | * <i>Nepenthes, Lævis</i> , of very free growth, producing its pitchers freely of moderate size, of a bright green color, shaded with reddish brown. 75 cts. to 2 50 |
| | * <i>Nepenthes, Courtii</i> , a hybrid pitcher plant of exceptional merit. The plant, although free growing, is dwarf in habit. The leaves are coriaceous, and margined with hairs. The pitchers, which are freely produced, are flask-like, deep green in color, densely spotted or clouded with deep crimson, and attain a length of from six to eight inches. The membranous texture of the pitcher is remarkably firm and durable. \$2 50 to 5 00 |
| | * <i>Gracilis Major</i> , this is a plant of free growth and somewhat compact habit; its pitchers are produced very abundantly; the ground color is dark green, over which is a profusion of dark reddish-brown spots. 75 cts. to 2 50 |
| | * <i>Hookerii</i> , a magnificent species, of robust habit; the leaves are long and broad, supporting fine large pitchers upwards of four inches in length and two inches in diameter. The ground color is dark green, which is profusely streaked and blotched with dark red. \$2 00 to 5 00 |
| | * <i>Hybrida Maculata</i> , it is of free growth, and produces its pitchers in great profusion; they are cylindric, slightly contracted above the middle, and winged, the wings being ciliated; they are stained with purplish red spots of a peculiar tint, by which this variety may be recognized. 2 50 |
| | * <i>Morganie</i> , it is of dwarf neat habit, furnished with smooth, pale green leaves with red midribs. The pitchers are flask-shaped, with two rather narrow ciliate wings; when fully grown are from six to eight inches in length. On the younger plants the pitchers are beautifully mottled with bright red and pale green; in the older plants they are almost self-colored and blood red. The lid is always pale green, offering a remarkable contrast to the richly colored ascidium or urn. 5 90 |
| | * <i>Sedeni</i> , the pitchers are produced freely even on very small plants; they are of medium size, oblong, dilated at the base, narrowed above the centre; and slightly expanded towards the top, and provided with two ciliate wings; in color they are a dark green, densely covered with dark red spots. They are of dwarf and very neat habit. \$2 to 5 00 |

PITCHER PLANT.

* *Nepenthes, Mastersiana*, this is indisputably the finest hybrid *Nepenthes* yet obtained. It was raised from *N. sanguinea* and *N. distillatoria* Glasnevin variety (*N. Khasiana* of Science), the latter being the pollen parent. The pitchers are as richly colored as those of *N. sanguinea*, but easily distinguished from that grand species by their having the characteristic blotches of *N. distillatoria* (*N. Khasiana*), on the deep claret or blood-red ground of *N. sanguinea*. In form they are cylindric, slightly distended below, and contracted above

the middle, where there is a rib or prominence; they attain a length of 8 inches, and a breadth of 2, and even more, as the plants increase in strength. This hybrid is quite distinct from every other *Nepenthes* in cultivation; it has also the additional merit of being vigorous in constitution, and at the same time dwarf in habit. A pitcher is produced from every leaf, and presents, in its rich coloration, a striking contrast to the pale green of the blade and stem.

	Each.		Each.
* Nepenthes, Phyllamphora , this plant is of very free growth, producing in great profusion moderate sized pitchers of a bright green.....	75 cts. to 2 50	red. Its handsome pitchers render it a general favorite.....	5 00
* Rafflesiana , of robust growth, producing very large pitchers of great beauty, which measure from six to twelve inches in length; ground color dark green, mottled and blotched with		* Nepenthes, Stewartii , a hybrid between <i>N. phyllamphora</i> and <i>N. Hookeriana</i> ; pitchers intermediate in size between the parents, with rather broad ciliate wings in front and a prominent rib behind, deep green densely spotted and clouded with crimson.....	2 50

PANAX LACINIATUM.

An elegant and very distinct plant. The leaves are tinted and indistinctly marked with pale olive brown, and form a rather complicated mass of narrow segments; they are bipinnate, nearly as broad as long, and have a drooping contour; and the pinnules or segments are very variable in size and form, presenting the appearance of a complex head of foliage. 40 cents.

CLIDAMIA VITTATA.

A splendid foliage plant, having large green leaves with a light band down centre of the leaf, of easy culture and rapid growth. 40 cents.

NEW CROTONS.

* Croton Baron James de Rothschild , one of the finest of the large-leaved section, with yellow midrib, changing to a rich violet crimson; very effective and showy.....	1 00	* Croton Hanburyanus , the leaves are about 15 inches in length and 2½ inches in breadth. The ground color, a bright olive green in several shades, is, in many leaves, quite subordinate to the rich golden yellow and rosy crimson that suffuse the whole plant. All the leaves are beautifully marbled and blotched with these tints.....	50
* Carrieri , a superb Croton, with large finely variegated foliage.....	1 00	* Hawkeri , it is of dwarf and compact habit. The coloring of the plant is very effective. The middle and lower portions of the leaves, together with the footstalks, are light creamy yellow which spread over the greater part of the leaves, the extremities with the edges of the leaves only are bright green.....	50 cts. to 1 00
* Caudatus-Tortilis , a beautiful Croton with gracefully pendulous twisted leaves. The coloration of the plant is distinct and striking. Some of the leaves are deep olive-green, with a golden yellow central band and crimson midrib; others are almost wholly yellow which becomes suffused with crimson by age; while others again are spotted and blotched in various ways.....	2 00	* Insignis , a fine form of great beauty. The leaves are marked with three striking and effective colors; they are linear-oblong in form, the color deep green, with the midrib and veins beautifully picked out with golden yellow, the margins and midrib rosy crimson. In the older leaves the markings run in from the edge, and become suffused over the central bar. One of the most beautiful varieties yet introduced,.....	2 00
* Challenger (Imperator), the variegation is very striking. The midribs are at first creamy white, which gradually become suffused with red, finally deepening to bright crimson carmine. The ground color is light green, but much blotched and streaked with light yellow that takes a rosy tint as the midrib deepens in color.....	50	* Macarthurii , the color is constant, but the markings on the different leaves are as varied as the forms assumed by the leaves themselves. The habit is <i>excellent</i> , and the variegation, fully one-half of which is yellow, is very striking. The midribs are yellow, and the bright green ground of the blades are spotted, blotched, flaked, and barred in infinite variety.....	50
* Chrysopocilius , a variety of bold habit, presenting a curious and, at the same time, a striking instance of the peculiar coloration to which the foliage of Crotons is subject. The leaves are from 8 to 10 inches long and about 2½ inches broad. The foot stalks and midribs are pale canary yellow, which is also spread over the blade on each side of the midrib in irregular bands, in some cases to two-thirds of the length of the entire leaf, in others more and in others again less; the remainder of the blade is deep olive-green, offering a pleasing contrast to the pale yellow of the central parts.....	2 00	* Magnificum (new), this variety is one of the best and most distinct. The leaves are long, average size, of a clear green shaded with bands of a bright yellow and purple. The old leaves are entirely variegated with this color, whereas the young ones are almost entirely yellow.....	50
* Cronstadti , in color a deep glossy green variegated with bright golden yellow. They are twisted, curled, and crisped into a great variety of forms. The depth and richness of its coloration together with its curiously decorated leaves renders this Croton a most distinct and interesting decorative plant. "A handsome plant with long, narrow twisted leaves, richly colored."— <i>Gardener's Chronicle</i>	1 50	* Mortii , the leaves are of a very dark green color, being marked out by a band of golden yellow a quarter of an inch wide, and all the principal veins also being broadly marked with yellow; these latter markings meet near the edge, where there is a variegation of broken reticulated golden lines.....	50
* Evansianus , the newest formed leaves are light olive green with midrib and veins of golden yellow, and the inter-spaces spotted with the same color. As the leaves become older, the green deepens and changes to a bright bronzy crimson, and the golden yellow of the midribs, veins and spots become a rich orange scarlet....	50	* Nevillei , when first expanded their mid-ribs are bright golden yellow, and the blades light olive-green barred and marked with yellow. In the mature leaves, the yellow is changed to crimson shaded with orange, and the green much deepened, the whole being suffused with a metallic hue peculiar to this plant.....	50
* Fasciatus (Hendersonii), the ground color is a very deep green, the principal veins being marked by bright yellow lines, interlacing near the edge, where, and especially near the point, the surface is chiefly yellow, with irregular small green spots. The midrib forms a brownish yellow band.....	50	* Queen Victoria , the ground color of the leaf is rich golden yellow, beautifully mottled with green; the mid-rib and the primary veins are of a rich magenta color, changing with age to a vivid crimson; the margin of the leaf is unevenly banded with carmine, often extending as far as the mid-rib.....	50
* Lancifolius , the leaf is dark green, the midrib, margin and primary veins pale yellow, which, as the plant attains its character, becomes reticulated with bright rosy pink; the whole of the leaf presenting a very charming mosaic appearance.....	50	* Stewartii , one of the most distinct Crotons ever offered of the broad leaved kinds; the habit is dwarf and bushy, and this variety colors when in a very small state. The leaves dark green, irregularly banded and margined with rich orange. The mid-rib and petioles are bright magenta.....	1 00

	Each.		Each.
* Croton Prince of Wales (Glorious) , this is one of the long leaved drooping forms of Croton. The leaves are from 1½ to 2 feet in length, sometimes plane and sometimes strongly undulated. The ground color is green, and the variegation creamy-yellow, very variable in character. In some there is a creamy-yellow mid-rib, with a band on each side; the others, the mid-rib is bright green.....	50	falcate or often distorted, their surface being either smooth or undulated.....	50
* Variabilis (Falcatus) , a robust variety. It has long leaves, marbled and blotched with different shades of yellow, orange and crimson. The leaves both in color and shape, are very variable; some are straight, others recurved,		* Croton Williamsii , this is one of the red-tinted series, very strongly flushed with violet crimson. The leaf has a central band and costa of yellow, from which the pinnate veins of the same color branch out on either side. These veins all change to deep crimson and the whole plant becomes flushed with a glowing tint of crimson, shaded with violet, which renders it extremely conspicuous.....	50
		Extra size plants of the above Crotons can be supplied at extra prices.	

BERTOLONIAS.

* Bertolonia Guttata , leaves dark green, profusely dotted with rose colored spots, a charming plant.....	50	* Bertolonia Van Houttei , has the leaves of a rich olive velvet ground color, traversed broadwise by large bars of beautiful magenta red, and dotted all over with thousands of spots of the same color. This description will however, give only a slight idea of the real beauty of this plant.....	50
* Rodeckii , ground color bronze, speckled with white spots, nerves fine green, edged with creamy white; a gem.....	1 00		
* Superbissima , (Jewel plant), bronzy crimson, foliage exquisitely spotted with white; a gem....	2 50		

GOODYERAS.

* Goodyera Dawsoniana , a very beautiful plant. The leaves are blackish green on the upper side, and very glossy, with lines of beautiful golden purple transverse from the base of the apex; flowers white.....	2 00	* Goodyera Discolor , a beautiful plant, grows about six inches high; foliage a beautiful dark velvety color, with white markings through its entire length, flowers white.....	50
---	------	--	----

LAURESTINUS.--Viburnum Tinus.

* Laurestinus Splendens , a variety of Laurestinus, with magnificent large flowers. A good grower and free bloomer.....	1 00	Laurestinus Pure White , the flowers of this variety are pure white.....	75
--	------	---	----

PHYLLANTHUS ROSEA-PICTUM.

This variegation is exceedingly rich and varied, no two colored leaves showing precisely the same markings with like tints. Many of the leaves are bright crimson, which is also the color of the stem during the early stage of growth; some are a light cream color, tinged with a delicate blush, others again have a dark bronzy hue, shaded with crimson; some are dark green with blotches and spots of rose, while others are tri-colored, white with different shades of rose and green. 40 cents.

* HIBISCUS CARDIOPHYLLUS, (New).

I have the pleasure of offering this extremely beautiful Hibiscus, which I have received from southwestern Texas. In habit it resembles an Abutilon. My plants were bedded out the past summer and succeeded admirably, flowering profusely during the season. The flowers are bright scarlet, over two inches across, which makes it a very striking plant. A sterling novelty. 50 cents.

DICHORISANDRAS.

Dichorisandra Thyrsoflora , a very fine species, flowers in a thyrse of rich azure; magnificent species.....	75	* Dichorisandra Mosaica , an extremely handsome plant, of dwarf habit; leaves large, ground color of the upper side rich deep shining green, traversed with an innumerable quantity of parallel transverse fine white lines; the upper side is of a uniform deep purple. It also produces lovely rich azure flowers.....	1 00
Undata , very different from D. Mosaica, producing large ovate leaves, very dark green in color; the mid-rib and veins are of a lighter green, which gives the leaves a striped or marbled appearance.....	50		

NEW FERNS.

ADIANTUMS.

* Adiantum Cuneatum Grandiceps , one of the most distinct as well as one of the most attractive of that most useful and popular of all Adiantums—A. Cuneatum. It differs from the species in several striking particulars. It is more robust in habit, the fronds are more elongated, and terminate in a dense tassel of finger-like growths; the pinnae also terminate in similar but smaller branchings, and these by their weight give the fronds an elegant arching habit, rendering the plant one of the most useful of Ferns.....	1 50	* Adiantum Dolabriforme , a beautiful evergreen Adiantum; fronds elongated, pinnate proliferous pinnules dolabriform. An exceedingly graceful Fern.....	1 00
		* Victorie , a handsome decorative Fern of dwarf densely tufted habit. Fronds ovate, bipinnate, with about one pair of compound pinnae and 4-5 simple ones. Pinnules large, bluntly deltoid from a truncate base, or subrhomboidal deeply lobed. Sterile lobes serrate. Sori oblong or reniform at the apex of the lobes. Garden Hybrid.....	1 50

	Each.		Each.
* Adiantum Bausei , a hybrid variety between <i>A. Trapeziforme</i> and <i>A. Decorum</i> ; in size intermediate between the two. Its peculiarity is the drooping position of the pinnules, which are deflexed sideways from the plane of the rachis; in the form of its pinnules it also differs from any other known Fern.....	1 00	* Adiantum Rhodophyllum , a most distinct and beautiful Maiden-hair Fern. The fronds are densely crowded and attain a height of 15 to 18 inches. When first developed the young pinnules are crimson; they gradually change with age to a rosy fulvous green and finally to a soft pale green. In form the pinnules are fan-shaped, truncate on the basal side, very finely dentate and split on the outer margin; when mature they are an inch and a half across. The remarkable diversity of colors presented by the pinnules at different stages of their growth, and which are all to be seen on the plant at the same time, renders this <i>Adiantum</i> one of the most effective decorative Ferns yet offered. To this striking characteristic must also be added the compact habit of the plant and the elegant contour of its tufted fronds.....	2 00
Ludemannianum , a remarkable variety; the peculiarity consists in the pinnules being crested or agglomerated at the extremities of the stipes and their rachides; they are also much crisped and curled. Fronds erect from 8 to 12 inches high; pinnules on short petioles, generally fan-shaped, and deep green color.....	1 00	* Weigandii , a very pretty and novel Maiden-hair Fern, neat in habit, having the compact bunchy style of growth of <i>A. Decorum</i> . We regard this as a very distinct Fern, one of a pleasing character and likely to take a high place for decorative purposes.....	1 00
* Lathomi , in the way of <i>A. Ghiesbreghtii</i> , but with a drooping habit. Fronds 2-3 feet high, drooping, somewhat pentagonal in outline. Stipes stout, smooth. Pinnæ, pinnules, and pinnalets all stalked. The larger pinnules 1-1½ in. long, trapeziform, lobed on the margin. An exceedingly graceful and beautiful Fern.....	1 00	* Williamsii , the New Golden Maiden Hair. This splendid novelty is destined to become a general favorite, and for cutting purposes its value cannot be over-estimated. It succeeds well in a greenhouse temperature. It is in every respect quite as free and hardy as <i>A. Cuneatum</i> , and will make a fine exhibition plant. It is a native of Peru, where it is found on the mountains growing at an elevation of 12,000 feet.....	1 00
* Legrandii , a pretty dwarf Fern, with small triangular fronds densely set with overlapping pinnules. Handsome compact habit, very distinct.....	1 00		
* Speciosum , a very elegant Fern, of semi-scandent habit, with large tripinnate fronds, which frequently attain a length of 36 inches, with a width of 21 inches, the pinnules of which are ¾ to 1 inch across the lobes, cuneated and soriferous at the apex. The whole of the pinnules are covered with dense short hairs, giving the foliage a woolly feeling when touched.....	1 00		

* GYMNOGRAMMA SCHIZOPHYLLUM.

A very beautiful and distinct Stove Fern. The frond is about two inches broad, very finely cut. A remarkable peculiarity in this *Gymnogramma* is seen in the furcation of the rachis at about two-thirds of its length, and where it is proliferous, every frond producing a young plant at the point of furcation. The very elegant contour of this Fern, its moderate size and graceful habit, its delicately-cut pinnules and pleasing color, render it one of the most attractive of Ferns. \$1.00.

* OSMUNDA JAPONICA CORYMBIFERA.

A very distinct and beautiful Japanese Fern of dwarf habit. The fronds are clustered: their stipes are erect or sub-erect, quite smooth, slender, and of a bright rosy pink color. They rise to a height of about 4 inches, and support leafy expansions of deltoid or triangular outline that bend away almost horizontally from the common centre in all directions. The compact dwarf habit of the plant, the distinct cristation of the pinnæ, and the peculiar soft color of the fronds, which offers a pleasing contrast to every other Fern, combine to give this *Osmunda* an unique character. \$1.50.

* PLEOPELTIS FOSSA.

This interesting new Fern is, no doubt, a native of the Eastern Archipelago. Its pretty arching habit of growth and comparatively small size make it a very suitable object for suspending from the roof of the Stove Fernery, and its durable leathery evergreen fronds, with their elegant sinuate and lobate margins, give it a peculiar distinctness of character. \$1.50.

ASPLENIUM NOBILIS.

This is a graceful Fern, with light, lace-like pinnæ and arched fronds, which somewhat resemble those of *A. Viviparum* or *A. Lineatum*. 50 cents.

DAVALLIA MARIESII.

An evergreen Japanese Fern, of dwarf habit and free growth. As a basket Fern for the conservatory and greenhouse, *D. Mariesii* is one of the best. Its flexuous rhizome spreads freely in all directions, and its numerous fronds thence present an enduring globose mass of verdure. Grown in a pan, this pretty Fern is also very effective and distinct. 50 cents.

GLEICHENIAS.

* Gleichenia Dicarpa , the color of the younger and fresher-looking fronds is a dark green, with a kind of metallic or bluish tint, and the under side is glaucous. When fully grown the pinnæ are fully 5 inches long. Altogether it is a very beautiful and graceful Fern.....	2 50	* Gleichenia Dichotoma , a very handsome species, makes a nice specimen plant.....	2 50
* Mendelii , this is one of the most distinct and free growing kinds. It makes a handsome exhibition plant, and will also be found very useful for decorative purposes. It is a very compact growing species, requiring cool treatment. The pinnæ are of a thick texture, and very glaucous on the under side. Native of New Zealand.....		* Flabellata , a distinct and fine species, makes a strikingly beautiful plant.....	2 50
		* Rupestriis Glaucescens , a very distinct form of <i>G. Rupestris</i> . The fronds are of a much thicker texture and very glaucous on the surface, changing with age to a bright glaucous green. A very effective variety.....	
		* Semivestita , a very pretty compact free growing species, makes a handsome specimen plant.....	2 00
		* Speluncæ , a distinct and beautiful species, makes a charming specimen plant.....	

LASTREA RICHARDSII MULTIFIDA.

The plant has fronds 3 feet high, including the stipes, which are a foot long, numerously developed from a short decumbent caudex. Its bright green color, its small pinnules, and the broad crested apices with their numerous narrow divisions, give this plant a singularly elegant character, and mark it out as a very ornamental, useful Fern for the decoration of the hothouse. 50 cents.

NEPHROLEPIS DUFFI.

A beautiful and distinct Fern. The fronds are densely crowded, from 15 to 18 inches long, pinnate, and much crested. The pinnae, which are small, are produced in pairs, one overlaying the other, those above being largest. The compact elegant habit of this Fern and its bright attractive color, render it a most desirable acquisition. 30 to 50 cents.

MICROLEPIA HIRTA CRISTATA.

A very beautiful new crested Fern from the South Sea Islands. Its habit is exceedingly graceful; it is of free growth, admirably adapted for specimens, baskets, &c. 30 to 50 cents.

ARALIAS.

	Each.		Each.
* <i>Aralia Amboinense</i> , (<i>Sciadophyllum pulchrum</i>), a very ornamental plant with large, bright green shining foliage. A grand decorative plant.....	1 50	<i>Aralia Guylfoylei</i> , the leaves are made up from three to seven stalked oblong-elliptic bluntish leaflets; these leaflets vary in size from two to three inches long, and evenly margined with creamy white, the surface being, in addition, occasionally splashed with gray.....	25 cts. to 50
* <i>Elegantissima</i> , a beautiful plant with straight erect stem, furnished at short intervals with digitate leaves on long foot stalks, mottled with white on a dark green ground; the leaflets, from seven to ten in number, are filiform, deeply and unequally serrate and gracefully pendulous. The color of the foliage is a deep green shaded with brown.....	1 00	<i>Filicifolia</i> , a plant of the first rank, graceful in habit, and well furnished with foliage, altogether one of the most valuable decorative plants. The stem and leaf stalks are purplish, marked with oblong white spots; the leaf stocks are sheathing at the base, expanding into a broad leafy limb.....	40
* <i>Veitchii</i> , a very elegant plant from the South Sea Islands, producing very narrow digitate leaves, considerably undulated; upper surface deep green; under, dark crimson. One of the most beautiful decorative plants in cultivation. 1 00		<i>Reticulata</i> , a very distinct species of free growth; a fine decorative plant.....	50
		<i>Sieboldtii</i>	25 cts. to 50

ANTHURIUMS.

* <i>Anthurium Crystallinum</i> , the emerald green refulgent leaves are spotted all over with a brighter shade, and bordered by a broad silvery or rather crystal band, which surrounds the intramarginal and four secondary nerves. These dazzling white zones are so distinct and regular that they resemble a border of incrustated silver around the sections of the blade of the leaf.....	\$1 00 to 2 00	* <i>Anthurium Regale</i> , this is a superb ornamental foliage plant. There are several varieties of this plant. The one now offered is the finest; the leaves are heart-shaped, much lengthened out towards the apex, and rich dark velvety green in centre.....	\$1 00 to 2 00
* <i>Scherzerianum</i> , one of the most striking and beautiful dwarf-flowering stove plants of recent introduction, producing beautiful brilliant scarlet flowers, each of which remains from two to three months in bloom. This charming and novel plant is easy of culture, and a most abundant bloomer.....	\$1 00 to 2 00	<i>Floribundum</i> , a very pretty species, of easy culture. Flowers pure white, freely produced.....	1 00
		<i>Magnificum</i> , the foliage of this plant is truly magnificent, a noble species, with large velvet-green leaves and broad silver veins, 50 c. to 1 00	
		* <i>Scherzerianum Williamsii</i> , in habit and growth it is in all respects like the normal state, but its spathe and spadix differ entirely; in the variety now offered the spathe is pure ivory white, and the spadix a pale lemon color, 2 00	

ALOCACIAS.

<i>Alocasia Jenningsii</i> , a delicate green, over which, between the principal veins, are laid heavy blotches of black, which are remarkably precise in outline and arrangement.....	25	<i>Alocasia Sedeni</i> , a very beautiful, between <i>A. Metallica</i> and <i>A. Lowii</i> . The form of the leaf is perfectly intermediate between the two parents, whilst the coloring is a very striking and pleasing combination of the metallic hue of one parent, with the dark green and prominent white veins of the other. A fine foliage plant, 50 c. to 1 00	
<i>Macrorrhiza Variegata</i> , leaves nearly as large as <i>Colocasia Esculentum</i> , broadly splashed with white. Some leaves nearly all white. Its easy growth, combined with the rich variegation, makes it a very telling subject for exhibition.....	50 cts. to 1 00	* <i>Lowii</i> , a very beautiful plant with large shining foliage. Forms a fine specimen.....	1 00
* <i>Metallica</i> , a plant possessed of great beauty. Large thick shell-like leaves of a bronzy copper color. It is distinct and admirable in every respect.....	75 cts. to 1 50	<i>Veitchii</i> , the foliage of this plant is exceedingly distinct. A grand show plant.....	50 cts. to 1 00
		* <i>Zebrina</i> , fine yellow leaf-stalk, with distinct black marks, rendering it a very conspicuous plant. It makes a grand specimen.....	1 00

CLITTORIAS.

<i>Clittoria Alba</i> , a pretty white variety.....	50	in clusters of deep mazarine blue, pea-shaped flowers.....	30
<i>Cœrulea</i> , a climbing plant of moderate growth, which flowers freely during summer; flowers			

SALVIA GREGGII.

A pretty new species which I have introduced from Texas. This has long spikes of purple flowers; a continuous bloomer, very compact habit, and nearly or quite hardy in this latitude. 30 cents.

PHYGELIUS CAPENSIS.

This pretty Penstemon-like plant I have found quite hardy, it having passed several winters out doors without protection. It grows from 3 to 4 feet high and has numerous semi-herbaceous stems, each terminated by a long branching raceme of flowers which are brilliant scarlet. It is a most persistent flowerer, beginning in May or June and continuing up to frost. This is one of the most ornamental hardy plants in cultivation.—*Garden*. 50 cents.

ANASACANTHUS WRIGHTII.--New.

Another new plant which I have received from the same latitude in Texas as the *Salvia*. A shrub attains a height of four to five feet, bushy flowers orange, a continuous bloomer, nearly or quite hardy. 50 cents.

SONERILA HENDERSONII.

A charmingly variegated plant, of dwarf habit. Its leaves are most elegantly studded over with silvery white pearl, or tiger-like spots upon a rich dark olive green ground. Flowers rosy lilac. This beautiful plant proves far easier in its management than any of the former species of *Sonerila*. We have found this plant a profuse bloomer during the winter. 30 cents.

PHYLLOTÆNIUM LINDENI.

A fine Aroid discovered by Mr. G. Wallis, in New Grenada, and sent by him to M. Linden, of Ghent. The plant has robust foliage, which is very persistent; the leaves are of a light glossy green, marked by bands of white, which cross the blade in almost parallel lines from a prominent midrib of the same color. \$1 00.

SENECIO PULCHER.--Beautiful Groundsel.

A half hardy perennial, a pretty plant, with rosy-crimson flowers, very showy, flowers late in summer. Figured in *American Agriculturist*. 30 cents.

VERONICAS.

Veronica Hendersonii, a new species introduced from Japan, growth about two feet high, robust habit, foliage broad, of a deep rich green, dense and abundantly produced. The flowers are very large, rich deep violet blue, produced in large cluster heads composed of many spikes,

the finest of the herbaceous section of *Veronicas*.....

50

Veronica, Elegans Variegata, a very beautiful hardy herbaceous plant, with elegantly variegated foliage, long spikes of blue flowers.....

DRACOCEPHALUM.

Ruyschiana—Var. *Japonicum*. It is a hardy herbaceous perennial, 18 to 24 inches in height, branching from the base. The violet blue flowers, $1\frac{1}{4}$ inch in length, are in terminal verticillasters, intermixed with numerous obovate acuminate leafy bracts. 30 cents.

CANNAS.

Canna Ehemanni, the most distinct of all Cannas on account of the large oval Musa-Ensete-like soft green leaves which place it foremost among decorative foliage plants. Its most striking feature is the splendid carmine red flowers produced on flower stems of great length that unfold about 12 flowers to each of the smaller branches. These flowers are very

large, and are used to advantage in bouquet-making or producing splendid effects on the lawn. See plate in *Garden*.....

50

**Canna Novtonni*, this very distinct and fine *Canna* is closely allied to the last. Like it the foliage is large and fine. The flowers are also very large and showy, of a bright scarlet; a grand *Canna*.....

50

TECOMA STANS.

A very fine plant, from southwestern Texas, has succeeded finely bedded out with us during summer. The flowers are a rich yellow, and very floriferous. 50 cents.

DORYANTHES PALMERI.—Queen's Land Lily.

The flower-scape rises from the centre eight feet in length, forming densely clothed pyramidal compound racemes, much like those seen in various *Yucca* species. Flowers numerous, approaching in size and form to those of the well-known *Yallota purpurea*, from three to four inches in diameter, of a rich peony crimson hue, with a white centre. Each blossom is accompanied with leaf bracts of an equally rich color as the flower. \$1.00.

TABERNÆMONTANA CAMASSA.

(*Growers of Flowers for Market should Cultivate a House of this Plant alone.*)

A very desirable shrub, with racemes of double, white flowers of *Gardenia*-like outline and fragrance, which are produced on the point of every shoot. The usual temperature of a hot-house with less humidity, will produce blooms more freely and longer in succession. The petals of the flowers are lighter and more elegantly arranged than the *Gardenia*, and not quite so large; small plants in three inch pots will produce flowers freely. 30 to 50 cents.

APHELANDRA FASCINATOR.

A very fine species, with very ornamental foliage as well as magnificent flowers; the leaves are rich dark green, beautifully banded with silvery white, and underneath of an uniform purplish velvet the spikes of bloom are very large and of a dazzling vermilion color. 40 cents.

CAMPYLOBOTRYS GHIESBRIGHTI VARIEGATA.

A pretty variegated variety of this beautiful plant. 30 cents.

***YELLOW CALLA.--(Calla Hastata).**

An unique plant; its strong robust growth and richly colored lemon-yellow flowers mark it at once with distinctness as a plant for general purposes; the habit is deciduous, requiring a period of rest in mid-winter. 75 cents.

POSOQUERIA LONGIFOLIA.

This plant forms an elegant bush, and is very free flowering. Leaves large, somewhat ovate, coriaceous and shining green; flowers tubular, pure white, produced in large corymbs of a dozen and more, waxy like, from 3 to 4 inches long, and deliciously fragrant. 50 cents.

PAULINIA THALICTRIFOLIA.

A very beautiful plant. It is of a slender growth, producing very freely its beautifully cut leaves, which resemble the fronds of a highly divided Maiden Hair Fern. The matured leaves are of a striking bright green, the young shoots and foliage being of a beautiful rosy tint. 25 to 50 cents.

ERIOCNEMA MARMOREUM.

Plant dwarf, with habit of some of the Begonias, leaves green, striped with bands of white; a beautiful plant. 50 cents.

***BRIDGESIA SPICATA.**

An evergreen greenhouse creeping shrub, adhering to walls similar to Ivy; beautiful bloomer. 75 cents.

***CYANOPHYLLUMS.**

	Each.		Each.
* <i>Cyanophyllum Spectandum</i> , a grand plant with large velvety leaves and whitish ribs, which grow to an immense size and are very attractive. A fine plant for flower shows, fairs, &c., as it makes a beautiful specimen.....	1 00	* <i>Cyanophyllum Assamicum</i> , a very beautiful foliage plant, large fine foliage.....	50 cts. to 1 00
		* <i>Magnificum</i> , a grand specimen plant, having large beautiful foliage.....	75 cts. to 1 00

***SPHEROGYNE LATIFOLIA.**

A plant with the grandest possible foliage, large, broad and flat, deep green on top, under side cinnamon brown; very hairy leaves and stems; a grand specimen plant. One of the most attractive for exhibition. \$1.00 to \$2.00.

NEW SALVIAS.

<i>Salvia Amabilis</i> , deep violet, shaded porcelain blue and white. Very free bloomer.....	15	<i>Salvia Rutilans</i> (new), magenta flowers, fine.....	15
<i>Bethelii</i> (Involucrata), bright rosy pink tipped with white, extra fine.....	15	<i>Splendens Bruantii</i> , a dwarf-growing variety, producing fine large flowers of a velvety-red color.....	15
<i>Calicifolium</i> , flowers rich blue.....	15	<i>Splendens Hoveyi</i> (Ianthina), habit and general character of <i>S. Splendens</i> , but with dark blue flowers.....	15
<i>M. Issanchon</i> (new), flowers pure white, calix white striped, very fine.....	15	<i>Splendens, Mrs. Stevens</i> , flowers a deep crimson.....	15
<i>Nigrescens</i> , flowers of a blackish violet and lavender colored calyx.....	15		

NEW ABUTILONS.

<i>Abutilon A. Besson</i> , (new), bright red, compact habit, free bloomer.....	50	<i>Abutilon Ne Plus Ultra</i> , (new), rosy crimson, veined light.....	20
<i>Chrysostephanum</i> , (new), (Couronne d'Or), compact habit, in the way of A. Darwini, flowers sulphur-yellow, very fine.....	50	<i>La Candeur</i> , (new), a very beautiful pure white flower.....	20
<i>Chinois</i> , (new), beautiful orange salmon, large profuse bloomer.....	20	<i>Purity</i> , (new), flowers of the purest white, extra.....	50
<i>Comtesse de Greffhe</i> , (new), a superb white flower.....	25	<i>Royal Scarlet Flower</i> , (new), very bright.....	50
<i>Edouard L'ayeillon</i> , (new), deep rich golden yellow, flushed with rose.....	50	<i>Seraph</i> , (new), pure white, a long tubular-shaped flower very fine.....	20
<i>Firefly</i> , (new), compact habit, flowers brilliant red.....	30	<i>Sellowianum Marmoratum</i> , the leaves of this beautiful variety are very large and ornamental; their color is a golden yellow, richly tessellated with green.....	20
<i>Fire King</i> , very bright carmine, fine.....	20	<i>Toison d'Or</i> , color deep bright yellow, a very fine variety.....	20
<i>G. Delaux</i> , violet carmine, new color, beautiful, King of Roses, (new), flowers rich deep rose, of great substance.....	50	<i>Thompsoni plena</i> , a sport from J. Variegata, similar to it in foliage, with double flowers, orange-shaded and streaked with crimson.....	
<i>Moderste</i> , (new), bright red, veined with crimson, fine.....	20		

NEW EULALIAS.

<i>Eulalia Japonica Variegata</i> , leaf long, variegated. The flower stems are from 3 to 4 feet high, very reed-like, and produce loose panicles of flowers. The panicles are hairy and erect until dried, when they become elegantly curled, closely resembling "Lobelia" flowers.....	25	<i>Eulalia Japonica Zebrina</i> , the variegation in this lovely grass is across the leaf instead of longitudinally. It grows from four to five feet in height, is a most strikingly graceful plant. Its flower spikes are.....	50
--	----	---	----

PAMPAS GRASSES.--*Gynerium Argenteum*.

	Each.		Each.
* Pampas Grass, <i>Album Variegata</i> , white variegated Pampas Grass. This beautiful grass has all the grace and elegance of <i>G. Argenteum</i> , and flowering quite as freely; add to this its graceful foliage striped with silvery white.....	50 cts. to 1 00	* Pampas Grass, <i>Elegans</i> , a very vigorous and beautiful variety.....	1 00
<i>Argenteum</i> , the well-known Pampas Grass, with long graceful foliage, which gives off in autumn its beautiful silvery plumes.....	25	* <i>Elegans Niveo-vittatis</i> , another very elegant Pampas Grass, handsomely variegated.....	1 00
* <i>Stenackeri fol Variegata</i>	1 00	* <i>Aurea Variegata</i> , gold variegated Pampas Grass. Another beautiful variety, similar in its graceful habit to the last, but in this the foliage is striped with a deep yellow; a charming variety.....	50 cts. to 1 00
* <i>Wesseringi Variegatum</i> , a very beautiful variegated grass.....	1 00	* <i>Monstrosum</i> , very robust in growth.....	1 00

NEW POINSETTIAS.

<i>Poinsettia Alba</i> , flowers white.....	50	<i>Poinsettia Pulcherrima Major</i> , an improvement on the old species, both in the size of the individual bracts, and also in the far larger heads, which are of a bright scarlet, tinted with violet cerise.....	25 cts. to 50
<i>Pulcherrima Plenissima</i> (new Double Poinsettia), this magnificent plant is remarkable for its floral bracts, the size of the heads in which they are produced, and their marvellous brilliancy of color. The whole inflorescence is full and rosette-like, and of a most vivid and brilliant scarlet color.....	25 cts. to 50	<i>Rosea-Carminata</i> , in this fine variety the heads of bracts are larger, smooth, and of a brilliant rosy carmine.....	25 cts. to 50

DIEFFENBACHIAS.

<i>Diffenbachia Baraquiniana</i> , a fine vigorous plant with white stems, leaves green, spotted and blotched with pure white.....	30 cts. to 50	<i>Diffenbachia Brasiliensis</i> , a handsome variety; the ground color of the leaf is deep green, and the whole surface is mottled with small blotches of greenish yellow and white. A beautiful plant.....	30 cts. to 50
<i>Bausei</i> , it is a stocky-growing broad-leaved variety, with yellowish green leaves, which are irregularly edged and blotched with dark green, and also spotted with white, the marking being particularly effective.....	30 cts. to 50	<i>Eburnea</i> , distinct and very beautifully marked foliage.....	50
<i>Powmanii</i> , very large bright green leaves, blotched and marked with golden green; a grand specimen plant.....	30 cts. to 50	<i>Nobilis</i> , the leaves are of a deep rich green, marked over the central portion to within about an inch of the margin, with largish, angular, irregular and variously confluent white spots, which contrast with the color of the margin and intervening portions.....	30 cts. to 50
<i>Weirii</i> , it is of dwarf habit, the foliage of a bright green color, thickly blotched and spotted with pale yellow. This is one of the finest of the Dieffenbachias.....	30 cts. to 50	<i>Picta</i> , a very beautiful foliage plant, leaves a deep green, mottled with white; beautiful, 25 to 50	

MARANTAS.

<i>Maranta, Amabilis</i>	30	<i>Maranta Porteanna</i> , this is a vigorous growing species, with fine large foliage feathered with white.....	30
<i>Argyrea</i>	30	<i>Principes</i> , this plant attains a height of from 3 to 4 feet, the blade of each leaf measuring upwards of a foot in length. Centre dark metallic margined with light green.....	30 cts. to 50
<i>Bacquiriri</i>	30	<i>Pulchella</i>	30
<i>Bicolor</i> , deep green marked with dark brown....	30	<i>Regalis</i> , very beautiful, with fine foliage distinctly and finely marked.....	50
<i>Goveniana</i>	30	<i>Rosea picta</i>	50
<i>Illustris</i> , a beautiful marked species, with leaves of a rich lustrous green, being a rival to <i>M. Lindenii</i> and <i>M. Veitchii</i> , assuming the habit of <i>M. Rosea picta</i> whilst young. Towards maturity the tracery changes to a broader white one within the margin, 30 cts. to 50		<i>Sanguinea</i>	30
<i>Legrelliana</i>	50	<i>Tubispatha</i> , an elegant and very attractive species of erect habit of growth. Leaves some 9 or 10 inches long, light green, ornamented on each side the midrib with oblong blotches of cinnamon brown.....	30 cts. to 50
<i>Lietzei</i>	30 cts. to 50	<i>Undulata</i>	30
<i>Lindenii</i> , foliage very dark, with a golden feather along its centre. A fine species.....	30 cts. to 50	<i>Van Den Hecke</i> , leaves dark, satin-like, embellished by a large central line, surrounded by a silver disc.....	30
<i>Lubersi</i> (new), a very handsome species, foliage reticulated with yellow. Makes a handsome specimen plant.....	1 00	<i>Veitchii</i> , the leaves of this grand plant are upwards of 12 inches in length; the under surface of a rich purplish wine color, the upper of deep, shining green, blotched with conspicuous patches along each side of a yellowish green, almost verging on gray. The contrast is very marked, and the whole plant very beautiful.....	50 cts. to 1 00
<i>Massangeana</i> , a very distinct dwarf species. The variegation consists of three distinct colors. The mid-rib veins and middle portions of the leaf are silvery white, faintly tinged with blueish-green, then a broad band of blackish hue, the whole being surrounded by a belt of bright green, margined with a thin line of a lighter shade.....	30 cts. to 50	<i>Virginalis</i> , fine broad foliage, mid-rib has a broad band of white; a very fine plant.....	50
<i>Makoyana</i> , a very ornamental dwarf-growing species. Leaf-stalks slender reddish purple, blade of the leaf ovate, ground color olive green, beautifully and regularly blotched with creamy yellow, of a transparent character. On each side the mid rib are oblong dark green blotches, whilst the under side is rosy red.....	30 cts. to 50	<i>Wagneri</i>	30
<i>Micans</i>	30	<i>Warscewiczii</i>	30
		<i>Zebrina</i>	25

FICUS.--India Rubber Tree.

<i>Ficus, Elastica</i> , India Rubber Plant. Fine large shining foliage; a fine decorative plant.....	50	<i>Ficus, Australis</i> , foliage, a pretty ornamental plant.....	30
<i>Variegata</i> , see Novelties.		<i>Lucida</i> , leaves bright green, shining.....	30

	Each.
Ficus, Macrocarpa , a free growing shrub, with smooth terete stems and coriaceous glossy ovate-oblong entire leaves, five to six inches long and three inches broad.....	50
Macrophylla , (<i>Artocarpus Imperialis</i> .) A robust, vigorous grower with immense foliage.....	50

	Each.
Ficus, Parcelii , a splendid decorative plant with beautifully variegated foliage. The leaves, which are of large size, thin texture and coarsely serrated on the margins, are of a bright green color, profusely but irregularly blotched with creamy white and dark green.....	50

PANDANUS.--Screw Pine.**PANDANUS.**

Pandanus, Javanica Variegata , this variegated Screw Pine is well known as one of the finest decorative plants; leaves green, with broad stripes of pure white, gracefully curved; very beautiful.....	50 cts. to 1 00
Graminiformis , this has narrow, light green foliage; a pretty, graceful species.....	50
Utilis , Screw Pine; very fine decorative plant, with recurved graceful foliage.....	25 cts. to 1 00
Veitchii , this splendidly variegated Screw Pine is one of the most attractive plants. The leaves, which are of a light green color, beautifully marked with broad stripes and bands of pure white, are most gracefully curved, which elegant habit of growth renders the plant extremely effective.....	50 cts. to 1 00

PHORMIUM.--New Zealand Flax.

* Phormium, Atropurpureum , a very desirable species; habit the same as <i>P. Tenax</i> ; leaves reddish purple. This makes a distinct decorative plant for the conservatory, and a fine subject for the sub-tropical garden; a distinct and beautiful plant.....	
* Colensoi Variegatum , this beautiful plant has fine, broad, erect, pointed, dark green leaves, elegantly banded at the margin with one or sometimes with two conspicuous stripes of creamy white. It has the same mode of growth as <i>P. Tenax</i> , but is altogether distinct, while its more erect habit gives it quite a distinct appearance.....	\$1 00 to 2 00

* Phormium, Cooki Variegatum , an elegant, somewhat dwarf growing plant; leaves green, beautifully striped with golden yellow. Native of New Zealand.....	2 00
* Purpurea Fol Nigra Marginata , a distinct form of New Zealand Flax, with purplish green leaves, margined with black.....	2 00
* Veitchii Variegatum , this is a finely variegated form of the well known New Zealand Flax. The leaves are of the same size as the species, with conspicuous broad stripes of creamy white running out their whole length, and contrasting well with the light shining green ground color. It is a truly noble plant.....	\$1 00 to 2 00

YUCCAS.

Yucca, Alœfolia Variegata , we received a special premium for a fine specimen of this plant from the Maryland Horticultural Society. Leaves green, broadly striped and banded with yellow; a beautiful variegated plant.....	50 cts. to 1 00
---	-----------------

* Yucca, Quadricolor , the foliage of this is long, recurved and beautifully variegated; a very fine plant.....	1 50
--	------

DIPLADENIA, (Echites.)

* Dipladenia Amœna , flowers of a soft pink color, suffused with rose, somewhat resembling <i>D. Splendens</i> , but in every respect a great improvement on that variety, being of superior form, the lobes being stiff and round, instead of reflex and pointed.....	75
* Hybrida , a very floriferous variety; flowers resembling <i>D. Insignis</i> , both in color and form, but are produced in much greater profusion.....	1 00
* Profusa , this is a grand species, being very floriferous in character, blooming when very small, and lasting a long time in perfection. The flowers are 5 inches in diameter, rich carmine, of fine substance, produced abundantly in bunches from the axils of the leaves. This species has the best constitution of any <i>Dipladenia</i> we have grown, keeping its foliage nearly all the season. There is no plant more beautiful than the <i>Dipladenia</i> , lasting as it does four to five months in flower.....	1 50

* Dipladenia, Brearleyana , this splendid variety of <i>Dipladenia</i> is one of the best exhibition plants extant. Its superbly colored flowers, which are of the largest size, opening pink and changing to the richest crimson color. They have this remarkable peculiarity, that the color increases in intensity with the age of the flowers.....	1 50
Insignis , this is a fine addition amongst stove climbers and exhibition plants; flowers from 4 to 4½ inches in diameter, of great substance; tube white, the remainder of the flower being rich, deep, rosy carmine.....	1 50
* Williamsii , a splendid hybrid; color soft pink or rosy crimson; it is very profuse; flowers produced in large clusters, the raceme continuing to grow and produce a succession of blooms—a marked and desirable character in this variety. Its prolific blooming qualities will render it a most desirable plant.....	1 00

ALLAMANDAS.

Allamanda Hendersonii or Wardleiana , a distinct and beautiful species which blooms quite small and continues flowering nearly the whole year; the flowers are circular, of great substance, color of a rich deep yellow, fine habit.....	25 cts. to 50
---	---------------

Allamanda Nobilis , a distinct and beautiful new species, flowers equally as large as the finest form of <i>A. Hendersonii</i> , of a pure rich yellow, but which are greatly superior in form to others in cultivation, by their large firm lobes being more widely imbricated.....	25 cts. to 50
---	---------------

JASMINUM, SAMBAC, (Arabian Jasmine.)

	Each.		Each.
<i>Jasminum, Duchesse d'Orleans</i> , flowers double, white, like miniature white roses, deliciously fragrant, a very valuable plant.....	25	<i>Jasminum Trifoliata</i> , another fine variety, flowers white, like miniature roses, deliciously fragrant.....	30
<i>Grand Duke</i> , flowers double, white, like miniature white roses, deliciously fragrant, similar to the above, but distinct.....	25	<i>Hirsutum (single)</i> , a very free flowering winter blooming species.....	25 cts. to 50
<i>Grand Duchesse de Tuscany</i> , flowers double, white, like miniature roses, deliciously fragrant, in the style of the two preceding; very fine....	30	No plants can be more beautiful or fragrant than those blooming freely through the summer. All who grow choice plants should possess them.	

IXORAS.

<i>Ixora Amabilis</i> , of vigorous and compact habit, deep orange salmon, well formed flowers, borne in large trusses, which are produced in great profusion.....	50	<i>*Ixora Prince of Orange</i> , this variety is distinct in color from any other, and is a valuable addition to this ornamental genus. It is of free compact habit, flowers rich orange red, tinged with violet toward the centre, and produced in large and dense terminal corymbs.....	50
<i>*Colei</i> , a cross between <i>I. Coccinea</i> and <i>I. Alba</i> , having the strong, free, robust habit and large foliage of the former, and the pure white flowers of the latter.....	1 00	<i>*Fraseri</i> , a most effective and beautiful variety, of free and vigorous growth, with rich dark green foliage, and numerous large, terminal, globular flower heads, with blossoms of a brilliant flamed salmon color, upon carmine scarlet flower tubes, and rich under pedicels of flower stalks.....	50
<i>Coccinea Superba</i> , a beautiful variety, with very large heads of brilliant orange scarlet flowers, produced freely.....	50	<i>*Williamsii</i> , it is a free growing plant and an abundant bloomer, producing immense trusses of large flowers, of a very distinct and pleasing shade of reddish salmon. It is one of the very best varieties in cultivation.....	50
<i>Crocata</i> , deep orange, free grower, and profuse bloomer.....	50		
<i>Regina</i> , it is of compact habit, and the flowers are of a deep shade of color; the trusses are of a somewhat similar shape to those of <i>I. Coccinea</i> , but the plant is much more compact in growth than that variety.....	50		

CLERODENDRONS.

<i>Clerodendron Balfourii</i> , a beautiful climbing species, which blooms profusely on the young wood, flowers scarlet and white.....	25	<i>Clerodendron Speciosum</i> , this beautiful plant forms a fine intermediate variety between <i>C. Splendens</i> and <i>C. Balfourii</i> , rich rose or violet tinted crimson.....	30
<i>Thompsonii</i> , a very beautiful climbing stove plant, with crimson flowers, free, vigorous grower and profuse bloomer.....	25	<i>Coronaria</i> , a very desirable plant, flowers double, white, very fragrant, fine for bedding out.....	25

EUCHARIS.--Amazonian Lily.

<i>Eucharis Amazonica</i> , large pure white fragrant flowers, full four inches in diameter, and are produced in abundance on strong plants.....	50	<i>*Eucharis Sanderii</i> , a distinct and beautiful new species. Its snow-white flowers are produced in umbels, and the corona, which is marked with six yellow stripes, is so shallow that it merely projects as a rim beyond the mouth of the tube.....	50 cts. to 1 00
<i>*Candida</i> , a very beautiful species, flowers pure white.....	50 cts. to 1 00		
<i>Grandiflora</i> , large, pure white, very fragrant, 25 to	50		

CALLIPHURRIA SUBEDENTATA.

This is a very beautiful free flowering plant; flowers pure white, fragrant, similar to *E. Amazonica*. 25 to 50 cents.

IMATOPHYLLUM MINIATUM.

A very excellent evergreen, warm greenhouse or cool stove plant, intermediate between *Clivia* and *Vallotta* or *Amaryllis*, in style of growth, with dark green leaves and large corymbs of erect, large, clear rich salmon or light flame colored cup-like blossoms. 50 cents to 1.00.

LASIANDRA MACRANTHA FLORIBUNDA.

A magnificent plant of good habit and a most profuse bloomer; the flowers are rich violet blue, between five and six inches in diameter and produced nearly all the year through. It requires the same treatment as *Pleroma Elegans*. 30 cents.

RUELLIA MACRANTHA.

A Brazilian plant. Flowers freely of a fine violet-carmine, a pleasing color. This plant is of free growth in a warm house, flowering profusely and showy. One of the very finest winter blooming plants of recent introduction. 25 cents.

SILVER TREE (*Leucadendron Argenteum*.)

This beautiful small tree has silvery white foliage, very distinct and striking. It will undoubtedly prove hardy in Florida, California, and other parts of this country. 50 cents.

STEPHANOTHUS FLORIBUNDA.

This plant is not new, but as a valuable stove climber it is unequalled. The flowers are pure white, of a waxy texture, very persistent. Some large plants in one of my greenhouses were covered with bloom the whole of the past spring and summer. 25 to 50 cents.

TABERNÆMONTANA CAMELLIFLORA PLENO.--"Glory of the Day."

This plant is not new, but it is not cultivated to the extent it deserves; it succeeds well bedded out during summer, giving its lovely double fragrant flowers of the purest white in great profusion; excellent for bouquets, &c. 25 cents.

PARIS DAISY OR MARGUERITE.--(Chrysanthemum Frutescens.)

	Each.		Each.
Paris Daisy Alice Crousse , a very beautiful and useful variety in the way of Halleri Maxima, and producing flowers more freely than even that beautiful variety.....	25	Paris Daisy Frutescens , pure white, very free....	25
Compte de Chambour d, flowers yellow, smaller than those of Etoile d'Or, very perfect in form.....	25	Halleri Major , flowers pure white, free blooming, very useful for cutting.....	25
Etoile d'Or , unquestionably one of the finest decorative plants in cultivation, invaluable alike for pots, for summer bedding, and cutting purposes; it is possessed of a free yet neat habit, and produces in abundance beautiful soft yellow flowers, these from their neatness of construction and delicacy of color are most chaste in a cut state.....	25	Maxima , certainly one of the finest; the flowers which are considerably larger than those of the preceding variety, are produced freely, and are of the purest whiteness; the habit also is very good.....	25
Madame Farfouillon , very dwarf compact growing variety, flowers pure white, a fine form for bedding.....	25	Pinnatifidum .—The <i>Gardeners' Magazine</i> , in speaking of this graceful variety, says: "The variety labelled 'Pinnatifidum,' is, perhaps, the most beautiful of all." The flowers are pure white.....	25
		Maximum , this is a splendid and perfectly hardy Marguerite, producing flowers two to three inches across, pure white, with a yellow centre, invaluable for late summer and autumn decoration, or for cutting purposes.....	25

DOUBLE MARGUERITES.

Double Marguerite Aurora	25	Double Marguerite Conchiflora	25
Alba , pure white.....	25	Lutea Plena , beautiful bright, cheerful golden-yellow; neat, well-shaped flowers, for general purposes this is, perhaps, the most useful variety.....	25
Bicolor Plena , pale orange-yellow, gradually shading to white towards the edge of the flower.....	25		

ALOCACIAS.

Alocacia Alba Violacea , stems blue, striped white, large foliage.....	25	Alocacia Javinica , beautiful green.....	25
Auriculata	25	Jenningsii , a delicate green, heavy blotches of black.....	25
Bataviensis , foliage and stem dark purple.....	25	This class of Alocacias bed out finely.	

NEW TUBEROUS-ROOTED BEGONIAS.--Single Flowered.

The following novel and beautiful varieties will be found admirably adapted for the summer and autumn decoration of the greenhouse and conservatory; for they produce in the utmost profusion magnificent flowers of very large size, and great variety in color. They do not require stove cultivation, but will succeed well in a greenhouse. The tubers rest during the winter months, similar to Gladiolus, and can be easily re-started in growth in the spring. Their profuse flowering quality, and the charming variety of color of their blossoms, render them extremely showy and effective.

Begonia Admiration , orange scarlet, large and fine.....	1 00	Begonia Eldorado , (Lem.) a free flowering plant, flowers bright yellow.....	50
Agnes Saul , very large flower, pure white, superior to White Lady.....	50	Emperor , orange scarlet flowers, very brilliant, a grand flower.....	50
Aspasie , beautiful large, well-formed flowers of a rich glowing rose color.....	50	Excelsior , a large flower, cinnabar red, very fine.....	50
Boliviensis , the flowers are in great abundance, bright shining red in color.....	25	Fannie E. Saul , the flowers are large, of a brilliant amaranth, of free growth and profuse bloomer.....	25
Brilliant , flowers orange-crimson, very rich, superb.....	50	Frederici , splendid new species from Ecuador, very distinct and attractive, producing well above the foliage erect bunches of large brilliant scarlet flowers; the foliage is of a bright green color, furnished on the under side with a thick covering of white hairs.....	25 cts. to 50
Carminata , flowers large rosy salmon.....	30	John Laing , a brilliant carmine, large and fine, very showy.....	50
Chambersii , flowers free, large rosy salmon inside.....	30	John Saul , a grand flower, large, color dark scarlet crimson.....	50
Charles Baltet , (Lem.) large flowers of a rich vermilion, a beautiful variety.....	50	Message de Louvrex (Van Houtte), splendid orange red.....	50
Chelsoni , flowers large, drooping, bright orange, shaded with red.....	25	Miss Briscoe , rosy orange with white centre.....	1 00
Chicago , the flowers are of a glossy salmon red color.....	30	Miss M. C. Saul (Saul), very large, deep clear rose, beautiful.....	50
Countess of Kingston , intense purplish crimson, immense flowers.....	1 50	M. Marcotte , (Lem.) flowers large, of a beautiful tender rose color, very large and fine, a magnificent plant, superior to B. Roseflora.....	50
Crepuscula , (Lem.) flowers large and round, color salmon buff, a vigorous plant and free bloomer.....	25	Model , a free flowering variety, with finely-formed flowers of a beautiful carmine rose.....	50
Davisii , it is a native of the Andes of Peru. It is of the dwarfiest habit, the leaves and flowers all springing from the root stock. The scapes which rise erect above an elegant bluish green foliage are bright red; each scape bears three dazzling scarlet flowers.....	50	Mont Blanc (new), a vigorous grower and free bloomer, large white flowers.....	75
Diamond , (Lem.) flowers very large, of a vivid rose color, habit dwarf and compact, beautiful,	50		

	Each.		Each.
Begonia Jules Tanin , beautiful, carmine rose, very large.....	50	Begonia Teresa Saul (Saul), very large, color rose magenta, very fine habit.....	30
Mrs. John Saul (Saul), color yellow, in the way of <i>Pierceli</i> , but larger and finer in every way.....	50	Sutherlandii , flowers yellow, distinct and fine, <i>Trocadero</i> , a very vigorous variety, flowers enormous, color orange vermillion.....	25
Onyx , (Van H.) flowers very large, vermillion, shaded with very lively orange, reminding of the color of <i>B. Veitchii</i>	50	Trophee , (Lem.) a free flowering variety of neat habit, flowers cinnabar red.....	50
Oriflamme , (Lem.) very large flowers, of a carmine vermillion, brilliant and showy; vigorous, robust grower with large foliage.....	50	Velours , (Lem.) flowers of a rich vermillion, large and freely produced.....	50
Pierceli , the foliage is very pretty colored, flowers yellow, distinct and fine.....	25	Vicomtesse Doneraile , very large, rich vermillion, extra fine.....	1 00
Queen of Whites (new), fine free grower and good habit; flowers large, pure white, the finest white.....	75	Wilh. Liebnacht , (Lem.) flowers of immense size, color crimson vermillion and orange, very brilliant, fine habit and free bloomer.....	50
Rosina M. Saul , flower very large of a bright rich rose color; a charming variety.....	50	Wilh. Pfitzer , (Lem.) flowers rich carmine vermillion, centre <i>solferino</i> , very large in the way of <i>B. Veitchii</i> , but superior; magnificent.....	50
Rubens , (Lem.) color coral rose, very large, a magnificent flower.....	50	White Lady , flowers pure white, profuse bloomer.....	50
Sedeni , flowers are of the richest Magenta color, and of large size.....	25	Washingtoniana , orange vermillion, very large and fine.....	50
Solfatare (new), vigorous and fine habit, pure yellow flowers.....	75	Extra selected seedlings 25 cents each, \$2.00 per dozen. Seedlings mixed 20 cents each, \$1.25 per dozen.	

NEW TUBEROUS ROOTED BEGONIAS.--Double Flowered.

* Begonia, Argus (Lem.), fine double flowers of a rich vermillion, good habit and free bloomer.....	1 00	* Begonia, Marie Bouchet , enormous double flowers of a scarlet crimson, extra fine.....	1 50
* Davisi flo. pleno , flowers dazzling scarlet, very double. Habit dwarf and compact, a very beautiful variety.....	2 00	* Marie Lemoine , very large and double, color rich crimson.....	1 50
* Davisi lutea pleno , similar to the preceding, with orange yellow flowers.....	2 00	* M. Katelee , a beautiful plant, very double, finely imbricated.....	2 00
* Esther , large, very double, color a rich rose, a vigorous growing, free flowering variety.....	1 50	* Mrs. Wise , clear rose, with white centre, very double.....	1 50
* Gaston Malet , bright red, imbricated like a <i>camellia</i> , extra fine.....	1 50	* Pæoniiflora , enormous flowers of a bright rose color, extra fine.....	1 50
* Gilbert , deep <i>Solferino</i> , large and fine.....	1 50	* Phosphorescent (Lem.), flowers very large and double, brilliant deep vermillion, an exceedingly beautiful variety.....	1 50
* Glorie de Nancy (Lem.), a magnificent variety, with large, very double, beautifully-colored carmine flowers, very floriferous.....	1 50	* President Burelle (Lem.), flowers large and double, of a crimson scarlet, of a fine habit and free bloomer, a grand plant.....	2 00
* Lemoinei (Lem.), the flowers of this beautiful plant are like a double <i>Anemone</i> , of an orange vermillion, very beautiful.....	1 50	* Sceptre , flowers large and fine, cream, with a sulphur centre.....	1 50

NEW HYBRID TUBEROUS BEGONIAS.

* Begonia, Bruanti , in the way of <i>B. Schmidtii</i> , flowers white, very pretty.....	50	* Begonia, Massiliensis , a hybrid between <i>Semperflorens</i> and <i>Bruanti</i> , dwarf, compact habit, flowers pure white.....	50
* Erecta Superba , this splendid variety, which produces very large, brilliant scarlet flowers during the whole summer, is very showy and ornamental.....	50	* Martiana Gracilis , a fine New Mexican species. Flowers brilliant rose, good habit and free bloomer, a great acquisition.....	50
* Teutschni , new and fine.....	50		

NEW SHRUBBY BEGONIAS.

Begonia, Caracasana , flowers large, silvery rose, upright, vigorous grower and free bloomer.....	25	Begonia, Uthinkii , flowers crimson, free bloomer, compact habit.....	25
Schmidtii , flowers white during fall and winter,	25		

NERIUMS.--Oleanders.

We have given much attention to the collection of the very choicest *Neriums* from the finest growers in Europe, and the following may be confidently relied on as the finest in cultivation.

Nerium, Album Maximum , a very large and pure white semi-double.....	25	* Nerium, Lilian Henderson , this beautiful <i>Oleander</i> is the most prolific bloomer and finest of the white-flowered varieties. The flowers are double, full petalled, rose-like in form, with a delicious perfume; small plants blooming freely will cause this plant to be grown largely for decorative purposes, as well as being unique for the bouquet.....	50
Atropurpurea plenum , double rich color.....	50	Jean d'Arc , pure white, single, occasionally semi-double, a most profuse bloomer, a very valuable variety. Can be highly recommended.....	50
Cardinale (Double), rich double vermillion, lighter in centre of petals, one of the finest dark <i>Neriums</i> in cultivation.....	50	Luteum Novum (new), fine new single, pale sulphur.....	40
* Flavum duplex (new), semi-double, pale sulphur, distinct.....	50	Mad. Chas. Baitet , cherry carmine, large and very double, a fine variety.....	30
Geant de Batailles (s), light blush centre, petals edged with crimson.....	50	On small plants the double varieties frequently produce semi-double flowers.	
Gloriosum (new), flowers very large and double, of a brilliant cherry crimson, extra fine.....	50		
Grandiflorum plenum , cherry crimson, large and crimson.....	25		
Madoni Grandiflorum (new), beautiful semi-double pure white-flowered, splendid, free blooming, superb.....	30		
Souvenir de Claude Sahut , rich carmine, large and very double, very beautiful.....	30		

SAUL'S DOUBLE CHINESE PRIMROSES.--*Primula Sinensis Pleno*.

Each.

- * **Primrose, Mary C. Saul** (Lem.), a seedling raised in our establishment. The flowers are as large as a carnation, very double, of the purest white, fringed, habit strong and vigorous: the finest white *Primula* ever raised..... 1 50
- * **Grandiflora rubra**, very large, double red..... 1 00
- Mrs. John Saul** (Saul), this superb variety was raised in our establishment. The flowers are large, pure white, petals overlapping, beautifully serrated, of firm form, robust and compact habit, profuse bloomer. Can be safely recommended as the best double white *Primula* out..... 50
- * **Fannie E. Saul** (Saul) another of our seedlings, a counterpart in every particular of the last, except that the beautiful white blooms

Each.

- are occasionally flaked with vermilion, a magnificent flower..... 1 50
- * **Primrose, Rosina M. Saul** (Saul), this beautiful double flower is the style of the two last. The strain is of great vigor. The flowers, which are fully as large, are of a rosy crimson, fringed... 2 00
- * **Winefred Lawley** (Saul), this plant is of the same vigorous strain as the others, flowers fully as large and very double, the color is distinct and novel, a beautiful pink shaded with lavender, fringed..... 2 00

We recommend these beautiful *Primulas* to our patrons, believing they are unequalled by any others in cultivation. Their merits are well known to the florists of Baltimore and Washington.

BOUVARDIAS.

For autumn and winter blooming plants the *Bouvardias* are well known to every florist. They are of the easiest culture, giving their rich colored flowers in great profusion.

- Bouvardia, Alfred Neuner**, this is equal, if not superior, in profuse blooming quality to the valuable single white variety, *Davidsonii*, of which this double white one is a sport..... 25
- Alba Odorata**, pure white centre of great substance, and very richly fragrant..... 25
- Davidsonii** or **Vreelandii**, the finest of all white *Bouvardias*, and of the free growth of its parent *Ho arth*..... 25
- Elegans**, color a scarlet carmine, flowers and trusses of immense size..... 25
- Flavescens**, (new), flowers like *Jasminiflora*, but of a pale sulphur..... 25
- Floribunda**, flowers orange scarlet, very distinct and fine..... 25
- Humboldt Corymbiflora**, the blossom is the largest hitherto known in the group; the flower tube three inches in length, snow white and exquisitely fragrant..... 25

- Bouvardia, Candidissima**, pure white..... 25
- Hogarth**, splendid raceme, rich scarlet, vigorous grower, fine habit..... 25
- Jasminoides**, a beautiful species in the way of *B. Longiflora*, with larger terminal and auxiliary racemes of fragrant snow white flowers... 25
- Longiflora**, snow white, long tube, beautiful..... 25
- Leiantha**, dazzling scarlet..... 25
- Laura**, bright pink..... 25
- President Garfield**, double pink, quite as free in profusion of flowers as the *Double White*..... 25
- Rosea Multiflora**, of free growth and profuse flowering, color bright rose..... 25
- Sanguinea**, (new), color crimson vermillion; a very fine new variety..... 25
- Thomas Meehan**, double scarlet. See *Novelties*.
- Umbellata Alba**, broad, pure white petal lobes; it is in the style of *B. Davidsonii*, but much neater in its leaf growth..... 25

DRACÆNAS.--Dragon Tree.

Our rich collection of *Dracænas* has been awarded the first premium by the Maryland Horticultural Society for several years, and first premium at the "Cincinnati Exposition." For decorative purposes these plants are now extensively grown, their broad, dark, tropical foliage and graceful habit render them very appropriate.

- Dracæna Amabilis**, the ground color of the leaf is bright glossy green, becoming beautifully marked and suffused with pink and creamy white, the young leaves being occasionally of quite a rosy color.....50 cts. to 1 00
- Bausei**, leaves dark bronze, the margin crimson, and more developed on the upper ones, the youngest and uppermost being broadly and brilliantly edged with deep rose.....50 cts. to 1 00
- Baptistii**, the leaves are green, 1 to 1½ feet long, 4 inches broad, margined an irregularly and obliquely striped with narrowish creamy white flakes, passing through pale pink to deep rose.....50 cts. to 1 00
- Braziliensis**, a robust growing species, with large, broad green foliage..... 50
- Ensifolia** (*Dianella Ensifolia*), foliage green, fine window plant..... 50
- Elegans Rubra**..... 50
- Elegantissima**, the leaves are of a deep bronze, with a metallic lustre, and very distinctly margined with bright crimson, in the young leaves crimson of a lighter shade entirely predominates.....50 cts. to 1 00
- Excelsa**, of a deep bronzy hue, margined with deep magenta crimson. This bright color is continued throughout the edge of the leaf, breaks out into streaks and patches.....50 cts. to 1 00
- Fraseri**, leaves margined with bright rosy lake. The principal part of the leaf is of a blackish purple with a glaucous bloom; a marginal stripe of deep magenta runs down into the edge of the petiole.....50 cts. to 1 00

- Dracæna Frederici**, it has a compact, yet graceful habit of vigorous growth. Its leaves assume a rich, rosy crimson color, and is a grand decorative plant; one of the most valuable, as it colors beautifully in a small state.....50 cts. to 1 00
- Ferreæ**, foliage broad dark crimson.....30 cts. to 50
- Guilfoylei**, the ground color is bright green; fully one-half the leaf, however, is striped with white and bright rosy red, the latter color mostly forming the border in addition, 50 cts. to 1 00
- Haageana**, a very distinct variety, with green foliage.....30 cts. to 50
- Hybrida**, the older leaves are of a deep green color, margined with bright rose; as the plant attains age, the latter formed leaves become entirely suffused with deep rose and creamy white.....50 cts. to 1 00
- * **Laingi**, (new), the leaves are from 8 to 10 inches long, and from 2 to 2½ inches broad. The latest formed are pale green with broad bands and margins of creamy white faintly tinged with rose. The older leaves are deeper green bordered with crimson and white..... 1 50
- Macraeyi**, leaves are some eighteen inches long and about four inches wide, of a rich metallic bronze. It is very distinct in habit and color.....50 cts. to 1 00
- Macarthurii**, of very compact growth and bright colored foliage. They are very elegant both in form and coloring, the latter being especially brilliant and attractive.....50 cts. to 1 00
- Nigrescens**, foliage very dark blackish brown, a very distinct variety..... 50

	Each.		Each.
Dracæna Mooreana , the base of the leaf stalk and the midrib are of a bright reddish crimson color, which in the leaf itself, changes to a glossy bronze.....	50 cts. to 1 00	Dracæna Splendens , the color is a deep bronzy green, breaking out in the young growth into bright rosy carmine. The brighter coloring appears sometimes in stripes, and sometimes occupies the whole surface.....	50 cts. to 1 00
Magnifica , leaves nearly two feet in length and eight inches in breadth when the plant is well grown. The foot-stalks are reddish purple, and the leaves are rich bronzy brown suffused with pink.....	50 cts. to 1 00	Rosea-picta , a plant of robust habit and bold aspect. The leaves are beautifully colored with a delicate rose tint, which deepens by age to a bright carmine, finely contrasting with the ground color, which is a deep olive green.....	50 cts. to 1 00
Metallica , the leaves, together with the sheathing leaf-stalks, are of a uniform rich coppery purplish hue when young, becoming a dark purplish bronze when mature.....	50 cts. to 1 00	Speciosa , the leaves are striped or margined with a yellowish creamy white, stained and edged with light rosy pink; the ground color is rather light but pleasing olive green, 50 c. to 1 00	
Nigro-Rubra , an exceedingly beautiful plant; leaves upwards of eighteen inches in length, ground color rich brown, the centre crimson, shaded with rose.....	50 cts. to 1 00	* Superba , this is, without doubt, the most slender and graceful growing variety ever offered. The leaves are pendulous, arching, from 12 to 18 inches long, from 1 to 1½ inches broad, linear lanceolate, dark bronzy green, margined and striped with bright crimson.....	1 00
Porphyrophylla , a noble stove shrub of erect habit, with bold, broadly oblong leaves of a fine deep bronzy green color.....	30 cts. to 50	Terminalis , foliage bright crimson.....	25 cts. to 50
Princess Margaret , a very fine variety. The leaves when first expanded are creamy white, slightly shaded with green, with a few oblique stripes of deep green, with a pale crimson midrib.....	50 cts. to 1 00	Alba , this is <i>D. Terminalis</i> , but with white variegation. The ground color bright green, with bold pure white variegation, the upper leaves being white, while leaf-stalks are also edged with white, colors very early, 50 cts. to 1 00	
Robinsoniana , light olive green, very much striped with bands of bronzy crimson and greenish white.....	50 cts. to 1 50	Stricta , a variety with brilliant foliage.....	25 to 50
Shepherdii , this takes on its distinctive coloring gradually on the older leaves, the young ones being green, and showing paler green stripes on those parts which take on at a later period the peculiar bronzy orange hue, 50 c. to 1 00		Wisemanii , leaves of a bronzy hue, red at the margins, and breaking out into white in the younger growth.....	50 cts. to 1 00
Spectabilis , foliage long, green, very graceful.....	25 cts. to 50	Specimens and half specimens of all can be supplied during summer and autumn, suitable for exhibiting at Fairs, Flower Shows, &c., at moderate prices.	

CORDYLINES.

Cordylina Australis , a very long, narrow, graceful foliage.....		Cordylina Veitchii Rubra , dark foliage.....	50
Indivisa , long, narrow and graceful foliage.....		Australian plants of much grace and beauty, admirable for vases, single specimens on lawns, &c.	
Lineata	50		

CROTONS.--(Codicæum).

The ornamental plants are natives of the South Sea Islands; they are among the most beautiful of variegated plants, the leaves being blotched with yellow and red in various ways, which renders them most attractive and valuable for decorative purposes. They are of the easiest culture, succeeding in any warm greenhouse.

Our rich collection of Crotons has been awarded the leading prizes by the Maryland Horticultural Society for some years, and first premium at the Cincinnati Exposition.

Croton Aurea-Maculatus , a small leaved variety of very neat and compact habit. The leaves are not more than 3 inches long and 1½ inches broad, deep but bright green, profusely spotted with golden yellow.....	25 cts. to 50	Croton Nobilis , a beautiful variety with long pendulous leaves, richly colored with many tints. The colors are crimson, yellow, and green in many shades, the crimson being predominant in the stems, footstalks of the leaves and mid-ribs, where it is bordered by bands of deep golden yellow.....	25 cts. to 50
Andreana , a variety of neat habit and free growth. The foliage colors in the most exquisite manner. One of the most beautiful of Crotons.....	50 cts. to 1 00	Irregularæ , leaves broadest at the base, about 9 inches long, scarcely two leaves resembling each other; ground color dark green, mid-rib orange yellow, with the upper surface of the leaf irregularly spotted and blotched with yellow.....	25 cts. to 50
Bismarcki , the color is a deep green, with a broad band of golden yellow along the costa, and yellow markings, in addition to which a few slight yellow blotches are scattered over the surface.....	25 cts. to 50	Johannis , the leaves are from twenty to twenty-four inches long, narrow and pendulous, ground color bright shining green, the margins and mid-rib bright orange yellow, a beautiful variety.....	50
Bicornutum , this is a curious and handsome variety; leaves irregular in shape, dark green, blotched and spotted with yellow, and having a horn like extension of the mid-rib, which has given rise to its name.....	50 cts. to 50	Lord Cairns , this has trilobate leaves. The color of the foliage is a bright green, the mid-ribs of the leaves a light yellow, blotched and spotted with the same color, the spots and blotches being irregularly scattered over the surface.....	25 cts. to 50
Chrysophyllum , at the upper ends of the shoots they appear to be almost entirely golden. The upper leaves are shorter than the lower, somewhat wavy-edged and occasionally about once twisted; the petioles are red.....	25 cts. to 50	Mooreanus , the color and markings are rich and distinct. The mid-rib and margin of the leaf are of a clear orange yellow, with the blade crossed with parallel bands and stripes of the same color.....	25 cts. to 50
Disraeli , in the newer leaves the mid-rib and margin of a light yellow. As the foliage becomes older the yellow subsides to a bright orange yellow. In the mature leaves the margin is a bright scarlet, and the mid-rib is striped by a band of the same bright color.....	25 cts. to 50	Majesticum , a truly grand variety, leaves from twelve to eighteen inches long, when young the leaves are deep green, ribbed with golden yellow, the green changing with age into a deep olive and the yellow becomes crimson.....	25 to 50
Interruptum , very long leaves, nearly an inch broad, mid-rib bright scarlet, shading to a golden yellow. An exceedingly graceful plant.....	25 cts. to 50		

	Each.		Each.
Croton Multicolor , leaves irregular in shape, contracted in the centre and twisted at the point, light green blotched with yellow, but changing to glossy green blotched with yellow, reddish yellow and red, the mid-rib crimson.....	25 cts. to 50	Croton Picta , foliage dark green, spotted with red and yellow.....	25 cts. to 50
Spirale , the spiral leaves render it most distinct, they are from nine to twelve inches in length and pendulous; in a young state, the ground color is deep green, striped up the centre with a broad band of golden yellow; with age they change to a deep bronzy green.....	30 cts. to 50	Veitchii , a splendid variety. The leaves attain a length of twelve to fourteen inches, and two and a half inches in breadth, and are traversed by broad bands of creamy yellow, which change with age into rose and carmine purple.....	25 cts. to 50
Tortilis , a remarkably fine variety with twisted foliage, very distinct. The mid-rib of each leaf grows in a spiral from the base to the point. The ground color is of a deep olive green, the mid-ribs of the mature leaves bright crimson, bordered on each side with a line of deep yellow.....	30 cts. to 50	Volutum , the leaves being rolled up from the end in a volute, after the manner of the curving of a ram's horn. The ground color is deep green, a golden bar runs down the centre, from which yellow veins diverge at about half-inch intervals, and meet near to, and so as to coalesce with the golden margin.....	50
Undulatum , the edges of the leaves beautifully undulated and wavy, and the variegation consisting of numerous markings and blotches, which in the matured leaves are of the brightest crimson, and in the young leaves, at first yellow.....	25 cts. to 50	Weismannii , this is one of the most beautiful of all the forms; leaves about a foot long and three-fourths of an inch wide; ground color shining bright green striped and mottled with golden yellow.....	25 cts. to 50
Variegatum , leaves dark green, blotched and spotted with golden yellow.....	25 cts. to 50	Youngii , a magnificent Croton; the leaves are of great substance, from 1½ to 2 feet in length, deep red underneath, while the upper surface is dark green, densely blotched and suffused with creamy yellow, and bright rosy red.....	30 cts. to 50
Rubrum , leaves dark green, striped and spotted with red and golden yellow.....	25 cts. to 50	Specimen and half specimen plants of all can be supplied during summer and autumn, suitable for exhibiting, at moderate prices.	

HIBISCUS ROSA SINENSIS.--Chinese Hibiscus.

(All are Magnificent Plants for Bedding Out.)

Hibiscus Collierii , (new), a remarkably distinct variety. The flowers are of a buff-yellow, with a crimson scarlet base, and are particularly handsome.....	30	Hibiscus Miniata Semi plena , brilliant flowers of a vermilion scarlet color, darker towards the base of the petals. The flowers are semi-double.....	25
Cruentus , the flowers are compact and double, of a remarkably rich crimson red, and having a strikingly showy character.....	25	Lambertii , flowers large, of a deep crimson, very fine.....	25
Carminatus perfectus , it has very large flowers, nearly five inches across, with broad and slightly undulated petals, of a rich soft carmine rose, with a deep crimson eye.....	25	Rosa Sinensis , flowers deep crimson, single.....	25
Cooperii tricolor , beautifully variegated in foliage and flowers.....	25	Variegata , leaves beautifully variegated with white.....	30
Fulgidus , flowers very large, composed of fine, broad, round and beautifully undulated petals, of an intense carmine scarlet.....	25	pleno rubra , double crimson.....	25
Grandiflora , this is a beautiful new plant in the way of the fine old plant <i>H. rosa Sinensis</i> , it has very large flowers of rosy crimson.....	25	Jaune , double yellow.....	25
Puniceus , the flowers are double, neat and compact, of a very elegant crisped appearance, color bright dense crimson.....	25	Aurantiaca , double orange.....	25
		Schizopetalus , one of the most remarkable varieties of <i>H. Rosa Sinensis</i> ; the petals are deeply lacinated and fringed, as are the petals of Mignonette, Clarkia, &c. Its drooping flowers with reflected orange red, and lacinated petals render this plant not only a curiosity, but highly valuable as a decorative plant.....	50
		Van Houttii (new,) another magnificent flower, large, of a deep crimson, extra fine.....	25

GARDENIAS.--Cape Jasmine.

The Cape Jasmine is well known for its delicious fragrance, as well as the beauty of the flowers, which are large, white and double.

Gardenia Citriodora , single white, very fragrant.....	25 cts. to 50	Gardenia Radicans , profuse bloomer, double white.....	20 cts. to 40
Camelliflora , large double white.....	25 cts. to 50	Variegata , variegated leaves, double white flowers.....	20 cts. to 50
Florida , large double white.....	25 cts. to 50	Fortunii , fortune's large double white.....	25 cts. to 50
Major , very large double.....	25 cts. to 50		
Majestica , very large double white.....	25 cts. to 50		

SWEET SCENTED VIOLETS.

*Violet Argentæflora (Lees.) the largest and finest of all the single Violets. Flowers half an inch in diameter; bluish veined and suffused with lilac, leaves small. A free and very fragrant Violet. A distinct acquisition.....	30	Violet Marie Louise , very fine double flowers, purple, with white centre, forces well.....	
Belle de Chatenay , new double white violet. The flowers are pure white, most delicately perfumed, of immense size and very double.....	20	Double Blue Neopolitan , light blue.....	
Belle de Chatenay , violet colored (new,) distinct and beautiful, very large and double.....	25	Odoratissima (Lees.) this is a beautiful new single violet, very large, color purplish azure.....	
Czar (single,) very large purple, hardy and fragrant.....		Princess Louise , double white, fine.....	
White (single,) a pure white variety of the last, very desirable.....		Rubra plena (new,) double red violet, very distinct.....	
Marie de Savoy (new,) the largest of Violets, color deep blue with a white centre, very fragrant. This violet will be largely grown by florists; a grand flower.....	20	*Swanley White (new,) a magnificent variety, flowers large double, pure white, deliciously scented.....	30
		Schenbrun , ever blooming, single dark blue, very hardy.....	
		Victoria Regina (Lees.) this is a most beautiful single violet, pale blue.....	
		Price 15 cents each, \$1.50 per dozen (save where priced.) Large plants in autumn, 25 cents each, \$2.00 per dozen.	

LAGERSTRAMEA.--Crape Myrtle.

	Each.		Each.
Lagerstramea Indica Alba , white Crape Myrtle, a very beautiful shrub.....	25	Lagerstramea Indica New Crimson , bright deep crimson, no variety hitherto introduced approaching it in color; a profuse bloomer, giving immense heads of its rich flowers.....	25
Indica Rosea , rose or pink, the variety generally grown.....	25	The Crape Myrtle is well-known in this latitude and South as our most beautiful summer flowering hardy shrub. North, it will need protection.	
Purpurea , a bright purple, a vigorous grower and free bloomer.....	25		
Magenta , color a bright magenta.....	25		

PUNICAS.--Pomegranates.

Punica Alba Pleno , double white.....	25	Punica Nana Improved , it blooms freely in a small state, and larger specimens are sheets of bloom. Being such a profuse bloomer it is exceedingly desirable from its rich color, brilliant orange scarlet.....	25
Legrelliae Pleno , reddish yellow bordered with white, very double, splendid.....	25		
Rubra Pleno , double red.....	25		
Prolifera , a profuse flowerer.....	25		

NEW AND RARE HARDY TREES AND SHRUBS.

Abelia Rupestris , a dwarf compact shrub, flowers pure white in long racemes during summer and fall; a beautiful shrub, quite hardy.....	20	Climbing Hydrangea , (Schizophragma Hydrangeoides), this is described as clinging to trees to the height of 50 feet, producing corymbs of white flowers of the size of ordinary Hydrangeas. It clings exactly like ivy.....	50
Althea Coelestis , (Rose of Sharon, Hibiscus Syriacus), a distinct and beautiful variety with single blue flowers.....	75	Cocculus Carolinianus , a rapid growing climber, perfectly hardy. It produces racemes of vivid scarlet berries, which hang on the vines all winter.....	25
Andromeda Arborea , (or Oxydendron)—Sorrel Tree, a rare American small tree, known in Europe as Lily-of-the-Valley Tree, from the resemblance of its blooms to that lovely flower.....	50	*Daphne Genkwa (Japan Daphne), an exceedingly beautiful small shrub, with long downy twigs, which in spring before the leaves appear, bear violet colored fragrant flowers about an inch long; one of the most beautiful of early flowering shrubs.....	75
*Azalea Ghent , in varieties, finest from seed.....	1 00	Desmodium Japonicum , a pretty dwarf Japanese shrub, which is quite hardy. Its drooping branches are entirely hidden by millions of its white flowers which are freely produced from August to beginning of winter.....	25
Acer Polymorphum , dwarf Japanese Maple.....	50	Penduliflorum , similar to the last, with purple flowers.....	25
*Atropurpureum , foliage deep purple shaded with claret; a beautiful variety.....	1 50	Dimorphanthus Manchuricus , this noble deciduous shrub has been introduced from Manchuria, and therefore is perfectly hardy. Its handsome multifid leaves are about a yard in length, and as much in breadth, similar to Aralia Japonica.....	50
*Dissectum , foliage similar to the above, but deeply cut.....	1 50	Gelsemium Sempervirens Pleno , double flowered Carolina Jessamine, an exceedingly beautiful climber; rich yellow flowers.....	50
Rosea Pictis , foliage deeply and finely cut.....	1 50	Hydrangea Japonica , Mad. Von Siebold, a fine new Hydrangea.....	50
*Palmatifidum Atropurpureum	1 50	Ramis Pictis	30
*Reticulatum , deeply lobed leaves, reticulated with white and yellow.....	1 50	Hypericum Patulum , its individual flowers, which are produced in bunches, are pale yellow and of great substance, resembling much in appearance the beautiful Gardenia Javani-ica.....	25
*Rosea Marginatus , leaves tipped and edged with rose.....	1 50	Ideasia Polycarpa , a very beautiful new Japanese tree. The flowers are of a yellowish green, in long gracefully drooping branched racemes. They are deliciously fragrant, their color resembling that of a Vanda. These are followed by numerous orange berries, about as large as a small cherry. Tree quite hardy.....	50
*Rufa Nerva	1 50	Ligustrum Japonicum Tricolor , a very fine variegated shrub, centre of leaf green, broadly margined with silver.....	30
*Sanguineum , blood leaved, deeply lobed, leaves a rich colored and very beautiful Maple.....	1 50	Lonicera Gigantea , a shrubby species, large and fine.....	50
*Japonicum , of slow compact growth, with large leaves; a very distinct and handsome species.....	1 50	Planteriensis , (new), climbing species.....	25
*Castanifolia , a very distinct and handsome Maple.....	2 00	Muhlenbeckia Complexa , an exceedingly pretty trailing plant, with small round leaves thickly set upon the branches, having very much the appearance of a Maiden Hair Fern.....	25
Aralia Seiboldi , a very handsome evergreen with large, shining, green leaves, nearly or quite hardy; a fine decorative plant.....	50	Neviusia Alabamensis , "Snow Wreath." A new native shrub of great beauty. It occurred in thickets under a long escarpment of rock, and when in full bloom looked like a snow wreath. In its native place it had a southern exposure at the base of a high cliff, and at an elevation above the tops of the trees below; at that place I have seen virgate wreaths of it three feet long covered with bloom.....	40
Callicarpa Purpurea , it blooms in August; these are succeeded by a crop of small berries, which are of a bright lilac purple, and which continues up to winter.....	30		
Carpenteria Californica , this is an extremely rare shrub, even in its native habitat. It is a handsome shrub, the flowers being large, pure white, with yellow tipped stamens. The leaves are broadly lance shaped, of thick texture, with recurved margins; it grows from six to fifteen feet in height and is very bushy. One of the most valuable shrubs which have been introduced for years. A great acquisition.....	1 00		
Ceanothus, Marie Simon , large spikes of rosy carmine.....	50		
Scepter Azur , long spikes of azure blue.....	50		
Cedrela Sinensis , a very beautiful hardy tree of rapid growth, from north of China, with large foliage similar to Ailanthus, and yellowish bark. This is a very handsome new tree, very desirable for gardens, lawns, cemeteries, &c., its fine, large, shining foliage being most distinct, and the tree, withal, perfectly hardy.....	50		
Clerodendron Viscosissima , (Bungeana), this is a handsome hardy shrub from Northern China; the flowers emit a delicious perfume; flowers lilac rose, in dense terminal corymbs, a very desirable new shrub.....	30		
Crataegus Lalandi , a variety of Pyracantha, much superior to the type, has deeper colored berries and a more compact and better habit.....	25		

	Each.		Each.
<i>Othra Japonica</i> , a beautiful Holly-like evergreen from Japan, hardy south.....	75	<i>Styrax Japonica</i> , this is one of the finest hardy shrubs, of vigorous compact growth; blooms early and most profusely; the plants are sheets of bloom, which are pure white, most charming, admirably adapted for cemeteries.....	25
<i>Philodendron Amurense</i> , a pretty medium sized tree from the Amour, with a straight stem and dense head and long pinnated foliage, produces the Siberian cork. This is just now (November) a beautiful object in my garden. My specimen tree is about 12 feet in height, and has a tall pyramidal crown of from 3 to 6 feet. The form of its foliage, which is deeply lobed, gives it a singular appearance, and the coloration of the leaves, which are bright red, is very fine. It retains its foliage very late." — <i>Naz Leichtlin</i>	50	<i>Syringa</i> , (Lilac), <i>Hyacinthiflora pleno</i> , a magnificent double flowered lilac; large thyrses of rich double lilac flowers.....	75
<i>Paeonia Moutan Banksiae</i> , double Chinese Tree Paeony. A magnificent flowering shrub, quite hardy.....	1 00	<i>Lemoinei pleno</i> , another magnificent double flowered lilac, with immense thyrses of delicate rose colored flowers; a grand and exceedingly beautiful plant.....	50
<i>Perottia Persica</i>		<i>Rubella pleno</i> , immense thyrses of double mauve colored flowers; a grand variety.....	75
<i>Prunus Pessardi</i> , the finest hardy ornamental tree that has been introduced for some years. Tree of medium size, wood and leaves very dark purple from its formation to ripening; the fruit is also black.....	1 00	<i>Renoncule</i> , very double, Ranunculus shaped, color azure mauve, immense thyrses, very fine.....	75
<i>Pyrus Maulei</i> , this desirable new fruit is allied to the Japanese Quince. The fruit is of the size of a moderate Quince, of a bright apricot color, and makes a rich conserve. The flowers, which are produced in great profusion, are of a most brilliant orange scarlet color. It is one of the most beautiful flowering trees of recent introduction, as well as a valuable fruit. Small plants.....	50	<i>Wiegelia Incarnata</i> , a beautiful bright colored variety.....	25
<i>Japonica Alba Semi-pleno</i> , semi-double white Japan Pyrus.....	50	<i>Beranger</i> , flowers crimson, very free.....	25
<i>Nivalis</i> , purest white.....	1 00	<i>John Standish</i> , (Japonica), large flowers of purplish crimson.....	25
<i>Phyllirea Vilmoreana</i>		<i>Ed. Andre</i> , a very beautiful new variety, interior of flower purple, exterior very dark blackish purple.....	25
<i>Rhododendron Catawbiense</i> , finest seedlings, 1 to 2 feet.....	\$1 00 to 2 00	<i>August Wilhelm</i> , (new), rosy amaranth.....	25
<i>Caucasica Alba</i> , white.....	1 50	<i>Candida</i> , (new), the finest and purest white.....	40
<i>Maxima</i> , large leaved, 1 to 2 feet.....	\$1 00 to 2 00	<i>Jean Mace</i> , purple.....	50
<i>Punctatum</i>	1 00	<i>Othello</i> , carmine.....	50
<i>Spiraea Bumalda</i> , flowers rose.....	50	<i>Grandiflora Alba</i> , a grand flower, purest white.....	50
<i>Crispifolia</i> , bright rose.....	50	<i>Zanthoceras Sorbifolia</i> , this is one of the most beautiful hardy shrubs which have been introduced for years. It is a native of central China. It is a shrub or small tree, not attaining over ten or twelve feet in height and bushy. The flowers expand during April at the same time as the leaves, and are disposed in racemes which attain a height of eight inches, and sometimes more. They are white, having a slight fleshy tint and reddish copper colored at the base, shading off to a purple violet. This lovely shrub is perfectly hardy...	75
<i>Rotundifolia Alba</i> , pure white.....	50		

CLEMATIS.

Among the most beautiful of climbing plants are the Clematis—whether trained over lattice work, on pillars, or trailing on the ground. There can now be found among them great variety of colors; all are profuse bloomers and quite hardy.

CLASS I.

Perpetuals, summer and autumn bloomers flowering on shoots of the same year's growth, raised between *Lanuginosa* and *Viticella*, except those marked with (s), which are species.

<i>Clematis Alba Magna</i> (new), large, pure white flowers; a magnificent Clematis.....	50	<i>Clematis Marie Lefebvre</i> , flowers from six to seven inches in diameter, delicate violet white with purplish lilac band in the centre of each petal.....	50
<i>Alexandra</i> , large flowers, color reddish violet, blooms finely through the summer.....	50	<i>Jackmanii</i> , a lovely hardy climber, with large flowers of a deep purple light violet; a profuse bloomer.....	50
<i>Asciotisensis</i> , the flowers containing six petals each, color a fine azure blue; it is a most profuse bloomer.....	50	<i>Jean d'Arc</i> , flowers white, large and perfect, with three pale blue stripes on each petal. The plant is of a vigorous habit.....	40
<i>Atropurpurea</i> , large and intense crimson blue, <i>Aureliana</i> , flowers large and of a lively porcelain blue.....	30	<i>Lady Boville</i> , very free flowering, bright blue, <i>Lady Caroline Neville</i> , color delicate blush white, with a broad purplish band in the centre of each petal.....	50
<i>Coccinea</i> , (s) a native Southern species, quite hardy, flowers small, bright scarlet; a very interesting plant.....	25	<i>Lanuginosa</i> , a beautiful species, with light azure flowers, which form an admirable contrast to the others.....	40
<i>Duke of Edinburgh</i> , this is a fine variety, flowers large, six-sepaled, of a rich violet purple. One of the most attractive.....	50	<i>Candida</i> , flowers large pure white, beautiful, <i>Nivea</i> , a variety of the last, with large, white flowers, a very fine and distinct sort.....	50
<i>Erecta pleno</i> , (s), flowers double white.....	50	<i>Lawsoniana</i> , a large and very fine flower, of a fine rose purple, a free and continuous bloomer, <i>Louis Van Houtte</i> , double white, rose azure stamens—a beautiful flower.....	50
<i>Flammula</i> , (s), sweet scented, the flowers are small, pure white and fragrant.....	25	<i>Mad. Granger</i> , flowers large purple violet with maroon midrib, redder than any other Clematis, <i>Mad. Van Houtte</i> , a splendid variety; white suffused with a bluish mauve colored tint.....	50
<i>Fulgens</i> , violet purple, with a reddish band through the centre of each petal.....	40	<i>Montana</i> , (s), a Himalayan species, flowers white, <i>Mrs. Baker</i> , white, with dark carmine ribbon, a large and beautiful flower, free bloomer.....	50
<i>Gem</i> , a most profuse bloomer, continuing in full beauty late into the autumn; flowers large, a most intense rich blue.....	50		
<i>Gloire de St. Julien</i> , French white, a very large flower; very extra.....	50		
<i>Graveolens</i> , (s), a very distinct species, of rapid growth, a most profuse bloomer, color yellow—very distinct, quite hardy.....	25		
<i>Henryi</i> , a magnificent large white flower; a free grower and most profuse bloomer.....	50		

	Each.		Each.
Clematis Mrs. James Bateman , a very large lavender blue.....	40	Clematis Symeiana , delicate shade of pale mauve or lavender blue; a striking variety.....	50
* Otto Frobel , this variety is remarkable for vigor, and the flower is of immense size and perfect in form, the sepals being sufficiently broad to be well imbricated. The color French white.....	75	Thomas Tenant , white, with pale rose changing to ivory white, very handsome.....	50
Princess of Wales , large flowers of a deep rich velvet purple, with red bars down the centre of petals; a beautiful variety.....	40	Tunbridgensis , flowers four to six inches in diameter, dark blue, and ribboned on the centre of each petal with purple.....	50
Rubella , flowers of a rich velvety claret, the deepest color of any Clematis, generally has six petals to each flower.....	50	Velutina Purpurea , very profuse bloomer, color blackish mulberry.....	50
Samuel Moulson , mauve, with a reddish tint on the bars.....		Viticella , flowers purple, very fine.....	25
Star of India , flowers from four to five inches in diameter; color rich violet purple, with a rosy purple band in the centre of each petal.....	40	Venosa , a reddish purple, reticulated with white.....	40
Thomas Moore , deep rich violet tinted purple, a very large flower, occasionally nine inches in diameter.....	50	Grandiflora (new), a magnificent variety, free grower and free bloomer; color mauve, marbled and veined with white; very large flower with six and seven petals.....	50
		Alba (new), free grower and profuse bloomer, color pure white.....	50
		Rubra Grandiflora , a vigorous free growing variety, flowers profusely, color a violet red... 12 very fine, my selection, \$4.00.	40

NEW CLEMATIS.--(Class I.)

Clematis Andre Leroy , an immense flower of the finest form, color rich violet, with a metallic hue; a grand flower.....	40	Clematis Mad. Thibaut , an immense flower; white, a broad band of rose in the centre of the petals.....	75
Belisaire , very large, eight petals, bluish lilac, light centre.....	75	Lord Nevill , a really first-class variety, flowers very large and well formed; rich dark plum, edgings of sepals being finely crimped.....	1 00
Blue Gem , flowers very large, shaded with mauve, Devoniansis, flowers large, delicate azure blue, very free bloomer, extra.....	50	Mad'le Eliza Schenk , a large and fine Clematis of a rich blue.....	50
Duchess of Teck , flowers pure white, six-sepaled, with a faint, delicate mauve bar down the centre when first opened.....	50	Marie Boisselot , an immense flower, pure white, the finest white Clematis.....	1 00
Duke of Norfolk , a large beautiful flower, having eight sepals of a rich mauve.....	40	Moritkata Oke , a beautiful new variety, satiny French white, closely set and slightly cupped, flowers very perfect in shape.....	75
Enchantress , double white, large, extra.....	75	Mrs. Hope , satiny mauve, bar rather dark tint, sepals broad and over-lapping, forming a full slightly reflexed flower.....	50
Fairy Queen , flowers very large, occasionally measuring nine inches across; color pale flesh, with a pink bar in the centre of each sepal, shaded purple at the base.....	50	Mrs. Moore , very large flowers, white, barred in centre with mauve.....	75
Gipsy Queen , an extremely rich, bright, dark velvety purple variety of the Jacksonii type; very free, late flowering.....	50	Purpurea Elegans , flowers large, fine form; color deep violet purple, well contrasted by its light colored filaments and pinkish brown anthers.....	50
Grand Duchess , a large flowered and very effective eight-sepalled variety; the flowers of which, in some instances, were as much as ten inches in diameter, but often only eight inches. The color is white, slightly flushed with rose, 1 00		Reine Blanche , a lovely white flower, delicately margined, with sepals, fringed.....	50
Herbert Spencer , in the style of Jackmanii, large violet blue, extra fine.....	75	Venus Vitrix , flowers double, of beautiful form, a delicate lavender, extra fine.....	1 00
La Nympe , flowers very large, pure white, with rosy stamen, fine.....	75	Vesta , the flowers are five inches across, and consisting of eight or more spreading sepals of a dead white color, with a creamy tinge over the centre bar.....	50

CLASS II.

The following varieties flower in spring and early summer, from the old or ripened wood of the previous year's growth, have been raised from Patens:

Clematis Albert Victor , a thick velvety texture, flowers large deep lavender, with brown ribs down the centre petal.....	40	Clematis Lady Lonsborough , color a delicate silvery lavender with a white stripe down the centre of each petal.....	40
Avalance , flowers large double white, extra.....	1 00	John Gould Veitch , a magnificent "Double Blue Clematis." It is a profuse bloomer, the flowers being very double, of a large size, and of a beautiful light blue.....	50
Excelsior , flowers large, finely shaped and occasionally double, the outer petals resembling the guard petals of a Hollyhock, color rich deep mauve.....	50	Lucie Lemoine , fine double white, the flowers are composed of seventy-five to ninety petals. In the first period of its flowering the blooms are semi-circular in shape, resembling a gigantic double white Zinnia.....	50
Fortunei , a very fine species from Japan, flowers double, white and fragrant.....	40	Miss Bateman , a magnificent plant; the blooms are large, of good shape and pure white, banded with creamy white down the centre of each petal.....	40
Florida Standishii , one of the most beautiful flowers, of a kind of violet blue, with crimson and carmine shining through it.....	40	The Queen , a free habit and remarkably handsome foliage, and flowers of a delicate lavender color; very beautiful.....	50
Fair Rosamond , the flower is fully six inches across. White with a bluish east, having a light wine red bar up the centre of each sepal.....	50		
Stella , very showy. The flowers are of a light violet or deep mauve, with a distinct bar in the centre of each petal of a reddish plum color.....	40		

NEW CLEMATIS.--(Class 2.)

Clematis Countess of Lovelace , sepals a bluish lilac, within which is a rosette of small sepall-like bodies of deep bluish lilac, forming a full double flower.....	50	Clematis Duchess of Edinburgh , without doubt the best of the double whites yet known, most deliciously scented, very free blooming.....	50
		Enchantress , flowers large double white.....	75

	Each.		Each
Clematis Mrs. George Jackman , the flowers are large, six inches across, flat, light sepalcd, much overlapping so as to form a close and well filled flower, and sometimes producing a second row of petals; the color is a satiny white with a creamy bar.....	50	Clematis Miss Crawshay , very large sepals, pale rose tinted with lilac.....	1 50
Maiden's Blush , flower large, eight sepals; color delicate rose with cream centre.....	75	Lord Derby , a large flower with eight sepals; color pale lavender, very showy.....	50
		Sir Garnet Wolseley , nearly six inches across, of a slaty-blue ground, having in the young state a very effective dash of bronze, and in the matured condition a showy and distinct bar of plum red...	50

GESNERIAS.

These are bulbous-rooted plants which bloom magnificently during the winter months.

* Gesneria Donkelaari , a remarkably fine plant for winter blooming, color rich vermillion.....	1 00	* Gesneria Pyramidalis Ruberrima (new,) deep crimson, beautifully spotted, very fine.....	75
Jasminiflora , flowers of the purest white, freely produced, beautiful.....	30	Refulgens , another superb winter flowering plant; color of flower between vermillion and amaranth, a charming plant.....	50
* Leopoldi , dwarf, compact, erect habit, umbels of a rich vermillion; an exceedingly beautiful plant.....	50	Species from Guatemala (new,) very free grower and profuse bloomer, flowers orange scarlet.....	75
* Purpurea Maculata (new,) purple, spotted with dark red.....	75	Verticillata , flowers spotted, very free and handsome.....	50

MISCELLANEOUS GESNERIACEOUS PLANTS.

Cyrtodeira Chontalensis , leaves light green, purple underneath, flowers lilac with a yellow centre; a charming plant.....	30	Isoloma Hirsutte , a very beautiful South American plant, with flowers of a rich orange vermillion; lobe of orange scarlet—a grand novelty.....	75
Drymonia Turrialvae , a beautiful bold leaf, very thick, with a silvery metallic appearance, and as easily cultivated as a Begonia. Also a good flowering plant.....	30	Rosanowia Ornata , creamy white, covered with rose lines on the tube lobes, interior striped with dark purple; a fine variety.....	50
Lietzia Brasiliensis , a very curious new plant; flowers blue, beautifully spotted; very distinct,	50	Citrina Rosea , pretty flowers, half yellow and half rose.....	50
		Scheeria Mexicana Cœrulescens , fine blue.....	30

ACHIMENES.

Achimenes Admiration , deep rose color, with light throat.		Achimenes Lon. Macrantha , beautiful blue, very large.	
Amb. Verschaffelt , white, netted superbly with light pansy, orifice covered with golden rays.		Lon. Mad. Marthe , blue, orange centre.	
Ami Van Houtti , very fine blue, centre yellow.		Lon. flora pleno , blue, double.	
Argus , rich plum, orange eye, spotted carmine.		Longiflora Alba Maxima , large white.	
Celestial , white, slightly washed with violet blue.		Margaritta , pure white, fine.	
Coccinea Purpurea , purple and scarlet.		Mauve Perfection , purple.	
Dentonia , large blue.		Magnet , orange, spotted crimson.	
Diamond , white, with purple reflex.		M. Mieliez , white, throat striped with lilac.	
Diadem , magenta carmine, yellow eye.		M. James Veitch , (new and fine).	
Docteur Buenzod , carmine violet, throat yellow, spotted with crimson.		Miniata , fine, small red.	
Firefly , carmine, salmon orange centre.		M. de Rougemont , amaranth veined purple.	
Georgiana , scarlet, centre golden yellow.		Parsoni , copper red pointed with yellow.	
Splendens , dark scarlet, golden eye.		Pink Perfection , satiny pink, large and fine.	
Grandiflora pleno , bright violet.		President Mallet .	
Hofgartner Mastrand , vermillion and purple, yellow throat.		Purpurea Elegans , splendid deep magenta.	
Harry Williams , bright cerise, yellow eye.		Rose Queen , bright rose.	
Lady Littleton , magenta, centre orange.		Scarlet Perfection , bright scarlet.	
Loveliness , magenta, centre golden yellow.		Semilosse , dark purple.	

Price 25 cents each; \$2.50 per doz.

TYDÆA.—A Selection of Achimenes.

The group of Tydæa includes the late autumn and winter flowering varieties, producing a long and brilliant succession of bloom, and include the most florid colors found in the other sections, of pure rose, amaranth, rosy, crimson, scarlet, cerise, rose orange, tinted scarlet and white shaded with rose, elegantly spotted or barred in nearly the whole section.

Tydæa Agar , white suffused with carmine and dotted with bright chamoy.		Tydæa Etna , velvety scarlet, regularly striped with black stem and peduncles deep blood red.	
Alba Kermesina , white ground, shaded with a bright rose and beautifully marked with crimson.		Gigantea , majestic growth, flowers vermillion and golden yellow.	
Belzebuth , crimson, covered all over with black spots, like the skin of a leopard.		Junon , tube purple red, limb scarlet, with reddish dots.	
Boule de Feue , very large flowers of the most intense crimson.		Leon Duval , lively carmine shaded with violet, limb lilac, dotted with crimson.	
Chamalières , superb flower, limb and throat golden yellow, covered with a minimum red network; a first-class variety.		Lindenii .	
Compacta Floribunda , of a velvety cherry red with parallel markings of bright amaranth.		Madame Halphen , a fine flower, lower lobes lightly tinted with blue and spotted with carmine; the upper lobes shaded with carmine rose.	
Display , tube bright carmine; the mouth is a rich carmine and the throat white, blotched with orange.		Madame Heine , carmine tube; lower lobes white, marked with spots of black, shading off carmine; upper lobes bordered with amaranth.	
Lady Digby , brilliant crimson, beautifully spotted.		Quadricolor .	

Tydæa Madame Lavallee, tube rose color, lower lobes white, spotted with purple carmine, upper lobes margined with carmine.
Pericles, tubes vermillion, limb golden yellow with a scarlet band, lined with crimson.
Robert le Diable, dark vermillion, covered with large jets, black fantastic figures.
Surabondant, tube carmine, limb white, pointed with purple.
Thalie, large flower, tube vermillion, limb lemon yellow with large vermillion spots and flakes.
Tricolor, limb pure white, dotted with bright amaranth, tube crimson.

Tydæa Elliptica multiflora, dark purple, with white spots.

Wonder, magnificent; flowers, which are of a dazzling orange vermillion, veined with black.
Xenophon, tube cochineal orange, salmon red lobes covered with a red netting, throat marked and spotted with carmine.
Zierken, dark fiery vermillion, striped with black, throat white, striped.

Price 30 cents each; \$3.00 per doz.

EUCODONIAS.

The sections of *Eucodonia* and *Nægelia* are typed in habit by the well-known *Gesneria Zebra*, the flowers being produced on large terminal cone-shaped racemes in drooping funnel-shaped flower tubes of rich violet and bright rose, with pretty dotted centres.

Eucodonia Naegelioides, large spikes, violet, changing to velvety crimson, centre of the throat bright yellow, spotted with crimson.
Nægelioides Diamantina, large flowers of purplish violet, very striking.
Lilacini, a beautiful lilac with white throat, spotted and speckled with citron, lilac and yellow.

Eucodonia Naegelioides, Van Houttei, large spikes, perfect form, vivid carmine spotted with flesh colored stripes.
Ehrenbergi, sky blue flowers, very handsome.
Amphitrite, fine flowers of lilac rose, with three bands of orange yellow.
Diane, lilac blue, throat yellowish.

Price 25 cents each; set of 7 for \$1.50.

NÆGELIAS.

Nægelia Amabilis, fine panicle of snow-white flowers, with large lemon yellow spots on the lower lip.
Alice, flesh colored, shaded carmine on tube on the edge of limb.
Artemise, salmon yellow, throat golden yellow.
Citrina Coronata, lemon yellow, with vermillion spots.
Cliftoni, large corolla, yellow and vermillion spotted with crimson.
Daphne, tube and edge of the limb of a lively rose, centre pure white.
Evelynes, salmon yellow, throat nankeen yellow.
Fulgida Bicolor, upper part of flower vermillion, lower part marbled white, extra fine.
Fulgida Concolor, a magnificent variety of a fine vermillion.
Gabriella, carmine bordered with white, throat pointed carmine on yellow ground, extra.

Nægelia Helene, crimson, throat white pointed with crimson.
Leichtlini, pure yellow flower, shaded at the summit with deep red.
Leonie, numberless lemon yellow flowers, a first-class variety.
Mastouche, carnation, bordered with *Nasturtium* red, inside white spotted with flesh.
Mad. Carriere, coral red, shaded with carmine, interior yellow.
Mad. Van Houtte, bright rose, sprinkled with carmine.
Morgenlicht, finely formed, golden yellow flower.
Nikita, inside white spotted with vermillion, exterior orange.
Reine Marie Henriette, orange, with dottings of the same color upon a cream-colored ground.

Price 30 cents each; \$3 per dozen.

PLECTOPOMAS.

Plectopoma Bicolor, tube flesh-colored, tinted on the exterior with red, interior lemon yellow.
Candidum, snow white with broad lemon yellow blotch.
Coralinum, very large coral red flowers with yellow blotch.
Flamme de punch, large rose, flaked with punch flames and adorned with pure white hieroglyphs.
Great Eastern, large light rose flowers, whitish macule, pointed with carmine.
Gibsonii, fine dark blue flowers.
Gloxinaeflora, large white flowers, throat golden yellow, blotched with scarlet.
Hieroglyphicum roseum, rose color ornated with hieroglyphs flowers.

Plectopoma George Loddiges, rose, ornated with white hieroglyphs, golden yellow throat, covered with vermillion dots.
Labyrinthicum, rich vermillion with fantastic figures resembling geographical demarcations.
Rollisonii, fine pale blue flowers.
Ruban rose, snow white, powdered with rose and bordered with rose.
Sauvissima, size and form unequalled, delicate rose spotted with crimson.
Triumphans, corolla lilac, interior white with fine amaranth spots and pretty lemon yellow bands.
Viola, rose ornamented on the upper part with a large white spot, sprinkled with carmine and flaked with citron.

Price 30 cents each; \$3 per dozen.

GLOXINIAS.--(Class 1.)

The varieties of this genus are all very handsome, producing abundance of magnificent flowers of a most beautiful description. The tubers should be potted in February or March. Place in a little heat to start them into growth; water sparingly till the plants are well established. When in bloom bring them into the conservatory or drawing-room. After the plants have done blooming dry gradually off, by withholding water from their roots; afterwards remove them to a warm, dry place.

The following are superlatively beautiful:
 Those marked thus (e) have erect flowers.

Gloxinia, Agnes M. Saul, (Saul), light crimson scarlet, large flower, very fine.
Artevelde, flowers enormous, velvety violet, edge of the throat blackish purple.
Boule de Neige, (e) pure snowy white, fine form, an abundant bloomer.
Boule de Feu, (e), a fine large flower of the most intense and brilliant red color.
Bradamante, pure white tube, light rose lobes bordered with rich rose and blotched with white.
Byron, white ground; the margin of the limb is amaranth festooned with purple.
B. S. Williams, flowers very squat, very intense fiery vermilion.
Cecile d'Elchingen, bright crimson bordered with rose, a very large and fine flower.
Cardinal de Richelieu, (e), creamy yellow, throat spotted with purple and ornated with a rich violet and crimson.
Cinderella, (e), pure white with pink band, most beautiful.
Duchess of Teck, large drooping flowers of a rich magenta, shaded with maroon; the ground color is lighter at the edges of the lobes.
Ernst Banary, dark lavender, mottled with white, a beautiful flower.
Excelsior, horizontal, with lower side lobes of corolla enlarged; deep glowing crimson; a very robust free flowering variety.
Francis Saul, (Saul), blue, with a deep purple throat, a large finely formed flower.
Henry Husson, white, with a lavender lip, a large showy flower, beautiful.
Henri Fleche, (e), Magenta, brilliantly shaded with red at the mouth; edges of the lobes widely bordered with snowy white.
Harry Veitch, violet, throat lavender.
Lisere D'Argent, (e), intensely bright crimson scarlet, distinctly margined with pure white; light throat beautifully spotted and freckled with carmine.

Price 25 cents each; \$2.50 per dozen.

NEW GLOXINIAS.--(Class 2.)

Gloxinia Baron A. de Rothschild, (e), very large and of fine form, white, completely reticulated and spotted with carmine.
Beauty of Annerly, (e), tube light, corolla dark crimson; very fine.
Diademe, white, centre of lobes reticulated with carmine.
Eclipse, (e), rosy crimson with lighter margin, very bright; throat violet.
Fulgida, (e), vermilion red, a magnificent flower.
Gossee, rich lilac bordered with white, extra.
Gretry, (e), fine pure white, beginning throat carmine, lighter base.
Georgiana, white outer edge of petals, shaded with mauve, throat spotted.
Jos. Souleary, deep crimson, white margin, very beautiful.
L'Eclair, (e), dark crimson marbled carmine, the throat encircled with bright red and dark blue; distinct.
La France, (e), rich bright scarlet, rayed with crimson and shaded with orange.
La France, white, striped with claret red at the orifice of the corolla, lobes dotted with lilac.
Madame Pynart, (e), white shaded with blue; the lobes ornamented with violet crimson, the tube finely reticulated.
Milton, (e), indigo shaded violet; the lobes have a white margin spotted with violet.
Mignon, light violet, throat white, spotted with blackish purple.
Madem. Valentine de Nocker, (e), a first-class variety, large, milky white, beginning of the throat fine dark violet.

Price 50 cents each; \$5.00 per dozen.

Gloxinia, Livingston, rich velvety crimson, shaded with violet and margined with rosy lilac; creamy throat shaded with rose.
Madame Hatti, fine scarlet flower, throat deep red shaded with purple, slightly blotched with white, margin rosy scarlet.
Miss Hannah de Rothschild, large white, tinted with purple; throat purple shaded mauve, lower part creamy white.
Mrs. Haines, (e), splendid erect flower, throat purplish violet, bordered with vermilion scarlet, with deep margin of rose color.
Mon Caprice, (e), soft mauve, the divisions of the lobes to the tubes white; very pretty.
Mlle A. Martin, rich magenta, striped with solferino, lobes bordered with white.
Mlle M. Moreau, (e), rose spotted and shaded with carmine, throat rayed with lilac.
Mrs. Wm. Bull, rosy red flaked and bordered with white.
Ne Plus Ultra, (e), flowers extra large, lobes of corolla deep violet purple, edges lighter, throat well colored, a superb variety.
Notaire Moens, large superb flower, white, covered with large carmine dots, borders of limb pure white.
Prince Arthur, a large deep purple flower, the two upper lobes and margin light purple.
Prince Leopold, throat purplish violet, scarlet margin shaded with pink.
Rosy Morn, (e), flowers of fine form, rosy scarlet, very attractive.
Rosina Saul, white with lavender throat, a chaste and beautiful variety.
Scarlet Gem, crimson scarlet, extra fine.
Schiller, erect flower, fiery cherry sprinkled with violet, very large flower.
Sang Gualois, (e), a rich bright red color with golden refections; dull red throat.
Theresa Saul, white, with crimson lips, fine.
Winifred Lawley, (Saul), throat purple, margined with white, extra.

Gloxinia Mad. Senger, (e), lilac, throat white, spotted carmine.
Mon Caprice, mauve, division of the lobes and tube pure white; extra.
Madem Egar, (e), very fine white flower, beginning of the throat violet carmine, bottom spotted.
Madem. Gabrielle de Nocker, (e), large, tender violet flower, beginning of the throat velvety violet, bottom spotted.
Mad. Alice Guilmot, pure white flower, beginning of the throat lively velvety carmine.
Purity, (e), pure white, the largest white variety yet obtained; very effective.
President I. Giraud, (e), throat and part of lobes pure white, forming a white star in the centre of the flower, lobes cerise red.
Reine Marie-Henriette, (e), a first-class variety; large white flower, zonated with violet blue, beginning of the throat striped with deep carmine.
Roland de Latre, white ground, suffused with violet amaranth.
Rubis, (e), velvety cherry red, tube rosy white.
Stanley, (e), white, entirely streaked with violet, blotched with carmine at the intersection of the lobes, throat straw yellow, spotted with carmine rose.
Vesuvius, (e), scarlet crimson of an intense fiery lustre, the most brilliant color yet obtained; throat lighter and spotted with crimson.
William Bull, double corolla, white ground variegated with crimson, ornated with a flesh colored dotting variegated on its reverse with stripes and flamed.
Wm. Robinson, (e), rosy carmine margined pink, centre of lobes white, spotted pink.

Painted Lady, pale pink mottled with darker shade, a most telling flower.

Thomas Wheeler, most distinct and effective variety, of a decided soft terra-cotta color; thus forming an effective contrast.

Walter Ware, an-ther charming and inviting variety, producing flowers of a pale chocolate color.

White Pet, an exquisitely beautiful flower, of medium size, suffused with a pale pinkish rose on a white ground, not exceeding two inches in diameter.

White Star, a grand variety of the loveliest and most perfect form, pure white, sometimes shaded with delicate rose, little more than half the size of White Queen.

Price 40 cents each; \$4.00 per dozen. Ready in May.

MISCELLANEOUS DAHLIAS.

	Each.		Each.
* Dahlia, Annie Harvey , it would be difficult to over-describe this variety; in formation it is identical with the variety 'Constance, but having smaller flowers, which are produced freely, while the color is a beautiful scarlet crimson, very effective. Ready in May.....	50	Dahlia, Fire King , (Glare of the Garden), a most useful and remarkably floriferous variety, producing myriads of flowers of a dazzling scarlet color, somewhat in the way of a miniature Juarezzi; altogether this is a variety of very considerable merit, both for general border decoration and for cutting, and should be extensively grown. Ready May 1st.....	20
* Constance , (White Cactus Dahlia), flowers are of the purest white, and good shape; are produced very freely, and are much in demand for cutting, floral decorations, &c.....	30	Juarezzi , (Cactus Dahlia), dazzling scarlet, long petals curiously twisted at the points; they are as brilliant as those of a Polinsettia, and resemble somewhat the flowers of a Cactus; a grand bedding Dahlia.....	30
* Cochineal , the color is the richest of crimsons, toned with a brownish shade; for the purpose of supplying cut flowers it is most serviceable, and stands remarkably well in a cut state; as a proof of its special fitness for cutting purposes, I may mention the fact that ladies single out this variety in preference to almost any other for personal and other decorations. It cannot fail to be extensively grown. Ready in May.....	50	Merckii Floribunda , another lovely, useful and distinct form, flowers pure white, similar to Glabrata, produced in almost endless quantity, one of the neatest, most graceful and best for cutting purposes. Ready in May.....	30
* Double Floret , double, of a ruby red color; it is peculiar in the filling up of the florets, which instead of being in the nature of tubes or cups, are occupied with quills, or as we may term them, replica florets; a very interesting plant, Glabrata, a dwarf growing species, about 2½ ft. high, producing from August until cut off by frost, myriads of small lilac blossoms with a yellow centre, a little gem for cutting purposes, and one of the earliest in bloom. Ready in May.....	30	Parrot , this much resembles D. Juarezzi in style of flower, though much smaller; the petals are somewhat twisted and are of an intense orange-scarlet color, the flowers being thrown well above the foliage; for cut bloom it is most valuable.....	30
		Zimæpani , Black Dahlia, (Bidens Atroscarguinea), a very interesting species, admirably adapted for massing, and for the decoration of the border. It is of a neat compact habit, very free flowering, and invaluable for cutting purposes, as the flowers are small; it is of a deep rich crimson, almost black.....	30

LARGE FLOWERED CHRYSANTHEMUMS.

GENERAL COLLECTION.

Chrysanthemum, Antonella, salmon yellow.

 Gledstanesia Formosa, pure white, striped carmine.
 Grossfurstin Helene, fringed, shaded salmon, deep amaranth blotch.
 Her Majesty, scarlet, large, finely formed.
- Azalea Indica, H. Von Aumale, light ground, marked with broad bands, scarlet.
 Imbricata, imagine a pure white double Balsam, more than three inches in diameter, and perfectly imbricated, and one may form some notion of the beauty of this plant. 3 inch pots, 50 cts.
 Jean Von Volxem, streaks of all shades and specially in bands of rosy orange.
 John Gould Veitch, lilac rose, netted and bordered with white, blotched with saffron.
 *Jean Vervaene, (new), rosy salmon, spotted with crimson, edged with white. 50 cents.
 Jean Verschaffelt, deep orange, shaded with buff, edges crisped, rich blotch.
 Louise Von Baden, a beautiful pure white.
 *Louisa Pynaert, (new), white, striped with violet, semi-double, extra fine. 50 cents.
 *La Pucella de Gand, (new), pure white, very large and finely formed, beautiful. 50 cents.
 *Mad. Jean Nuytens Verschaffelt, (new), white relieved with a yellowish spot, a fine large flower of good form and substance. 50 cents.
 Madame Cannart d'Hamale, satiny white, occasionally striped.
 Mars, bright orange red, richly spotted with crimson.
 Meteor, bright rose, very double.
 Magnifica Alba Pleno, a magnificent double white variety.
 Madam Marie Van Houtte, white, striped, flaked and blotched with rosy salmon, like a carnation.
 Mont Blanc, a very fine variety, with double flowers, pure white.
 Marquis of Lorne, beautiful orange, with large lobes and saffron yellow blotch.
 Mad. Ambroise Verschaffelt, variegated, constant in its stripes, flowers white, washed rose and striped crimson.
 Mad. C. Van Eckhaute, flowers 4 inches in diameter, snow white, perfect shape, double.
 Madam Leone Van Houtte, white, flaked with rose, blotch sulphur yellow.
 Nonpareil, orange, bordered with white, and spotted with chocolate.
 Princess Charlotte, deep rose, with dark amaranth blotch.
 Princess Louise, shining tender rose, festooned with pure white, large carmine spot.

Azalea Indica, *Narcissiflora*, double white, very early.

President Van den Hecke, pure white, striped with rose, double.

Queen of Scarlets, brilliant scarlet, marked with rich crimson spots on a violet ground.

Queen of Roses, rose color, with broad rounded flower lobes, upper lobes, relieved by a cloud of small crimson specks.

Queen of Double Stripes, a beautiful double white flower, occasionally coming elegantly tipped and streaked with rose.

Queen of Double Whites, flowers large, double, of the purest white.

Queen of Whites, finely formed, of the purest white.

Roi de Beantes, light salmony rose, suffused with violet, edged with white, double.

Price, 3 inch pots, 25 cents each, \$2.50 per dozen, 4 inch pots, 30 cents each, \$3.00 per dozen; 5 inch pots, 50 cents each, \$4.50 per dozen. Extra sizes extra prices.

Senator Kestler, rosy crimson, very fine shape.

Splendidissima, white ground, striped with carmine.

Souvenir du Prince Albert, large double flowers, lobes broad, half white and half rose, edges pure white.

* **Sigismund Rucker**, (new), lilac rose, strongly netted and bordered with white, bright saffron red blotch. 50 cents.

Stella, bright scarlet, deep violet satin on upper petal.

Virgin Queen, pure white, fine form.

Vittata Crispiflora, white, striped with purple and crimson.

Virginalis, pure white, edge of flower frilled.

Vivid, a fine rich scarlet, beautiful.

AZALEA AMÆNA AND VARIETIES.

The varieties of *A. Amœna* bloom early and are very desirable for greenhouse culture, or forcing. They are nearly or quite hardy in this latitude.

Azalea Amœna, bright rosy purple, flowers small, hose-in-hose fashion, very distinct, quite hardy. 25 to 50 cents.

* **Caldwelli**, a very beautiful variety of flowers, bright Indian red.

* **Mrs. Carmichael**, a hybrid between *Amœna* and *Stella*; color a rich magenta shaded with crimson, the upper segments spotted with black.

* **Obtusa**, a beautiful variety of *Amœna* from Japan, with orange scarlet flowers.

* **Rosaflora**, (Rollisonie), a very beautiful species, with double flowers, well filled in the centre, of a bright rosy salmon color well imbricated, a superb plant from Japan. \$1.00.

Azalea, *Princess Maude*, a very profuse flowering variety, the principal color being magenta, richly shaded with warm rose; a bold striking flower.

* **Princess Beatrice**, light mauve, slightly spotted in the upper petal segment, flowers round and of good shape. Sometimes produces double flowers.

Prime Minister, the flowers of this variety are small, and produced in clusters of from three to five flowers, and sometimes more, and of a pleasing soft pink color, with a deeper shade of the same color towards the base.

* **Wm. Carmichael**, a charming variety, rich carmine shaded with magenta, the upper segments beautifully spotted.

Price 40 cents each (save where priced) in 3 inch pots; 50 cents each in 4 inch pots.

BEGONIAS.

Varieties of dwarf growth, cultivated chiefly for their beautiful foliage.

Begonia, * **Marguerite Bruant**, very distinct foliage. 25 cents.

* **W. E. Gumbleton**, a beautiful hybrid between *Rex* and *Discolor*. 25 cents.

The above are two remarkably beautiful hybrids between *Rex* and *Evansiana*.

Metallica, veins of a dark metallic hue.

Bettine Rothschild.

Grace Fahnestock, neat foliage.

Louis Schwatzer, beautifully marked foliage.

J. L. de Boucher.

Louis Chretien, a very distinct variety.

Marshallii.

Mons. Victor Lemoine, marbled like lace.

Mrs. H. Low.

Negro, very dark foliage.

Philadelphia, fine.

Queen of England.

Fire King, (new), foliage very bright. 50 cents.

Rex.

Robt. Buist.

Smaragdina, green.

The O'Donohue.

Voie Lactee, very fine variety. 25 cts.

Price 20 cents each; \$2.00 per dozen, (save where priced).

BEGONIA.

The following species and varieties are of taller growth, cultivated chiefly for their flowers:

Begonia, *Argyrostigma Picta*, green spotted with white.

Coccinea, (Corallina), a very beautiful species, a free bloomer, color a bright scarlet.

Evansiana, a beautiful species.

Foliosa, drooping species, light pink flowers.

Fuchsoides alba, white flowered.

Begonia, *Gibsonii*, this variety has double flowers.

Glaucochylla Scandens, (climbing Begonia), a beautiful climbing species, admirable for hanging baskets.

Hybrida Multiflora, scarlet.

Incarnata, flowers pink.

Imperialis.

Begonia, Nigricans, dark shining crimson foliage,
flowers pink.
Nitida, flowers pure white,
Odorata, sweet scented.
Palmeta, palmated.

Begonia, Parnelli, foliage light green, beautifully
spotted with white.
Saundersonii, scarlet.
Weltoniensis, pretty waxy pink flowers.
Washingtoniana, a winter bloomer, flowers white.

Price 20 cts. each; \$1.50 per dozen.

SELAGINELLAS.—Lycopodium.

	Each.		Each.
Selaginella, Caulescens	25	Selaginella, Martensii Variegata , tips of all the growth white.....	10 to 20
Cæsia , surface like shot silk.....	20	Paradoxa	20
Cæsia Aboreum , (lævigata.).....	25	Poulterii , neat compact habit.....	20
Cordifolia	20	Plumosa , (viticulosa.).....	25 to 50
Cuspidata , (palescens and circinalis.).....	20	Rubicunda	25
Denticulata , dense habit.....	10 to 20	Stolonifera	10 to 25
Elongata , (cordifolium.).....	20	Triangulare	20
Filicina	20	Wildenovi , (Pubescens), more fern-like than the other species.....	25
Krausia Aurea , the whole plant is of a rich golden color, beautiful.....	25		
Martensii , compact habit.....	10 to 20		

FERNS.

Fern, Adiantum Gracellinum , a most elegant fern, with very light and graceful fronds; the fronds are about a foot long and nine inches across, are thin and fragile.....	30 cts. to 50	Fern, Asplenium Flaccidum	25
*Adiantum Hendersonii , a very distinct and elegant Maiden Hair Fern. The fronds at- tain a length of from 30 to 40 inches, and have a graceful arching habit. The mature fronds are a beautiful dark green, the young fronds a bronzy crimson.....	1 00	Asplenium Serratum	25
*Veitchii , an extremely ornamental Fern, very symmetrical in its growth. The young fronds are very beautiful, being of a fine red color; that of the mature fronds a pale green.	1 00	Viviparum	25
Amabile , a very elegant species, with fronds of a beautiful light green, attaining the height of from 15 to 18 inches.....	25 cts. to 50	Cicutarium	25
Farleyense , the most magnificent variety of this handsome family; the fronds are of a size and form of A. trapeziforme, but pendant, and all the large pinnules are deeply fringed and crisped.....	50 cts. to 1 00	Aspidium Spinulosum	25
Cardioclæna , a free growing and very beau- tiful Adiantum.....	50	Macrophyllum	30
Peruvianum , a magnificent species, rivaling the well-known A. trapeziforme in the size of its pinnules, and surpassing it in the elege- ance of its large compound drooping fronds.....	25 cts. to 50	Bifidum	25
Principes , a very handsome and distinct Adi- antum from New Granada, with long arching fronds; pinnules large and closely set upon the rachis; of a pleasing green.....	25 cts. to 50	Aculeatum	25
Sanctæ Catharinæ , the fronds are from one to two feet in height and decompose. It is a very grand plant and succeeds well in a warm greenhouse.....	25 cts. to 50	Athyrium Gorgeanum pictum	25
Capillus Veneris incisum , a distinct and pretty variety of this lovely Maiden Hair.....	50	Blechnum Brasiliensis	25 cts. to 50
Setulosum , a distinct and handsome Maiden Hair.....	50	Cheilanthes Alabamensis	30
(Maiden's Hair) Concinnum	25	Californica	30
Cuneatum	25	Elegans , A very beautiful Fern.....	30
Capillus-veneris , Maiden's Hair.....	25	Lendigera	30
Colpodes	20	Trichomanes	30
Formosum	25	Cibotium Schiedei	30
Decorum , (Wagnerianum).....	25	Davallia Trichosticha	30
Excisum Multifidum	25	Bullata	25
Macrophyllum	25	Scabra	25
Magnificus	25	Polyantha	30
Palmatum	25 cts. to 50	Tyermanni	30 cts. to 50
Scutum	25	Mooreana , a most beautiful Fern. The fronds are from 2 to 3 feet long, and from 1 to 2 feet wide at the base, triangular and pointed, of a graceful arching habit of growth and most elegantly cut into a multitude of small segments.....	30 cts. to 50
Pubescens	10 cts. to 20	Tyermanni , one of the most beautiful of all the Hare's-foot Ferns. of dwarf compact habit, having rich dark green fronds. The rhizomes are slender, which contrast charm- ingly with the deep green of the fronds.....	50
Tenerum	25	Tenuifolia Stricta , a very distinct and hand- some Fern.....	50
Trapeziforme	25	Pyxidata	30
Asplenium Belangerii	25	Dennstedtia Davallioides Youngi , under pot culture it has caudices as thick as one's finger, and fronds 7 or 8 feet in length. To this stout and vigorous constitution, it adds the elegance and gracefulness of minute subdivision, so that its fronds, though large, are utterly devoid of coarseness; while growing to a large size, it is one of the most finely cut of all the large grow- ing sorts.....	50 cts. to 1 00
Longissimum , a very useful basket Fern: its pendulous fronds are often from 5 to 7 feet long, and are produced in great abundance.....	50	Doodia Caudata	20
Formosum , A very beautiful Fern.....	30	Doryopteris Palmata	25
Obtusilobum	25	Gymnogramma Sulphurea	25
Dimorphum , (Diversifolium).....	25	Aurea	25
		Magnifica	25
		Chrysophylla	25
		Peruviana	25
		Peruviana Argyrophylla	25
		Tartaria	25
		Hemetelia Spe.	20
		Lastrea Aristata Variegata , one of the most charming of greenhouse variegated Ferns. It is of a rich dark green color, the variegation consists of a band of pale yellowish-green, which runs down the centre of the pinnae, and includes the mid-rib.....	50
		Lastrea Villosa	25
		Lygodium Scandens	25
		Neottopteris Australasica , (Birds' nest Fern),	

	Each.		Each.
Fern, Microlepia Hirta Cristata , an exceedingly graceful Fern and of free growth. The fronds are very graceful, and it makes a remarkably beautiful specimen for a pot.....	25 cts. to 50	* Fern, Platycerium Grande , a noble species, when grown on a block of wood makes a remarkably handsome specimen.....	2 50
Microlepia Hispidia	25 cts. to 50	Polypodium , (Hare's Foot Fern).....	25
LOMARIA GIBBA	25 cts. to 50	Aureum , a very distinct fern.....	25
CILIATA	25 cts. to 50	Karradianum , drooping Fern from Sandwich Islands.....	25
Dwarf tree ferns of great beauty which cannot be too highly recommended to all lovers of this beautiful class of plants.		Plumosum	20
Nephrolepis Exaltata	25 cts. to 50	Pteris Argyraea	25
Pectinata	25 cts. to 50	Cretica alba-lineata	20
Nephrolepis Davalliodes , (Furcans), a beautiful crested variety of the Java Fern Davallioides. It is a noble Fern, of robust growth, sending forth, as from a central tuft, numerous arching fronds from three to four feet long, 25 cts. to 50		Geraniifolia	25
Pteris Serrulata Maxima Cristata , an exceedingly pretty Fern; the leaves are large and finely crested.....	50	Serrulata	25
* Platycerium Alcorniae , (Elk's Horn Fern), a very handsome and distinct evergreen Fern, succeeds well on block or basket.....	1 00	Cristata	25
Polystichum Aristata Variegata	50	Scaberula	30
Pellaea Andromedefolia	25 cts. to 50	Tremula	25
		Hastata	25
		Scolopendrium Cristatum	50
		Todea Fraserii	
		pellucida	
		Wilksiana	
		There is no family of Ferns which approaches this in beauty. For warden cases, they are indispensable.	
		Woodwardia Spe	25

My selection, nice sorts, \$1.50 to \$3.00 per dozen.

CACTUSES.

*Encholiron Saundersii .		*Vriesia Glaucophylla .	
*Gusmania picta .		*Variegated Pine Apple , (Ananassa Sativa Variegata).	
*Hechtia Ghiesbreghtii .			
*Tillandsia Muscaea .			
*Splendens , (Zebrina).			

*PALMS.

We are cultivating some of the most desirable and popular of these beautiful plants. The prices of which vary with height.

This class of plants in a young state do not show their distinctive characters.

	Each.		Each.
* <i>Acracomia Sclerocarpa</i> , a grand Brazilian Palm.....	\$1 00	* <i>Chamœdora Latifolia</i> , broad leaved.....	50 cts. to 1 00
* <i>Areca Baureri</i> , (<i>Scaforthia robusta</i>), a very fine Australian Palm.....	50 cts. to 1 00	* <i>Caryota Urens</i>	50 cts. to 1 00
* <i>Madagascariensis</i>	50 cts. to 1 50	* <i>Carludovica palmata</i> , a very ornamental plant with pinnate leaves two or three feet across, suitable for the flower garden during summer. Said to be the species from which the Panama hats are made.....	50 cts. to 2 50
* <i>Lutescens</i> , this beautiful species is particularly adapted for general purposes of decoration. Leaves pinnate, bright shining green; petioles and stem yellow, curiously mottled with black.....	50 cts. to 1 50	* <i>Cocos Weddelliana</i> , perhaps the most elegant of all the smaller Palms, of which so many charming species are now to be found in cultivation. Its slender, erect stem is not of rapid growth, but is freely furnished with its gracefully arching leaves, made up of innumerable long, narrow pinnae or segments of a rich green color.....	50 cts., \$1.50 to 2 50
<i>Rubra</i> , an elegant plant for the decoration of apartments, or any situation where a graceful plant is required; the leaves are pinnate and arching, in a young state bright red, changing with age to dark green.....	50 cts. to 2 50		

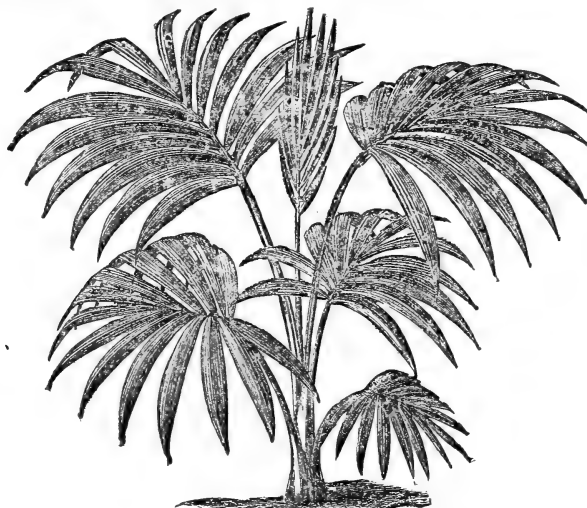

COCOS WEDDELIANA.

<i>Areca Sapida</i>	30 cts. to 50	<i>Cocos Plumosus</i> , another very beautiful species of tall, free growth.....	50 cts. to 2 00
<i>Verschaffeltii</i>	\$1.50 to 2 50	* <i>Cocos Campestris</i>	50
* <i>Astrocaryon Ayri</i> , a Brazilian Palm.....	1 00	* <i>Copernicia Cerifera</i> , an elegant Brazilian Palm of very distinct character amongst the palmatiferid species. The plant is slender, with semiterete leaf stalks, furnished with reflexed spines; the blades have numerous narrow segments; the leaf has a vase-shaped outline and palmate.....	\$1.00 to 2 50
* <i>Brahia glauca</i> , a beautiful glaucous Palm from Lower California.....	50 cts. to 1 00	* <i>Chamærops Excelsa</i> , leaves fan-shaped, a cool greenhouse Palm, very valuable and useful for outdoors during the summer.....	25 cts., \$1.00 to 2 50
* <i>Carypha (Livistonea) Australis</i> , a fan-leaved Palm of great beauty. Being of robust constitution, it withstands without injury a low temperature; it is well suited for the decoration of apartments. The fan-like leaves are dark green, supported upon brown petioles, which are armed at their edges with stout spines.....	30 cts., 50 cts., \$1.00 to 2 50		

	Each.
Chamærops Humilis , leaves fan-shaped, glaucous.....	1 50
* Cycas Revoluta , (Sago Palm), produces a beautiful crown of pinnated dark green leaves.....	\$1.00 to 2 00
* Media , a noble Cycas from Australia.....	\$1.00 to 2 00
* Diplothemium Caudescens , a Brazilian Palm, 1 00	

	Each.
* Kentia Belmoreana , this fine Palm is a valuable addition to our collections; its leaves are pinnate, dark green, and so beautifully crisp as to gain for it the name of the "Curly Palm." It is very elegant and graceful in habit.....	\$1.00, \$1.50 to 2 50
* Kentia Exorrhiza , see <i>Veitchia Johannis</i>	2 50

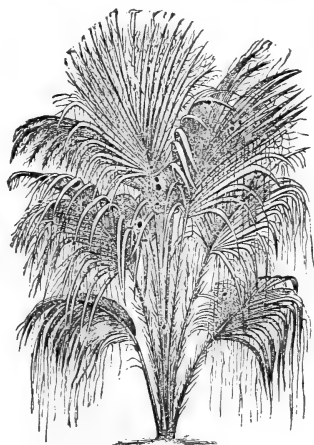

KENTIA.

* Euterpe Edulis	50 cts. to 1 00
* Geonoma Gracilis , an elegant dwarf-growing Palm of very pendant habit, resembling somewhat the beautiful <i>Cocos Weddelliana</i> ; the pinnae, however, are much larger.....	1 00
* Glaziova Insignis , a beautiful and graceful Palm, resembling <i>Cocos Weddelliana</i>	1 00

Kentia Canterburyana , this is a truly handsome species, with pinnate leaves and a very robust habit; it is called in its native country the "Umbrella Palm." It is an exceedingly ornamental plant, and well adapted for decorative purposes.....	\$1.00, \$1.50 to 2 50
* Mooreana , a very rare, new Kentia.....	

CHAMÆROPS EXCELSA.

PRITCHARDIA FILAMENTOSA.

* Jubæa Spectabilis , leaves pinnate, deep green, a fine Palm.....	50 cts. to 2 00
* Kentia Australis , of exceedingly graceful habit, the leaves being pinnate, finely divided and elegantly arranged, and of a beautiful dark green.....	\$1.00, \$1.50 to 2 50

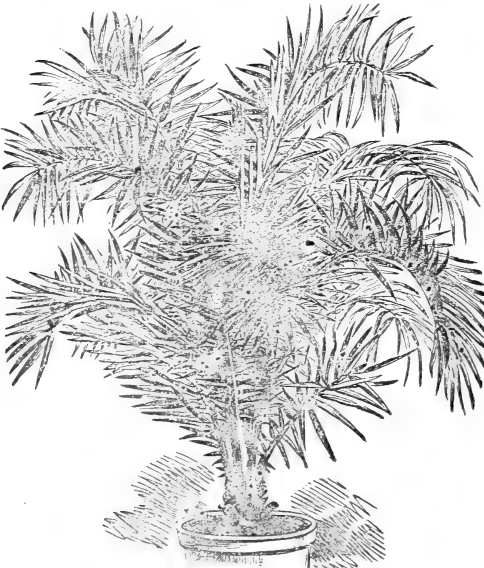

* Kentia Fosteriana , in habit somewhat resembling the preceding species, but more robust in its habit and growth, and thoroughly distinct; the leaves are broader in all their parts and darker in color.....	\$1.00, \$1.50 to 2 50
Pandanus Utilis , screw pines.....	25 cts., 50 cts., to 1 00

- | | |
|---|--------------------------|
| | Each. |
| * <i>Latania Borbonica</i> , leaves large, fan shaped, with pendent marginal segments, bright green tint, one of the handsomest and most useful Palms in cultivation..... | 30 cts., \$1.00 to 2 50 |
| * <i>Oreodaxa Regia</i> | 25 cts., 50 cts. to 1 00 |
| * <i>Oleracea</i> | 25 cts. to 50 |
| <i>Pinanga Kuhlii</i> , a very beautiful Palm of low growth..... | \$1.50 to 2 50 |

LATANIA BORBONICA.

- | | |
|---|----------------|
| * <i>Macrozamia Denisoni</i> (Peroffskyana), long, graceful pinnated leaves, very beautiful Palm..... | \$1.00 to 2 50 |
| * <i>Spiralis</i> , a grand Australian Cycad; the leaves are pinnate, the segments being linear; it is a remarkably fine and elegant plant, the leaves being composed of from 45 to 50 pairs of segments or pinnae..... | \$1.00 to 2 50 |

PHOENIX RECLINATA.

- | | |
|---|----------------------------------|
| * <i>Phoenix Dactylifera</i> (Date Palm), the leaves long pinnate, dark green, a handsome plant..... | 25 cts., \$1.00 to 2 50 |
| * <i>Dumosa</i> , dwarf habit..... | 1 00 |
| * <i>Reclinata</i> , leaves pinnate, exceedingly graceful, a fine greenhouse Palm or for the flower garden during summer. Fine for decoration, being very graceful..... | 25 cts., 50 cts., \$1.00 to 2 00 |

- | | |
|--|-----------------|
| <i>Phoenix Rupicola</i> , this is one of the most exquisitely graceful amongst Palms, and in elegance takes a similar place to that of <i>Cocos Weddelliana</i> . It is of aculeascent habit, with wide spreading arching pinnate leaves, a most valuable acquisition..... | 30 cts. to 1 50 |
| * <i>Sabal Adansoni</i> (Palmetto), a pretty dwarf Palm..... | 50 cts. to 1 00 |

Pritchardia Filamentosa, this new Palm has been introduced from Lower California; it is of graceful habit and quick growth; the leaves are palmatifid with numerous divisions and whitish filaments, a beautiful Palm.....

Pritchardia Pacifica, somewhat like *Latania Borbonica*, leaves more circular.....

**Seaforthia Elegans*, this is a most graceful Palm, eminently adapted for the decoration of the greenhouse and garden. It also makes a fine window plant; leaves are very long and gracefully arched, dark green, the whole plant perfectly smooth; a grand decorative plant. (See last page of cover.).....

MACROZAMIA.

- | | |
|---|--------------------------|
| * <i>Ptychosperma Alexandræ</i> , an extremely handsome greenhouse Palm, destined to become one of the most elegant species for cool-house purposes and the decoration of the flower garden during summer. Leaves pinnate, beautifully arched, bright red in young state, changing with age to light green; native of Australia, 30 c., \$1 to 2 50 | 2 50 |
| * <i>Syagrus Sp.</i> , Brazil..... | 1 00 |
| * <i>Trinax Argentea</i> , a very beautiful dwarf Palm, leaves fan shaped, very handsome..... | 30 cts., 50 cts. to 1 00 |

Titania , beautiful tall spike, extra large flowers of creamy salmon flamed cherry, distinct and pleasing.....	40
Topaze , very large flower, pale yellow, slightly flamed with carmine-violet, yellow sulphur blotch, carmine feather.....	1 50
Urania , very pure white, largely blazed with carminate bright rose, very fine and brilliant variety.....	40
Van Dyck , crimson amaranth, striped with white.....	15
Vesta , pure white, with purple carmine blotch on yellow ground.....	10
Venus , pure white flamed with carmin rose.....	25
Virgil , bright glowing crimson, very handsome.....	40
Vulcan , scarlet purple, shaded violet purple.....	15
Virginalis , long spike, very pure white, bordered and blazed with carmine-tender rose.....	30
Variabilis , white, with or without blotch, flamed lilac.....	60
Zenobia , (Osira), rose, tinted with violet, flamed carmine, white blotch.....	15
Zampa , beautiful tender rose, spotted carmine, dark carmine feather.....	40

Gladiolus, Marie Lemoine, upper divisions of a pale creamy color flushed with salmon-lilac, the lower divisions spotted with purplish violet and bordered deep yellow.....

Lemoinei, upper petals of a creamy white tinted with salmon, the lower spotted with deep purplish crimson, bordered with bright yellow and salmony red.....

***Rochambeau**, very fine salmon, lower petals deep rose, blotched purple.....

Saundersonii, another fine species from the Cape of Good Hope, a brilliant scarlet, white centre, the brightest of all Gladiolus.....

The Bride, (Colvillii Alba), the finest pure white Gladiolus, nearly or quite hardy.....

* LILIUMS.

Among the hardy bulbous-rooted Plants, the Lilies are the most beautiful. Nearly all are perfectly hardy. (Postage charged on Lilies; in many cases where the variety is cheap and bulb large, postage would be nearly as much as its value.)

	Each.		Each.
* Lilium, Auratum , white ground, rayed with golden yellow and spotted with red....25 cts.	50	Lilium, Pomponicum Purpureum , purple.....	40
Bulbiferum Auranticum , orange red, with black dots.....	25	Pyrenaicum , flowers yellow, spotted with black.....	30
Batemaniae , a warm apricot, soft and highly attractive, unspotted.....	1 00	Speciosum (or Lancifolium) Rubrum , Japan Lily, stem two to three feet high, color white, suffused with red, and dotted with bright crimson on inner surface.....	25
Candidum , large white Lily, grows about four feet high; this is the well-known white Lily.....	20	Album , white flowers.....	40
Pleno Monstrosum , a double variety of the last.....	30	Roseum , white, spotted with rose.....	25
Chalcedonicum , (Scarlet Turk's Cap), grows three or four feet high, flowers brilliant scarlet.....	75	Punctatum , white, delicately spotted with rose.....	50
Columbiana , grows 1½ to 2 feet high, flowers small, petals turned strongly backward, orange yellow spotted with purple, an exceedingly neat and interesting dwarf Lily.....	25	Macranthum , a variety of Rubrum , flowers large and highly colored.....	50
Croceum , brilliant orange color.....	25	Melpomne , this fine variety is richer in color than any of the varieties of Speciosum	75
Major , a large variety of the last.....	50	Monstrosum Album , white, monstrous flowered.....	40
Dalmaticum , purple flowered Turk's Cap, very distinct.....	1 50	Roseum , rose spotted, flowered.....	40
Fulgens , (Atrosanguinea or Davuricum) Umbellatum , grows two or three feet high, flowers erect, brilliant red, dotted with black.....	15	Rubrum , crimson spotted, flowered.....	40
Erectum , very erect, brilliant red, spotted black.....	15	Precox , early flowering and distinct variety, flowers pure white.....	50
Immaculatum , orange, with large black spots.....	15	Rubrum Verum , very fine deep color, beautiful.....	1 00
Fulgidum , very brilliant red, spotted black.....	15	Superbum , stem four to six feet high, orange spotted with purple, having a grand panicle of 20 to 40 flowers.....	15
Grandiflorum , a large flowered variety, with black spots.....	20	Szovitsianum , (Colchicum or Monadelphum), stem three to four feet, flowers bright citron yellow with black points, 2½ to 3½ inches long, fragrant and early blooming.....	50
Incomparable , brilliant red, spotted black.....	20	Testaceum , (or Excelsum), stem four to five feet high, flowers light yellow, fragrant, hardy, a fine Lily.....	40
Maculatum , brilliant red, large spotted.....	20	Thompsonianum , a very distinct species, flowers a fine rose color, bulbs small.....	40
Giganteum , Giant Lily of the Himalayas, flowers white.....	2 50	Thunbergianum , (or Elegans), stem about two feet high, flowers orange scarlet with black spots.....	25
Humboldtii , (Bloomerianum), a fine California species—color rich orange yellow, with spots of deep blood red, grows five to six feet high.....	50	Flora Pleno , double.....	25
Japonicum Brownii , very large flowers of the purest white on the inside, purple on the outside.....	1 50	Bilgulatum , yellow, spotted with black.....	25
Eximium , very large flowers of the purest white, a fine variety.....	25	Feukwam , new.....	25
Harrisii , a variety of Eximium , a profuse bloomer. The small bulbs will bloom freely.....	50	Grandiflorum , very dark and rich.....	25
Longiflorum , stem two feet high, flowers pure white.....	20	Kikak , nankin, spotted dark purple.....	25
Floribundum , a very free blooming variety, admirable for forcing.....	50	Tigrinum , (Tiger Lily), stem four feet high, flowers brilliant orange red, spotted with black, very showy.....	20
Takesima , vigorous grower and free bloomer of the purest white, like the last.....	30	Flora Pleno , a double variety of the last, exceedingly beautiful and attractive.....	25
Leichtlinii , canary yellow, with crimson spots.....	1 00	Splendens , a grand variety, grows four to five feet high, very robust in growth, with larger flowers, more brilliant and more heavily spotted than the species; magnificent.....	40
Martagon Flora Alba , (Turk's Cap Lily), a pure white Turk's Cap Lily, very beautiful.....	1 00	Venustum , stem about two feet, flowers bright orange, slightly spotted.....	30
Pardilinum , a fine California Lily, four to five feet high, yellow centre, densely spotted with crimson, reflex of petals deep orange, very fine.....	25	Washingtonianum , (Nevada Lily), stem 3 to 4 feet high, flowers white, tinged with reddish purple and lilac dots, fragrant. A grand native Lily.....	75
Pomponicum (Little Turk's Cap Lily) Rubrum , stem two to three feet high, flowers vermilion red.....	40		
Luteum , flowers yellow.....	40		

MISCELLANEOUS BULBOUS PLANTS.

* Agapanthus Umbellatus (African Lily), large truss of blue flowers, fine bedded out.....	50	* Amaryllis Aspasie (new), white tinged with yellow, blazed red, edged with a darker yellow, perfect flower, very large and beautiful.....	3 00
* Alba , white flowered.....	50	* Aurore (new), pure white, extra large flowers, with large garnet red stripes, slightly tinged with yellow on the borders. Very vigorous, producing generally two spikes of six flowers.....	2 50
* Major , large flowered.....	75	* Aurea (Lycoris Aurea), golden yellow, very rare.....	3 00
* Variegata , variegated leaves.....	75	* Bayard , dark cherry red, with large pure white stripes, very large flowers.....	2 00
* Amaryllis Artemasia (new), pure white, with large vermilion stripes, very large flowers, splendid variety.....	2 50	* Baffin , very dark purple red, remarkable, perfection.....	2 00
* Ackermannii Pulcherrima , glowing crimson, fine form; free blooming, the most beautiful of all the high colored Amaryllis	2 50	* Belladonna Major , large charming white flowers, richly flushed with rosy red, very fragrant.....	50
* Atalante (new), carmine white, darker in the centre, tinted with light rose on the edges. Very fine variety, new shade of color.....	3 00	* Ciceron , amaranth red, with pure white stripes, flowers of perfect shape; a grand flower.....	3 00
* Atrosanguinea , brilliant vermilion, deep rich glowing shade, generally produces two spikes of finely shaped flowers. A grand plant for winter forcing.....	50

Crocata , orange scarlet flowers, fine.....	20		
Tube Rose (double), first quality bulb, 75 cts. to \$1.00 per doz.....	10		

NEW AND SCARCE CANNAS.

Canna, President Faivre , foliage splendid, bronze maroon; large crimson flowers.....	20	Canna, Ehemanni , (see Novelties).....	50
Bannetti Excelsa , foliage large, shaded purple, flowers orange red.....	20	Musefolia Sanguinea , muselike leaves ribbed, of a rich bronze or chocolate and crimson tint.....	20
Creole , very dark foliage, grows about 6 feet high, a fine variety.....	20	Ornement du Grand Rond , very tall, with large bronzy-green foliage, flowers scarlet.....	20
Glorie de Provence , foliage large, fine plant, flowers canary yellow.....	20	Oriflamme , leaves green, with violet veins, salmon orange flowers.....	20
Henri Vilmorin , large dark green leaves, brilliant orange blossoms.....	20	Prince Imperial , large beautiful foliage.....	20
Marchal Vaillant , orange flowers, large leaves of a dark bronze crimson.....	20	Premices de Nieces , medium height, fine green leaves, golden flowers.....	20
		V. Lemoine , fine broad green foliage, flowers orange scarlet.....	20

My selection, 10 to 20 cents each; \$1 to \$2 per dozen.

SUMMER VINES OR CLIMBERS.

Antigonon leptotus , a beautiful plant of climbing habit, with numerous racemes of rose colored flowers, showing a still richer tint in the centre. The profusion of its bloom is such as to give the resemblance of roses at a distance, hence one of the Mexican names is "Rosa de Montana," or Mountain Rose.....	50	Maurandya Barclayana , a very elegant vine, flowers purple.....	15
Cobæa Scandens , a very rapid growing vine, flowers purple.....	20	Alba , a fine white variety.....	15
Clittorea Cœrulea and alba	30	Rosea , flowers of bright rose.....	15
Ipomœa Noctiflyton , (Callancton Grandiflora), (Evening Glory), an exceedingly vigorous grower, which opens during night; flowers very large, pure white.....	20	Madeira Vine , (Boussingaultea Basseloides), a vine of rapid growth with fragrant white flowers.....\$1 per dozen.....	10
Insignis , crimson flowers, fine for planting out during summer.....	30	Manettia Cordata , a climbing plant, which succeeds admirably bedded out during summer. The flowers are orange scarlet and given in the greatest profusion.....	25
Lophospermum Scandens , rapid grower, flowers rosy crimson.....	15	Physianthus Albans , a fine climber, with white flowers.....	20
		Pharbitis hispida Dickensonii , fine azure blue Morning Glory.....	25
		Solanum Jasminoides , flowers rosy purple, free growth.....	20

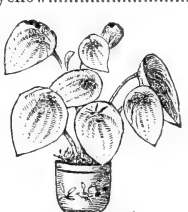

GREENHOUSE VINES OR CLIMBERS.

Bougainvillea Glabra , this is the freest grower and bloomer of the genus; color a rosy pink.....	40	Passiflora Alba , white passion flower, greenhouse climber.....	30
Bignonia Venusta , a beautiful free growing winter climber, flowers orange.....	40	Arc-en-ciel , "very large flowers; raised part pure white, centre citron-colored, outer circle dark, inner circle white shading to blue.".....	30
Chamberlaynii , fine yellow.....	50	Cardinalis , scarlet flowers, greenhouse climber.....	50
Speciosa , a very splendid species, flowers white, shaded lavender.....	50	Princes , flowers rich crimson, a very fine greenhouse climber.....	50
Cissus Lindenii , the foliage of this showy plant is bright green, veined and banded with silvery white.....	25	Trifasciata , leaves dark green, tri-lobed, each lobe having a broad central band of rose, a very distinct Passion flower, flowers white.....	25
Discolor , foliage beautifully shaded with silver, crimson and purple.....	25	Coerulea , cœrulean blue, a beautiful old variety, nearly hardy, requires only slight protection in severe weather.....	25
Porphyrphyllus , large and fine foliage.....	30	Incarnata , this variety is perfectly hardy in this latitude. In very severe winters it is killed to the ground, but on the return of spring, it puts out with great vigor, growing luxuriously, and flowering profusely during the summer months; similar in color to Cœrulea.....	25
Campsidium Filicifolium , a free growing slender woody climber, from the Fiji Islands. The leaves from their size and form, are strongly suggestive of fronds of some small growing pinnate Asplenium.....	25	Imperatrice Engenie	50
Hardenbergia Comptoniana , pretty greenhouse climber with rose and purple flowers.....	40	Tacsonia, Van Volkemii , scarlet Passion flower.....	30
Hexacentris Mysorensis , a beautiful climbing plant, flowers yellow and crimson.....	50	Buchananii , (Vitifolia), another magnificent conservatory climber, with brilliant orange scarlet flowers, most profuse bloomer, and one of the finest passion flowers.....	50
Myrsiphyllum Asparagoides , (Smilax), beautiful climber for wreaths, &c.....	10 to 20		
Mandevilla Suavolens , greenhouse climber, with lovely white fragrant flowers.....	40		

	Each.		Each.
<i>Tacsonia Exoniensis</i> , color a glowing scarlet; a rich and very beautiful Passion flower.....	50	<i>Rhynchospermum Variegated</i> , variegated leaves.....	25
<i>Tecoma Jasminoides</i> , flowers white, with crimson centre, a lovely climber.....	25	<i>Thunbergia Laurifolia</i> , this magnificent climber cannot be too highly praised. To the Florist, and all who require winter blooms, it is indispensable, as it flowers in the greatest profusion during the winter months. Color delicate violet blue.....	40
<i>Stigmaphyllon Ciliatum</i> , a pretty vine with yellow flowers.....	50	<i>Fragrans</i> , another valuable winter blooming plant, flowers pure white, and free flowerer....	30
<i>Rhynchospermum Jasminoides</i> , a lovely winter blooming climber, with white fragrant Jasmine-like flowers.....	25		

MISCELLANEOUS GREENHOUSE AND HOTHOUSE PLANTS.

<i>Araucaria Bidwellii</i>	\$1 to 2 50	<i>Campylobotrys Discolor</i> , pretty variegated foliage.....	25
<i>Abutilon Boule de Niegé</i> , (a colored plate, 1874), pure white flowers.....	15	<i>Crassula Lactea</i> , a very beautiful winter flowering plant of easy culture, flowers freely, color pure white. For cultivating in windows few plants succeed as well as this.....	25
<i>Duc de Malakoff Variegata</i> , large leaves, blotched or mottled with white and gold.....	15	<i>Cordata</i> , another fine species for winter blooming; color pure white, of free growth and profuse flower.....	25
<i>Darwinii</i> , orange scarlet, veined with pink, opening like a parrot.....	15	<i>Falcata</i> , (Rochea).....	50
<i>Tessellata</i> , an exceedingly beautiful variegated variety.....	20	<i>Curcuma Cordata</i> , it grows 1½ to 2 feet high and the snowy part of plant is the peculiar lip-like bracts with which the erect flower spike is thickly furnished.....	50
<i>Roseum Superbum</i> , rose color, veined with a delicate pink.....	15	<i>Curculigo Recurvata</i> , a remarkably graceful Palm-like plant, suitable for decorative purposes.....	25 cts to 50
<i>Marmoratum</i>	15	<i>Dalechampia Roeziana Rosea</i> , this fine plant blooms very freely, and produces its flowers nearly throughout the year, but especially so during winter.....	40
<i>Thompsoni Pleno</i> , new double <i>Abutilon</i>	15	<i>Daphne Odorata Alba</i> , white flowers, very fragrant.....	25 cts. to 50
<i>Variegatum</i>	15	<i>O. Rubra</i> , nearly white, outside of flowers shaded, very fragrant; the variety usually grown.....	25 to 50
<i>Acalypha Tricolor</i> , foliage irregularly blotched and mottled with crimson, a very distinct plant, fine for bedding.....	25	<i>*Mazeli</i> , (new), this beautiful Japanese <i>Daphne</i> differs from all the preceding varieties in the flowers being borne on short lateral branchlets all along the branches, instead of, as usual, in dense clusters at the end of the branches. Flowers during winter; tube rosy crimson, petals white shaded with pink, very fragrant foliage, variegated with yellow. Small plants.....	1 00
<i>Macrophylla</i> , a large leaved variety, blotched and mottled, fine bedding plant.....	25	<i>Eranthemum Andersonii</i> or <i>Elegans</i> , of free vigorous growth, producing long terminal spikes of its pure white and rich lake flowers during winter.....	25
<i>Macafeana</i> , leaves frequently cut into many forms and very highly colored bright red, blotched with deep baony crimson.....	25	<i>Eldorado</i> , foliage golden yellow.....	30
<i>Marginata</i> , leaves beautifully margined.....	25	<i>Pulchellum</i> , flowers deep blue during winter, very handsome.....	25
<i>Acacia Armata</i> , early free flowering, deep yellow, Decurrens, free, vigorous grower.....	50	<i>Laxiflorum</i> , it is a plant of much beauty, corolla spreading, and of a purplish crimson, quite unique, flowers during autumn and winter.....	25
<i>Suaveolens</i>	50	<i>Tuberculatum</i> , flowers during winter, pure white in profusion.....	25
<i>Sorts</i>	50	<i>Erythrina Crista Galli</i> , beautiful summer flowering plant with dark crimson coral-like flowers. The roots, which are fleshy, can be put away in a cellar, like Dahlias, during winter. There is no plant more valuable than this for bedding out in our climate, and very beautiful.....	25
<i>Agave Victoria Regina</i> , this is the most beautiful of all the Agaves. Small plants.....	1 00	<i>Madame Belanger</i> , a very beautiful coral plant, dwarf compact habit, very free flowering.....	50
<i>Americana</i> (American Aloe).....	25 cts. to 50	<i>Compacta</i> , (new), a fine compact growing plant, flowers freely, color rich crimson. A magnificent plant for bedding out.....	50
<i>Variegata lineata</i>	50	<i>Eupatorium Riparium</i> , white, blooming January until March.....	15
<i>Montana</i>	50	<i>Elegans</i> , fine winter bloomer, pure white.....	15
<i>Anthericum Variegatum</i> , the foliage is of a bright grassy green, beautifully striped and margined with creamy white.....	25	<i>Triste</i> , (Hebechinum <i>Macrophyllum</i>), flowers pure white, blooming in January and February. A very useful plant for florists.....	15
<i>Allamanda Cathartica</i>	30	<i>Euphorbia Sanguinea</i> , a good old plant, the foliage is a purplish crimson, distinct from other dark colored foliage plants.....	20
<i>Nerifolia</i>	30	<i>Atropurpurea</i> , foliage blackish purple, fine for bedding from its very dark color.....	20
<i>Nobilis</i> , (see <i>Novelties</i>).....	30	<i>Jacquiniaeflora</i> , in valuable for winter blooming, of the richest scarlet.....	25 cts. to 50
<i>Hendersonii</i> or <i>Wardiana</i> , (see <i>Novelties</i>).....	30	<i>Splendens</i> , blooms during winter, flowers scarlet.....	30
<i>Ardisia</i> , a pretty plant which gives a profusion of scarlet berries during winter.....	25 cts. to 50	<i>*Francisea Eximia</i> , a pretty winter flowering plant with purplish violet flowers.....	75
<i>Alba</i> , white berried.....	25 cts. to 50	<i>*Confertiflora</i>	75
<i>Æschynanthus Lobbianus</i> , a trailing plant, flowers crimson in and black, grand basket plant.....	30	<i>Hoopiana</i> , flowers violet purple, beautiful.....	50
<i>Asclepias Curassavica</i> , a very ornamental plant for summer decoration, blooming from July to November, growing about three feet in height; the stem terminated with heads of yellowish scarlet flowers.....	20	<i>*Lindeniana</i> , (new), a very lovely species, flowers in winter, violet purple.....	1 00
<i>Aspidistris Lurida Variegata</i> , a large foliage plant, leaves finely striped with white and green. A very valuable plant and nearly or quite hardy.....	30 cts. to 50		
<i>Brugmansia</i> (<i>Datura</i>) <i>Knightii</i> , beautiful large double white flowers.....	25		
<i>Browallia Elata Coerulea Major</i> , a plant of quick compact growth, with rich blue flowers, fine for bedding or winter blooming in the greenhouse.....	10		
<i>Cedronella Mexicana</i>	25		
<i>Camellia Sasanqua</i> , single rosy crimson flowers.....	50		
<i>Alba</i> , pure white, semi-double.....	50		
<i>Camellias</i> , of this beautiful class, we grow a fine collection. Price 50 cents to \$1 and upwards, according to size.....	50		
<i>Choisya Ternata</i> , this is a free growing and beautiful plant, a profuse bloomer, pure white sweet scented flowers, like orange blossoms.....	50		
<i>Cyperus</i> , (Nile Tufted Grass), <i>Laxus</i> , an exceedingly graceful and distinct species.....	20		
<i>Alternifolius</i> , a tufted grass with alternate leaves.....	20		
<i>Variegatus</i> , a variety of the last, with handsomely variegated leaves.....	25		
<i>Coccoloba Platyclada</i> , a singular flat stemmed plant, has no leaves like a cactus.....	25		

	Each.		Each.
<i>Fabiana Imbricata</i> , a heath-like plant with pretty white flowers.....	20	<i>Myrtus Communis</i> , small leaved Myrtle.....	20
<i>Fittonia Argyroneura</i> , a trailing plant with light green foliage, beautifully striped with white.....	20	<i>Magnolia Fuscata</i> , a very fragrant species, strong plants.....	
<i>Ficus Repens</i> , an admirable plant for hanging baskets, etc.....	10	<i>Othonna Crassifolia</i> , an exceedingly beautiful plant for hanging baskets.....	10
<i>Mimima</i> , small leaves.....	10	<i>Ophiopogon Spicatum Argentea Marginatum</i> , a half hardy Japanese plant, with broad grassy leaves, margined with white, and producing freely white flowers.....	25
<i>Goldfussia Anisophylla</i> , a fine growing winter flowering plant, color blue.....	20	<i>Aurea Marginatum</i> , similar to the last, but in this variety the variegation is a deep yellow.....	25
<i>Grevillea Robusta</i> , a fine decorative plant, 25 cts. to 50		<i>Olea Fragrans</i> , fragrant Olive.....	25 cts. to 50
<i>Gymnostachyum Pearcei</i> , in every respect one of the most beautiful of foliage plants.....	20	<i>Orchids</i> , a large collection of East Indian, Mexican, South American, &c., a catalogue of which will be mailed on application.....	
<i>Giganteum</i> , in this species we have a plant of equal beauty with others of the genus.....	15	<i>Primrose English</i> , Double Lilac.....	25
<i>Verschaffeltii</i> , stems of a reddish tinge, red leaf stalks, upper surface of the leaf richly painted with reticulations which vary red into brilliant scarlet.....	15	White.....	40
<i>Graptophyllum Pictum</i> , leaves deep green with a large blotch of bright gold in the centre, a beautiful foliage plant, requires a hothouse.....	25	Yellow.....	40
<i>Hoya Carnosa</i> , Waxplant, a very beautiful and well known plant.....	25	<i>Panax Fruticosum</i> , a plant closely allied to Aralia, with beautiful fern-like foliage; a fine decorative plant.....	30
<i>Carnosa Variegata</i> , centre of leaf green margined with silver.....	25	<i>Peperomia Argyrea</i> , Dwarf growing plants, suitable for baskets and wardian cases. The leaves are delicately blended, being bright green along the line of the nerves.....	15
<i>Paxtonii</i> , a distinct and beautiful plant.....	50	<i>Magnoliafolia</i> ,.....	
<i>Impatiens Hookeriana</i> , flowers white, with deep blood colored veins on the lower portion, blooms during winter.....	25	<i>Verschaffeltii</i> ,.....	
<i>Justicia Carneae</i> , a winter bloomer, flowers pink.....	20	<i>Pitranemia Mexicana</i> , a pretty dwarf plant, similar to a Primula, with rose colored flowers.....	25
<i>Jasminum Grandiflorum</i> , (Catalonian), beautiful white Jasmine.....	25	<i>Plumbago Capensis</i> , we have no plant of the same color to approach this for summer bedding. Plants bedded out in May will continue flowering through the summer; color a delicate azure blue. The plants can be kept in a cellar during winter.....	25
<i>Grandiflorum Semi-double</i>	25	<i>Larperata</i> , like the last, this blooms through the summer, color bluish purple, quite hardy.....	15
<i>Hirsutum</i> , a beautiful winter flowering Jasmine, flowers in wreaths and bunches of the purest white, deliciously scented.....	25	<i>Rosea</i> , flowers rose color, fine for bedding or winter blooming.....	30
<i>Revolutum</i> , yellow.....	25	<i>Poinsettia Pulcherrima</i> , fine winter blooming plant.....	25 cts. to 50
		<i>Alba</i> , white flowered.....	25 cts. to 50
		<i>Philodendron Lindenianum</i> , leaves of a delicate satiny green, shaded with metallic olive color on the upper surface, the under part pale green, ornamented with bands of maroon; the young leaves are of a bright chamois color, and the maroon bands of the under parts penetrate through to the upper, so that the coloring of the plants has a glistening and indescribable effect.....	50
PEPEROMIA.		<i>Pittosporum Tobira</i> , very fragrant shrub.....	25
<i>Kadsura Japonica Marginata</i> , a beautiful half hardy climber, foliage green, margined with gold.....	25	<i>Variegata</i> , variegated.....	25
<i>Koempferia</i> , Species, very fine foliage plant.....	30	<i>Primula Sinensis Fimbriata</i> , fine seedling plants raised from the finest strains of single flowers, various shades of color.....	25
<i>Linaria Cymbalaria</i> , (Kenilworth Ivy), a pretty trailing plant.....	10	<i>Rhodesia Japonica</i> , leaves green, edged with yellow.....	40
<i>Lavendula Spica Alba</i> , white Lavender.....	20	<i>Rogiera Amena</i>	30
<i>Leea Coccinea</i> , a large, fine foliage plant.....	40	<i>Gratissima</i> , (new).....	50
<i>Lingularia Kempferi Argentea</i> , a herbaceous plant, nearly or quite hardy, with large, finely variegated leaves.....	30	Winter flowering plants, as fragrant as the Heliotrope.....	
<i>Libonia Penrhosiensis</i> , freely producing its fine showy flowers, which are of a bright, rich crimson color. It blooms in the depth of winter.....	15	<i>*Rhododendron formosum</i> , a fine Indian species, flowers white.....	1 00
<i>Linum Trigynum</i> , yellow flowers, produced abundantly during winter.....	30	<i>Rondeletia Speciosa Major</i> , a very beautiful stove plant, flowers scarlet, very fine.....	50
<i>Laurestinus</i> , (<i>Viburnum Tinus</i>), for winter flowering.....	25	<i>Russellia Juncea</i> , pretty basket plant, scarlet flowers.....	25
<i>Lasiandra Splendens</i> , violet purple flower, fine for winter.....	40	<i>Ruellia formosa</i> , a free winter blooming plant, with scarlet flowers.....	25
<i>Macadamia ternifolia</i> , Queen's Land nut.....	50	<i>Rudgea Macrophylla</i> , a handsome plant, flowers cream color. The under side of the young leaves has a peculiar satiny lustre, flowers in massive clusters of white wax-like flowers, which in an unopened state resemble berries.....	50 cts. to 1 00
<i>Mahernia Odorata</i> , winter bloomer, flowers yellow, fragrant.....	15	<i>Senecio Scandens</i>	10
<i>Mikania Violacea</i> , (Parlor Ivy), a creeping plant with purplish upper surface of leaf.....	10	<i>Sanchezia Nobilis Variegata</i> , leaves of most intense green, the veins being broadly margined with golden yellow.....	25
<i>Perverlenta</i> , another pretty and distinct species.....	20	<i>Stevia Compacta</i>	15
<i>Mackaya Bella</i> , this most beautiful plant is a native of Natal. The flowers have a pale lilac corolla, nearly two inches long, the throat ornamented with most delicately pencilled reticulated purple veins, tubular below, campanulate. The plant is very floriferous.....	30	<i>Variegata</i> , variegated.....	15
<i>Meyenia Erecta</i> , purple flowers, pretty plant.....	25	<i>Nana</i> , a new dwarf variety.....	15
<i>Alba</i> , white.....	25	<i>Syngonium Albo-lineatum</i> , a pretty variegated creeping plant.....	30
		<i>Torenia Asiatica</i> , rich blue and dark violet.....	20
		<i>Belloni</i> , a pretty variety, similar to the last in habit, and like it, suitable for bedding out; bright yellow, with a black eye, very distinct.....	20

Each.	Each.
Torenia Fournierii , the habit is more compact than <i>T. Asiatica</i> , the flowers are richer in color and more freely produced. It succeeds admirably bedded out.....	15
Tradescantia Multicolor , Madam Lequesne, the leaves are pale green, beautifully variegated with white and rosy purple; sometimes the leaf is entirely suffused with either color.....	20
Tradescantia Repens Vittata	10
Striata , a pretty striped variety.....	10
Discolor , two colored.....	25
Zebrina , Zebra plant.....	10
Vanilla Aromatica , the well known Vanilla of commerce.....	50
Veronica, Reines des Blues , (new), very beautiful spikes of blue.....	50

MISCELLANEOUS BEDDING PLANTS.

Abutilons	10	Gynura Aurantiaca , the stem and leaves are clothed throughout their entire length with a thick covering of hairs, soft to the touch, and of a beautiful deep violet color, which gives an appearance of the richest velvet to the plant; brilliant orange flowers.....	20
Acalyphas , in sorts.....	20	Iresine (or Achyranthus) Lindenii , leaves blood red.....	10
Agathæa Coelestis , "blue Marguerite;" flowers daisy shaped, delicate blue, with yellow disc; beds out well and flowers free during winter.....	20	Aurea Reticulata , crimson reticulated with gold.....	10
Allysum Sweet , double flowered.....	10	Acuminata , crimson leaves.....	10
Antirrhinum , (Snap Dragon), very useful for bedding out, having long showy spikes of flowers. They are of the easiest culture, growing and flowering freely in any soil. A very choice collection named. \$1 per dozen.....	10	Brilliantissima , stems and foliage exceedingly brilliant.....	10
Seedlings from finest strain, \$1 per dozen.....	10	Collensii , narrow leaves, veined carmine and yellow, bright coral stems.....	15
Ageratum Blanch , very pure white.....	10	Verschaffeltii , crimson stems and leaves.....	10
Mexicanum , light blue.....	10	Wallisii , reddish purple with intense metallic green.....	10
White Tom Thumb , white.....	10	The above varieties of <i>Iresine</i> 75 cents per dozen each.....	
Blue Tom Thumb , blue.....	10	Lobelia Blue King , lovely blue.....	10
John Douglas , dwarf habit, flowers large, azure.....	10	Paxtonia , blue, with white eye.....	10
Aloysia Citrodora , lemon Verbena.....	15	Many beautiful varieties, each.....	10
Asclepias Curassavica	20	Fine for suspended baskets, vases, &c.....	
Alternanthera	10	Lotus Jacobeus , a pretty plant with pea-shaped flowers, nearly black; good bedded.....	15
Aurea Nana , this new variety is of as dwarf a habit as <i>A. Paronychoides</i> Major; color a beautiful golden yellow without a tinge of red.....	10	Plumbago , a superb bedding plant.....	
Amoenæ , magenta colored.....	10	Nierembergia Frutescens , a beautiful dwarf bedding plant.....	10
Amabilis , magenta colored.....	10	Gracilis , a very neat free flowering plant.....	10
Magnifica , very robust in growth.....	10	Pansy or Heartsease , from large show flowers, \$1.60 per dozen.....	15
Paronychoides , bronzed, tipped with red.....	10	From finest fancy varieties..... \$1.00 per doz.....	15
Tricolor , rose color.....	10	Hybrid Viola , this is the <i>Viola</i> with all the well-defined markings of the <i>Pansy</i> , \$1 pr. doz.....	10
See Novelties.....		Penstemons , the beautiful plants have succeeded admirably with us, bedded out during summer. They are of dwarf, compact habit, with brilliant colored flowers, varying from bluish purple to carmine scarlet, produced in long spikes.....	
Browallia Elata Coerulea Major	15	Antoine Muzey , rosy vermillion, white throat.....	20
Centaurea Gymnocarpa , leaves of a downy white, forming an admirable contrast with <i>Coleus</i> and other foliaged plants. \$1 per dozen.....	15	Henry King , glowing scarlet, white throat.....	20
Argenta Plumosa , this variety has elegant silvery surfaced leaves, long and Fern-like, \$1 per dozen.....	15	Souvenir de Mathieu Pernet , magenta crimson.....	20
Babingtonia , foliage silvery.....	15	Tresor des Massifs , scarlet, white throat.....	20
Candidissima , fine white foliage. \$1 per dozen.....	15	White Beauty , pure ivory white, tinted rose.....	20
Clementei , of robust growth, rosette-like leaf clusters from the base, with white serrated leaves. \$1 per dozen.....	15	A choice collection, \$2.00 per dozen.....	
Cineraria Maritima , silvery foliage.....	10	Ruellia Formosa	
Maritima Candidissima , foliage and branches pure silvery white. \$1 per dozen.....	10	Salvia	
Caladium Esculentum , a magnificent plant where large, broad, tropical foliage is desirable, grows about four feet high.....	15 to 25	Amabilis , violet, shaded porcelain blue and white.....	15
Celosia Huttonii , foliage rich claret crimson.....	10	Gordoniana	15
Cuphea Platycentra , pretty for bedding out.....	10	Leucantha , blue.....	15
Hyssopifolia , dwarf, compact, flowers bright lilac.....	10	Splendens , scarlet sage.....	15
Echeveria Secunda Glauca , of a beautiful glaucous hue.....	15	Alba (White Scarlet Sage) , flowers white.....	15
Metallica , large leaves of a rich metallic hue.....	15	Heeri , flowers during winter.....	15
Mexicanum	15	Patens , the finest blue.....	20
Retusa	20	Vinca Rosea , pretty shrubby plant with rose-colored flowers.....	10
Sanguinea	20	Alba , white flowers.....	10
Pretty dwarf plants similar to the House Leek.....		Oculata , white, with crimson eye.....	10
Euphorbia Sanguinea	20	There are no bedding plants that can equal these in value and beauty.....	
Atropurpurea	20		
Gnaphalium Tomentosum , silvery leaved, fine for bedding.....	10		

HERBACEOUS PERENNIAL PLANTS.

Anemone Japonica Alba (Honorable Jobert), makes a splendid bed for autumn flowering, large white flowers.....	20	Aquilegia Chrysantha Coerulea , a variety of the last, with blue flowers.....	20
Japonica Rubra , the crimson variety. A fine autumnal flowerer.....	20	Californica , a species of recent introduction. Very beautiful.....	20
Vitifolia , a very white flowering species.....	25	Wittmaniana , this is a remarkably fine new species, with large purplish blue flowers.....	20
Anthericum Liliago , pretty white flowers.....	25	Glandulosa , blue, a superb species.....	25
Aquilegia Chrysantha , its large golden yellow, long spurred flowers are produced in great abundance.....	20	Skinerii	20
		Alba Pleno , double white.....	20
		Olympica , large purplish blue. Very showy.....	20

	Each.		Each.
Aquilegia Coerulea , a very fine blue Columbine from the Rocky Mountains.....	20	Iteir Sempervirens , (Evergreen Candytuft).....	20
Caryophylloides , striped.....	20	Cariacea , a strong grower; fine head pure white flowers; fine for florists.....	20
Vulgaris , common.....	20	Tenoreana , another fine variety; flowers white, Iberica, a dwarf species, pretty.....	20
All beautiful hardy perennials.		Pretty dwarf shrubby plants, which are covered with snow white blooms in the early spring months; hardy and of the easiest culture.....	25
Aster Oblongifolius , a very beautiful blue Aster from Texas, one of the latest autumn flowering plants.....	20	Iris Setosa , flowers blue and purple.....	25
Horizontalis	25	Susiana , very large flowers, veined and spotted with black.....	25
Longifolia Formosa , a handsome Aster.....	20	Iberica , grey veined with blackish brown.....	50
Astilba Japonica (Spirea Japonica), a beautiful flower either for forcing or open ground. Large panicles of white flowers.....	25	Pumila , a pretty dwarf Iris.....	15
Japonica Aurea Variegata , three lobed green leaflets, richly traced throughout with gold colored veins.....	25	Gigantea , a magnificent large species.....	75
Bocconia (Macleya) Cordata , large ornamental foliage.....	25	Kempferii , (Species), white, marbled with purple. \$2.00 per dozen.....	20
Campanula (Bell Flower) persicæfolia alba pleno	30	Alexander Von Humboldt , flowers large, snow white, a fine variety.....	25
Coerulea pleno (Bell Flower) persicæfolia alba pleno	30	Alex. Von Seibold , flowers large and showy, brownish black, striped with orange.....	25
Medium Calycanthema alba , white.....	20	Duchesse de Belcourt , flowers large brownish crimson, fine.....	25
Calycanthema Coerulea , blue.....	20	Gloire de Rotterdam , flowers large, double white, fine.....	50
Lilac , blue. Resembles the well-known old Canterbury Bell, but the corolla is much larger, and the calyx in addition is enlarged to nearly four inches in diameter, and changed to the same hue as that of the corolla.....	20	Le Souvenir , extraordinary large petals, very dark purple blue, light striped semi-double.....	25
Callirhoe Involucrata , trailing habit, crimson flowers.....	20	Rutherford Alcock , fine violet crimson with golden eye and blue belt.....	50
Cassia Bifolia , panicles of yellow flowers.....	20	Lathyrus Latifolius , Everlasting Pea; rose colored flowers.....	25
Comelyna Coelestis , pretty azure blue flowers.....	20	Alba , a fine white variety.....	25
Dictamnus Fraxinella Rubra , spikes of red flowers.....	25	A most useful flower for florists.....	
Alba , white.....	25	Lily of the Valley , single white.....	10
Dielytra Spectabilis (Bleeding Heart), long racemes of purplish crimson flowers.....	25	Double white.....	15
Scoulerii , rosy crimson.....	25	Rose , nearly white, slightly tinged.....	15
Delphinium Formosum , spikes of blue flowers.....	20	Lobelia Cardinalis , dark green foliage and vermilion flowers.....	25
Elatum Hybridum , Bee Larkspur.....	20	Fulgens , bronzy-purple foliage and crimson flowers. In a moist wet well drained border this yields to none in the brilliancy of its flowers; it attains to a height of three feet or more, and is very striking.....	25
Cardiopetalum , spikes of azure blue.....	20	Queen Victoria , fiery scarlet flowers, very fine plants.....	25
Hendersonii , fine azure spikes.....	20	Very fine Hybrid varieties, mixed.....	25
Dicnea Muscipula , (Venus's Fly Trap).....	25	Among perennial plants, there are none more beautiful than these fine Lobelias.....	
Dracocephalum Virginianum Album , spikes of pure white flowers.....	25	Lysimachia Chetridoides , a beautiful perennial from Japan, flowers white, quite hardy.....	25
Farfugium Grande , hardy plant with variegated foliage.....	25	Nymularia , pretty trailing plant.....	10
Feverfew , Prince Arthur. Best double white. \$1 per dozen.....	10	Monarda didyma , flowers scarlet.....	20
Funkia , Japan Day Lily.....	50	Fistulosa , purplish crimson.....	20
Fortunii , large flowers, light blue. A fine species.....	50	Myosotis , (Forget-Me-Not).....	15
Grandiflora , flowers large, cerulean blue.....	50	Alpestris Alba	15
Japonica Alba , white Day Lily. Blooms all summer.....	30	Palustris , azure blue.....	15
Gigantea , long spikes of blue flowers.....	50	Azorica , bluish purple.....	15
Liliflora , large lily-like flowers. White.....	50	Pardanthus sinensis , its black seeds, in the form of a fruit of blackberry, remaining all the winter on the plant, has caused this plant to be called the Blackberry Lily.....	20
Sieboldi , flowers cerulean blue.....	30	Penstemon Torreyi	25
Undulata variegata , the variegation is pearly white all through the spring. Very attractive, Subcordata, long spikes. Flowers white.....	25	Barbata Coccinea	25
Grandiflora , a large variety of the last.....	30	Murrayanus , a hardy perennial with long spikes of scarlet flowers.....	25
Galega Coerulea	20	Grandiflora , a hardy perennial, with long spikes of light purple flowers.....	25
Alba	20	Menziesii , blue flowered.....	25
Pretty hardy perennials.....		Centranthefolia , scarlet flowered.....	25
Gentiana Andrewsii , rich blue.....	20	Purpurea , deep purple.....	25
Gypsophila Acutifolia	20	Plumbago Larpentii	20
Helleborus (Christmas Rose), Niger, blooms mid-winter; flowers white.....	25	Polyanthus , Hose-in-Hose.....	20
Hemerocallis Thunbergii , a fine new species from Japan. Bright yellow flowers; showy.....	25	Fine mixed.....	15
Disticha Pleno , a double-flowered variety of this fine old perennial; flowers of an orange yellow. After growing this superb plant several seasons, I can recommend it as one of the beautiful, as well as one of the most valuable hardy herbaceous plants.....	25	Phlox Nelsonii	20
Kwanso Variegata , Fl. Pl., long, deep green leaves, broadly striped with white; in addition to which it produces very large double copper colored flowers.....	25	Amoena	20
Hibiscus Coccineus (Spieriosus), a hardy perennial with large magnificent deeper crimson flowers.....	25	Subulata	20
Hollyhocks , seedlings, fine mixed, \$1.50 per doz.....	20	Alba	20
Iberis Gibraltaria , this beautiful plant flowers pure white in profusion.....	20	Four dwarf trailing Phlox suitable for rock work.....	
		Pyrethrum , double and single.....	25
		Uliginosum , single white.....	20
		Pulmonari Siberica , blue.....	30
		Alba , white.....	30
		Rudbeckia Speciosa , showy yellow flowers.....	20
		Rhexia Virginica , a very beautiful native perennial, flowers crimson.....	25
		Rubus Rosæflorus (Bridal Rose), double white flowers.....	25
		Saponaria Ocimoides , flowers pink; a pretty trailing rock plant.....	15

	Each.		Each.
<i>Saxifraga Sarmentosa</i> , foliage prettily reticulated.....	20	<i>Spirea Japonica Variegata</i>	25
<i>Japonica Tricolor</i> , three colored leaves, &c.....	20	<i>Palmata</i> , this is undoubtedly the finest species in this genus, and one of the best hardy plants of recent introduction. The flowers are deep crimson, and produced in large terminal corymbs, which are from six to twelve inches in diameter.....	25
<i>Hosti</i> , a pretty species.....	30	<i>Elegans</i> , an improvement on <i>Palmata</i> , very fine.....	50
<i>Peltata</i>	30	<i>Ulmara Flora Pleno</i> , double white.....	25
<i>Schmidtii</i> , large flowered.....	30	<i>Venusta</i> (lobata), beautiful crimson flowers.....	25
<i>Sarracenia Flava</i> , yellow hardy pitcher plant, or side-saddle flower.....	30	<i>Tephrosia Virginica</i>	25
<i>Rubra</i> , red pitcher plant.....	30	<i>*Thalictrum Adiantoides</i> , a very elegant hardy perennial, from twelve to eighteen inches in height, of a neat branching habit; in delicacy of structure it rivals the finest species of exotic Adiantums or Maiden Hair Fern, by the exquisite beauty of its leaf fronds.....	50
<i>Purpurea</i> , purple pitcher plant.....	30	<i>Tradescantia Virginica</i> , purple.....	25
<i>Sedum</i> (<i>Macrophyllum Aurea Marginatum</i>), deep green, margined with yellow.....	20	<i>Trycirtus Hirtus</i> , very dark flowers.....	25
<i>Carneum Variegatum</i>	20	<i>Veronica Gentianoides</i>	25
<i>Japonicum Variegatum</i> , green, with a golden blotch.....	20	<i>Longifolia</i>	25
<i>Anacampteros</i>	20	<i>Spicata Corulea</i>	25
<i>Lyodium Aureum</i>	20	All have beautiful spikes of rich blue flowers.....	
<i>Selskanum</i>	20	<i>Vinca Aurea Maculata</i> , blotched <i>Vinca</i>	10
<i>Tectorium latifolium</i>	20	<i>Major Aurea Marginata</i> , foliage margined with golden yellow.....	10
<i>Tephium rubrum</i>	20	<i>Minor alba variegata</i>	10
<i>Spectabile Purpureum</i> , large flat cymose head of flowers, six to seven inches across.....	20	<i>Wahlenbergia Grandiflora</i> (<i>Campanula Grandiflora Cereulea</i>), blue flowered.....	20
<i>Sieboldii</i> , a light green; a pretty plant.....	20	<i>Alba</i> , white.....	20
<i>Salvia</i> (<i>Sage</i>) <i>Rubicunda</i> , a pretty perennial species, crimson flowers.....	20	Very fine hardy perennials.....	
<i>Pitcherii</i> , fine blue.....	20		
<i>Pitcheria Augustifolia</i> , this beautiful new variety is the finest of all blue <i>Salvias</i> ; hardy.....	25		
<i>Sweet William</i> , <i>Anricula</i> eyed, beautiful. \$1.00 per dozen.....	10		
<i>Silene</i> , double scarlet.....	20		
<i>Spirea Filipendula</i> , double white flowers; pretty.....	25		

BAMBOO, GRASSES, &c.

<i>Arundo Donax Variegata</i> , this is the most stately and graceful of all known variegated grasses of the garden. Leaves $1\frac{1}{2}$ to 3 feet in length, marked with broad silver stripes or margins their whole length.....	50	<i>Bambusa Ragamowski</i>	50
<i>Erianthus Ravennae</i> , a tall reed like grass, hardy, Gymnethrix Japonica, Japanese grass.....	25	<i>Violescens</i>	50
<i>Eulalia Japonica Variegata</i> , (see Novelties).....	25	<i>Simonii</i>	30
<i>Zebrina</i> , (see Novelties).....		<i>Striatifolia Aurea</i> , the handsomest of the hardy Bamboos, requires a moist situation during summer.....	30
<i>Bambusa Fortunei Variegata</i> , beautifully variegated Palm-like leaves; it is a very ornamental plant.....	25	<i>Gynerium Argenteum</i> , pampas grass.....	
<i>Aurea</i> , golden.....	30	<i>Panicum Variegatum</i> , beautiful trailing grass for baskets.....	20
<i>Metake</i>	30	<i>Phalaris Arundinacea Variegata</i> , ribbon grass.....	20
		<i>Stenotaphyrum Glabrum Variegatum</i> , a fine silvery variegated grass.....	20
		<i>Thamnocalamus Falconerii</i> , (<i>Bambusa fasciata</i>).....	50

HYDRANGEAS.

<i>Hydrangea, Acuminata</i> , this exceedingly beautiful new variety has large heads of pink flowers, withstands the sun well.....	25	<i>Hydrangea, Involucrata Vera</i> , a beautiful and distinct new species.....	25
<i>Climbing Hydrangea</i>		<i>Otaka</i> , flowers large bright pink, tinged with blue, last a considerable time, a splendid plant.....	25
<i>Glaucia</i> or <i>Nivea</i> , a native species, flowers white, <i>Hortensis</i> , the well-known garden variety, has immense heads of beautiful pink flowers.....	25	<i>Paniculata Grandiflora</i> , a highly ornamental shrub, with enormously large dense flower heads, opening pure white and tinted with rose in their mature bloom, flowers profusely during the summer, and perfectly hardy.....	25
<i>Elegantissima</i> , a very beautiful new variegated <i>Hydrangea</i> , foliage striped, spotted and splashed with yellow, very handsome.....	25	<i>Thunbergii Flora Percis</i> , a distinct species, much smaller foliage, and flat cymes of pretty blue flowers.....	25
<i>Imperatrice Eugenie</i> , large heads of pink flowers, tinted with blue.....	25	<i>Thomas Hogg</i> , this belongs to the <i>Hortensia</i> section of the family, but it is a far more free and abundant bloomer than any other; the flowers are of the purest white, of very firm texture, and continue in flower for a great length of time.....	25
<i>Variegata Speciosa</i> , (new), in this striking variety the margins of the leaves are green, with a broad white band passing through the centre, <i>Stellata Flora Pleno</i> , a magnificent new Japanese variety, flower heads very large, double, of a bright pink.....	25		

EVERGREENS, &c.

We have a large stock of Evergreen Trees and Shrubs at low rates. Small plants can be sent by Mail. Catalogue on application.

<i>Aucuba Japonica</i> , the mottled leaves of this fine evergreen have long formed one of the most familiar objects in cultivation, but the scarlet berries have appeared but of late in consequence of the absence until recently, of male plants. There are quite a number of fine varieties recently introduced, differing in the form or variegation of the leaf.....	50	The following are some of the finest varieties:	
<i>Himalaica</i> , a fine evergreen, broad green leaves.....	50	<i>Aucuba, Japonica Maculata</i>	30 cts. to 50
		<i>Bicolor</i> , (mas.).....	50
		<i>Elegans</i> , (fem.).....	30 cts. to 50
		<i>Fœmina Vera</i> , (fem.).....	30 cts. to 50
		<i>Longiflora</i> , (fem.).....	30 cts. to 50
		<i>Grandis</i> , (fem.).....	30 cts. to 50
		<i>Latimaculata</i> , (fem.).....	30 cts. to 50
		<i>Mascula</i> , (mas.).....	30 cts. to 50

	Each.		Each.
<i>Aucuba, Marginata</i> , (fem.).....	50 cts. to 50	<i>Helianthemum Lutea pleno</i> , double yellow.....	20
<i>Macrophylla</i> , (fem.).....	50 cts. to 50	<i>Irish Junipers</i>	25 cts. to 1 00
<i>Media lutea</i> , (fem.).....	50 cts. to 50	<i>Yews</i> , 3 to 4 feet.....	25
<i>Picta</i> , (fem.).....	30 cts. to 50	<i>Retinosporas</i> , 12 varieties.....	50 cts. to 1 00
<i>Sulphurea</i> , (fem.).....	30 cts. to 50	<i>Yucca, Filamentosa</i>	15 cts. to 25
<i>Euonymus Japonica</i> , in great variety.....		<i>Augustifolia</i>	50
<i>Rhododendrons</i> , with buds according to size, \$1 to 2 00		<i>Superba</i>	50
<i>Helianthemum</i> , this is a pretty class of dwarf trailing shrubs, suitable for rock work, baskets, &c.....		<i>Recurva</i>	25 cts. to 50
<i>Cupreum pleno</i> , double, copper colored.....	20	<i>Flaccida</i>	15 cts. to 25
<i>Alba pleno</i> , double white.....	20	<i>Gloriosa</i>	50 cts. to 1 00
<i>Purpurea pleno</i> , double purple.....	20	<i>Stenophylla</i> , (new).....	50 cts. to 1 00
<i>Aurantea pleno</i> , double orange.....	20	<i>Rupestris tortifolia</i>	50
		<i>Graminafolia</i>	25 cts. to 50

HARDY VINES OR CLIMBING PLANTS.

<i>Akebia Quinata</i> , very distinct and beautiful.....	25	<i>Hedera</i> (Ivy), variegated.....	25
<i>Ampelopsis Variegata</i> , variegated fine hardy climber.....	25	<i>Aurea Maculata</i> , foliage blotched with gold.....	25
<i>Veitchii</i> or <i>Tricuspidata</i> , a miniature foliaged Virginian Creeper which clings to any building with the tenacity of the strongest Ivy, is of exceedingly rapid growth, and from the earliest spring it produces its beautiful purple-tinted leaves, turning red in autumn.....	20	<i>Japonica Argentea</i> , small, margined silver.....	25
<i>Muralis</i> , attaches to walls like Ivy.....	25	<i>Marmorata</i> (<i>Latifolia Maculata</i>), an Irish Ivy, with marbled foliage.....	25
<i>Dissecta</i>	25	<i>Marginata Argentea</i> , margined yellow.....	25
<i>Davidiana</i> , (new).....	25	<i>Elegans</i> , marbled silver foliage.....	25
<i>Royalii</i> , (new).....	25	<i>Cullissii</i> , silver margined.....	25
<i>Sempervirens</i>	50	<i>Elegantissima</i> , margined yellow.....	25

*\$10 COLLECTION.

Embraces the collection of plants as in the \$15 collection, from Monthly Roses to Hydrangeas, inclusive.

*\$5 COLLECTION.

Half the \$10 collection.

*PLANTS FREE BY MAIL.

We have for some years forwarded plants in large numbers by mail to the most distant parts of the Union, as Texas, Utah and Pacific Coast with perfect success. All of which are properly labeled and carefully packed in boxes or oiled paper. The following plants will be sent by mail, prepaid, our selection, at the prices annexed, or any new plant can be forwarded in the same way. No order for less than one dollar will be filled. This rule is necessary, as the mailing of one or two cheap plants will not compensate us, in the hurry of business, for the time and labor of packing, directing, pre-paying postage, etc.

Either of the following collections free by mail, for \$1.00.

- | | |
|-------------------------------------|--|
| 10 Achyranthus, assorted. | 8 Gladiolus. |
| 10 Alternantheras, " | 6 Gloxinias, assorted. |
| 8 Antirrhinums, Snapdragons. | 6 Grape Vines. |

Campanula Medium Calycanthema Alba,
Pure White.

Campanula Medium Calycanthema Cœrulea,
Dark Blue.

Campanula Medium Calycanthema Lilac.

Resembles the well-known old Canterbury Bell, but the corolla is much larger, and the calyx in addition is enlarged to nearly four inches in diameter, and changed to the same hue as that of the corolla.

Price 20 Cents each.

ZONALE GERANIUM.

CEDRUS DEODARA.

One of the most graceful and beautiful of Evergreens—hardy in Washington and South, where it succeeds admirably. Price 50 cents to \$1.00 each.

PATTERN OF ANY SIZE

GIVEN WITH EACH NUMBER.

DEMOREST'S THE BEST

OF ALL THE MAGAZINES.

Containing Stories, Poems and other Literary attractions, combining Artistic, Scientific and Household matters.

Subscribers or Purchasers sending the coupon with a two-cent stamp for postage, will receive by return mail, a complete pattern, of the size and kind they may select, from the Magazine containing the order. This Unparalleled Offer giving to subscribers

TWELVE PATTERNS

(valued at from 20 cents to 30 cents each), during the year, of the kind and size desired, is a consideration

WORTH OVER THREE DOLLARS,

or nearly double the actual cost of the Magazine, which is of itself, with its many brilliant features and solid attractions, the

CHEAPEST MAGAZINE IN AMERICA.

Demorest's Illustrated Monthly, new volume XXI., begins with November, 1884,

ONLY TWO DOLLARS

per year, including twelve full size, cut patterns, of sizes and kinds selected, worth nearly double the subscription price.

Send twenty cents for the current number with Pattern Coupon and you will certainly subscribe Two Dollars for a year and get ten times its value.

W. Jennings Demorest, Publisher, 17 E. 14th St., New York.

Sold by all Newsdealers and Postmasters.

PREMIUMS.

I was Awarded the following Premiums at the

Cincinnati Industrial Exposition.

SEPTEMBER, 1884—*Gladiolus and Dahlias,*

And the following at a former Exposition.

FIRST PREMIUM—"Best Group of Crotons."

FIRST PREMIUM—"Best Single Specimen of Croton."

FIRST PREMIUM—"Best Group of Dracenas."

FIRST PREMIUM—"Best Group of Marantas."

FIRST PREMIUM—"Best Single Specimen of Maranta."

FIRST PREMIUM—"Best Single Specimen of Dieffenbachia."

SECOND PREMIUM—"Second Best Group of Variegated Foliage Plants."

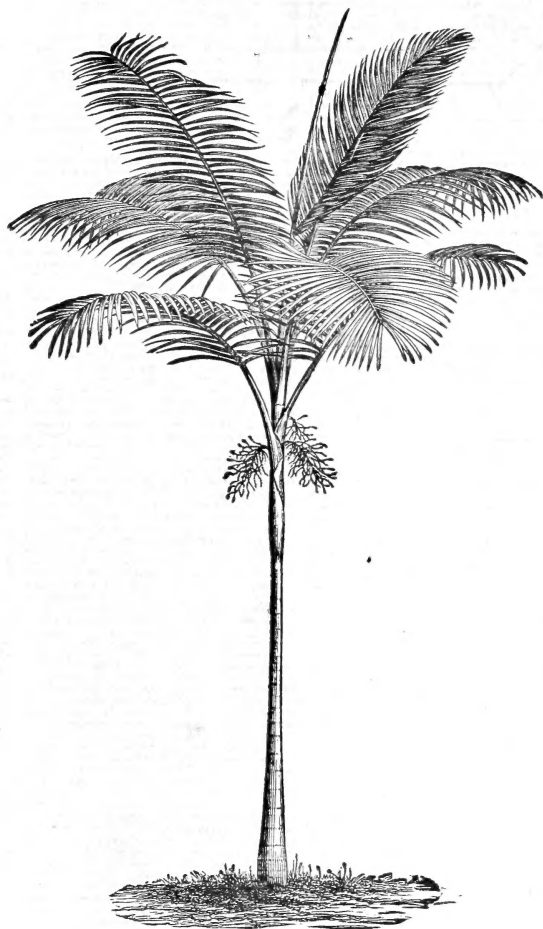

FIRST PREMIUM—"Best single Specimen of Variegated Foliage Plant."

SPECIAL PREMIUM—"For Davallia Mooreana."

I have also been Awarded for several years, leading Premiums by the MARYLAND HORTICULTURAL SOCIETY and DISTRICT OF COLUMBIA HORTICULTURAL SOCIETY for Dracenas, Crotons, Foliage Plants, Stove and Greenhouse Plants, Ferns, &c. In Cut Flowers, for Dahlias, Roses, Phloxes, Herbaceous Plants, &c.

At the NATIONAL FAIR ASSOCIATION, WASHINGTON, D. C., I have also been awarded the leading Premiums.

SEAFORTHIA ELEGANS.

This is a most graceful Palm, eminently adapted for the decoration of the greenhouse and garden. It also makes a fine window plant; leaves are very long and gracefully arched, dark green, the whole plant perfectly smooth, a grand decorative plant.

Price per Plant, 50 cts., \$1.00 to \$3.50.
